

2020 Tundra

Built to work. Born to play.

With a lineage that goes back more than 50 years and iconic nameplates like Land Cruiser and Hilux, Toyota trucks have come to define the word "tough." And there are few things tougher than the 2020 Toyota Tundra full-size pickup. With a powerful 5.7-liter V8 and overbuilt drivetrain, properly equipped Tundras can tow over 10,000 lbs.⁵⁶ Grades like Tundra Platinum and 1794 Edition mean you can haul all that cargo⁵⁶ in style and comfort too. And, of course, each Tundra is assembled with pride in the great state of Texas.* So whether you're looking to haul lumber to the worksite or simply haul through the campsite, there's a 2020 Tundra built just for you. They say that true strength endures, and we're here to prove it. Let's get to work.

2019 Tundra Is the Edmunds
Best Retained Value® Winner for Large Trucks

2019 Toyota Tundra — Best Resale Value:
Top 10 by Kelley Blue Book's KBB.com⁵⁸

1794 Edition CrewMax shown in Smoked Mesquite with available running boards.

See numbered footnotes in Disclosures section. *Assembled in Texas with U.S. and globally sourced parts.

Giving you the freedom to do more.

With the strength of an i-FORCE 5.7L V8 engine, Tundra is built to fulfill your needs. This brawny engine features Dual Independent Variable Valve Timing with intelligence (VVT-i) to optimize engine breathing for maximum power and efficiency. The Acoustic Control Induction System (ACIS) automatically adjusts intake runner length for optimal torque and performance. And to help handle its remarkable 401 lb.-ft. of torque, we equipped it with a 6-speed automatic transmission, two-piece drive shaft and massive 10.5-in. ring gear. So whether you're towing, hauling or just heading home, you can rest assured that Tundra carries a payload of capability.

1794 Edition CrewMax shown in Smoked Mesquite with available running boards and moonroof.

See footnote 6 in Disclosures section for more information on towing.

Rule the road and the worksite.

Tundra CrewMax

- Available on SR5, Limited, Platinum, 1794 Edition and TRD Pro
- Two full-size front doors and two full-size rear doors
- 5.5-ft. bed length
- Standard bench seat with fold-down center console on SR5; standard front bucket seats on Limited, Platinum, 1794 Edition and TRD Pro
- Easy lower and lift tailgate

Ready for work and the weekend.

Tundra Double Cab

- Available on SR, SR5, Limited and TRD Pro
- Two full-size front doors and two forward-hinged rear doors
- 6.5-ft. or 8.1-ft. bed lengths
- Standard bench seat with fold-down center console on SR5; standard front bucket seats on Limited and TRD Pro
- Easy lower and lift tailgate

TRD PRO

TRD PRO

Go over the top. Figuratively and literally. The 2020 Tundra TRD Pro.

Whether it's taking on the harshest deserts, exploring the deepest jungles or simply running your favorite local trail, Tundra TRD Pro has always performed when the roads get rough. And now it's back and ready for more. Engineered by the team at Toyota Racing Development, the 2020 Toyota Tundra TRD Pro is equipped to take you way off-road.⁵⁴ Standard features include lightweight 18-in. forged-aluminum BBS^{®54} wheels, a TRD-tuned FOX^{®7} off-road suspension, a 1/4-inch-thick aluminum skid plate and a heritage-inspired front grille. It's one tough truck that will take you to places you never thought possible.

TRD Pro CrewMax shown in Super White.

See footnote 53 in Disclosures section for more information on off-roading. See numbered footnotes in Disclosures section.

TRD PRO

TRD-TUNED SUSPENSION AND FOX® SHOCKS

This is the real deal. Up front, TRD-tuned springs coil themselves around heavy-duty FOX® shocks. These shocks feature a beefy 46-mm piston and 11 bypass zones to help control the front wheels' extra 1.5 inches of travel. The rear gets two extra inches of travel, plus equally massive FOX® shocks with 12 bypass zones and 2.5-in. piggyback reservoirs.

ALUMINUM SKID PLATE

1/4-in. thick and tough as nails, the TRD aluminum skid plate helps armor the underside of Tundra TRD Pro. It looks good, too, with TRD lettering for extra attitude.

TRD PRO DUAL EXHAUST

Tundra TRD Pro comes standard with a dual cat-back exhaust featuring black chrome exhaust tips. This mandrel-bent exhaust not only amplifies this truck's good looks; it also unleashes the growl of the powerful 5.7-liter V8.

RIGID INDUSTRIES® LED FOG LIGHTS

Designed for an OEM-perfect fit, these Rigid Industries® LED fog lights pack a lot of brightness into a compact package. Rugged construction and a 35-degree wide-angle beam pattern instantly light up when and where you need it.

TRD PRO WHEELS

Standard on every Tundra TRD Pro is a set of forged 18-in. BBS® wheels that do more than just look the part; their forged aluminum construction reduces unsprung mass by 3.35 lbs. per wheel. Not only does this help improve cornering response; it also enhances its overall ride quality.

TRD SPORT

SR5 CrewMax shown in Magnetic Gray Metallic with available TRD Sport Package and TRD Sport Convenience Package.

Tuned to turn heads. The TRD Sport Package.

Toyota Racing Development (TRD) is one of the most revered names in performance. That's why the team at TRD goes above and beyond to ensure that, when a vehicle wears the TRD name, it lives up to the heritage. So you can bet that Tundra with the TRD Sport Package is no ordinary truck. Its commanding presence, 20-in. TRD Sport Package alloy wheels and powerful hood scoop will get you noticed on the streets. You'll notice the sharpened handling that comes from the sport-tuned suspension. It's one bold ride that will help you rule every road.

TRD FRONT AND REAR ANTI-SWAY BARS AND TRD SPORT BILSTEIN® SHOCKS

Exclusive to Tundra TRD Sport is a unique set of sport-tuned anti-sway bars featuring a solid 36-mm anti-sway bar up front, a solid 25-mm rear anti-sway bar and 46-mm monotube-type Bilstein® shocks. Designed to optimize on-road street performance, these parts deliver sharper turn-in response, flatter cornering and more heartbeats per minute.

LED HEADLIGHTS

More light. More efficiency. And a whole lot more attitude. In addition to the available LED fog lights, Tundra's LED headlights incorporate a head-turning Daytime Running Lights (DRL) treatment, giving this truck an aggressive look that won't be ignored.

TRD SHIFT KNOB

Keep a firm grip on things. The available leather-wrapped shift knob features silver-accented trim and the TRD logo.

TRD OFF-ROAD PACKAGE⁵³

This comprehensive upgrade package includes 18-in. split 5-spoke TRD Off-Road Package alloy wheels and all-terrain P275/65R18 tires, trail-tuned Bilstein® shock absorbers, engine skid plate, fuel tank skid plate, bedside TRD Off-Road decals and front tow hooks⁶ (on 4x2 models; standard on 4x4 models).

AUTOMATIC LIMITED-SLIP DIFFERENTIAL (AUTO LSD)⁵⁵

Auto LSD uses the rear brakes to simulate the action of a mechanical limited-slip differential and is much easier to maintain. With Auto LSD, Tundra automatically applies brake pressure to the powered wheel with limited to no traction, without restricting engine power. This helps increase resistance at the slipping wheel, which in turn helps feed power to the wheel with grip. With Auto LSD, even a 4x2 Tundra can pull itself out of many low-traction situations.

4WD ACTIVE TRACTION CONTROL (A-TRAC)

Tundra models equipped with 4WD include an A-TRAC system that optimizes traction across the front and rear axles simultaneously, helping improve grip on low-traction surfaces. This A-TRAC system also allows full use of the 2-speed transfer case, so you always have on-demand access to Tundra's incredible torque.

Take your weekends farther.

We expect a lot more from our weekends. We crave dirt, speed and action. So that's why we created the awesome Tundra TRD Off-Road Package.⁵³ Available on 1794 Edition, Limited and SR5 grades, this package equips Tundra with unique 18-in. wheels wrapped in Michelin® all-terrain tires and TRD Off-Road bedside decals. The suspension gets an overhaul too, with 46-mm Bilstein® monotube-type shocks tuned by Toyota Racing Development, dual-rate front springs and unique dual-rate rear leaf springs. And when equipped on 2WD Tundras, this package also includes front tow hooks.⁶ Exactly what you need when taking on gnarly terrain.

SR5 Double Cab shown in Silver Sky Metallic with available TRD Off-Road Package,⁵³ deck rail system³ and accessory spray-on bedliner. Prototype shown with options.

See footnote 56 in Disclosures section for more information on payload.

SAFETY

Limited CrewMax shown in Cavalry Blue with available Limited Premium Package and running boards.

A smarter way to take command.

Whether you're hitting the river or heading to the job site, Tundra's got the tech to help you keep track of the stuff that matters most. Enjoy the clear view of all your systems in front of you. A customizable 4.2-in. Multi-Information Display (MID) puts Tundra's vitals front and center, while an available 8-in. touch-screen display gives you access to all of Tundra's functions, including your entertainment apps, so all you have to do is enjoy the ride.

1794 Edition CrewMax interior shown in premium Brown leather trim.

Apple CarPlay[®] screen shown. Screen depiction accurate as of summer 2019. See numbered footnotes in Disclosures section.

TECHNOLOGY

1794 EDITION INTERIOR

With more than just muscle, the 1794 Edition CrewMax represents a leap forward in full-size truck luxury. This is everything you want in a premium truck, and maybe more. Every part of the interior has been refined, from the premium perforated leather-trimmed seats with heated and ventilated front seats, to the wood-grain-style accents that add to its classic Western look.

1794 Edition CrewMax interior shown in premium Brown leather trim.

See numbered footnotes in Disclosures section.

ANDROID AUTO™¹⁰

By pairing your compatible Android™ phone with Tundra, you can access your Google Assistant™^{64, 65} get real-time traffic alerts, make and receive phone calls, listen to your favorite soundtrack or find a place to eat — all with just your voice.

PREMIUM AUDIO WITH DYNAMIC NAVIGATION²⁷ AND JBL®³²

The available Premium Audio with Dynamic Navigation and JBL® puts functionality right at your fingertips, thanks to an 8-in. high-resolution touch-screen display. Best of all, you can access all this tech hands-free when it's paired with your Bluetooth®-compatible¹⁴ smartphone.

BLIND SPOT MONITOR (BSM)⁴ WITH REAR CROSS-TRAFFIC ALERT (RCTA)⁴⁹

When the available Blind Spot Monitor detects a vehicle, it illuminates a warning indicator on the appropriate outside mirror to alert you to the presence of another vehicle, helping you to determine when it's safe to change lanes. Rear Cross-Traffic Alert works in much the same way. When you slowly back out of a driveway or parking spot, it provides audible and visual indicators to help warn you of approaching vehicles.

CONNECTED SERVICES

SAFETY CONNECT^{®18}

When the unexpected occurs, Safety Connect[®] can help. Drivers can be connected to our 24/7 response center at the touch of a button. In case of an accident or emergency, an agent can notify local emergency services to request dispatch to the vehicle's location. You also get 24/7 Roadside Assistance^{®9} and Stolen Vehicle Locator^{®10} to give you peace of mind that help is on the way so you can be on yours.

Limited CrewMax shown in Cavalry Blue with available Limited Premium Package and running boards.

See numbered footnotes in Disclosures section.

Technology that keeps up with you.

Out of sight, but never out of mind. Stay in touch with the world while inside Tundra — and even when you're away, you can stay connected with Connected Services.¹⁷ Remotely monitor guest drivers, control interior temps, locate your Tundra in a crowded parking lot, and more. Discover a convenience and sense of security with a connection designed to help make driving safe.

AVAILABLE REMOTE CONNECT^{25, 61}

Toyota's available Remote Connect feature allows you to access select vehicle capabilities from your smart device. Locking and unlocking doors, starting and stopping the engine, and finding and monitoring vehicle status are all possible through the Toyota app.²⁵ One-year trial included.²⁶

AVAILABLE SERVICE CONNECT²³

Stay up to date on your Tundra's information. Vehicle health reports provide data such as mileage, fuel level and service history. Enable maintenance alerts and receive maintenance reminders that can also be sent to your preferred dealer for extra convenience. Ten-year trial included.²⁴ Apple iPhone^{®63} shown.

WI-FI CONNECT²⁰

When you enable Wi-Fi Connect services, you can turn your Tundra into a hotspot with 4G connectivity. This feature allows up to five devices to be connected to your favorite apps for work or play while conserving battery power and data for your devices. Three-month trial included.²¹

AVAILABLE DESTINATION ASSIST³⁰

Take the stress out of being in unfamiliar territory. Destination Assist connects you with a live agent to help you locate places to go and things to do. One-year trial included.³¹

INTERIOR

Platinum CrewMax interior shown in premium Black leather trim.

The comfortable side of rugged.

There's nothing wrong with embracing one's softer side — especially when that softer side is found inside Tundra. The optimal blend of functionality and comfort, this spacious cabin gives you and your crew plenty of room to stretch out. Premium materials are used throughout, giving this rugged interior a solid, upscale feel. An intuitive control layout puts what you need right where you need it, and available dual zone climate control helps ensure that everyone stays comfortable, no matter the ride.

REAR POWER WINDOW

Let the outside in. Tundra's class-exclusive⁶⁶ available power vertical window lets you roll the entire rear glass all the way down with the simple press of a button.

AVAILABLE POWER TILT/SLIDE MOONROOF

Enjoy what the sky has to offer. Pull the sunshade back to add some extra light, tilt it up to get the air flowing, or open it up completely to let the wind flow through your hair.

CENTER CONSOLE

Opt for available front bucket seats, and you'll get a large center console with a covered storage compartment. A 12V auxiliary power outlet⁶⁸ is also there whenever you need to plug in.

SPLIT FOLD-UP REAR SEATS

To create even more usable cabin space, the rear seats in the Double Cab and CrewMax fold up, instead of flat. This not only creates more room; it also makes it easier to load cargo.⁶⁷

Strength to bring it with you.

To say Tundra can tow is an understatement. With features like staggered, outboard-mounted shocks, a heavy-duty TripleTech™ frame with an integrated towing hitch receiver, plus a trailer hitch that utilizes 12 high-strength bolts built into the frame — Tundra has the brawn to help you tow up to 10,200 lbs.⁶ And for every other adventure, Tundra's i-FORCE 5.7L V8 handles home improvement projects to last-minute getaways with ease, thanks to a payload capacity of up to 1730 lbs.^{5,6}

1794 Edition CrewMax shown in Smoked Mesquite with available running boards.

See footnote 6 in Disclosures section for more information on towing.

38

GALLON

38-GALLON FUEL TANK

The workday doesn't stop for gas, and neither do you. With Tundra's available 38-gallon fuel tank, the largest in its segment;⁵⁶ you can rest assured that you've got the fuel you need for life's longer hauls.

AVAILABLE DECK RAIL SYSTEM³

Pile it on: Tundra can take it. The available deck rail system incorporates four adjustable tie-down cleats, each rated at 220 lbs., to help keep your cargo secure.⁵⁶

INTEGRATED TRAILER BRAKE CONTROLLER (ITBC)³⁷

Big trucks tow big toys, which is why Tundra's available Integrated Trailer Brake Controller (ITBC) and standard Trailer-Sway Control (TSC)⁵⁰ are so important. These features not only let you adjust the amount of trailer braking based on the weight of the trailer, but they also detect trailer sway and apply brake pressure at individual wheels to help keep everything stabilized. (Compatible trailer required.)

POWERFUL BRAKES

A big part of controlling a trailer is having the ability to stop it. Massive 13.9-in. front brake rotors and beefy 4-piston front brake calipers help Tundra keep speeds in check — even when hauling those heavy loads.

Heavy-duty safety to help carry you through the long haul.

Toyota's Star Safety System™ is a suite of six safety features offered standard on every new Toyota Tundra. The system includes Vehicle Stability Control (VSC),⁴⁴ Traction Control (TRAC), Anti-lock Brake System (ABS) with Electronic Brake-force Distribution (EBD), Brake Assist (BA)⁴⁵ and Smart Stop Technology® (SST).⁴⁶ Termed "active" safety features, they're designed to operate in certain situations to help prevent accidents from occurring in the first place.

LATCH

To help keep children safe and secure, Tundra has LATCH, which stands for "Lower Anchors and Tethers for CHildren." With lower anchors on the outboard rear seats and a tether anchor on the rear center seat, LATCH allows you to securely mount a child seat quickly and easily.

BACKUP CAMERA⁹

Tundra's standard backup camera helps make hitching up that boat a bit easier. When you shift into Reverse, the available 8-in. touch-screen displays an image of what the camera sees behind you.

EIGHT AIRBAGS⁴⁷

Tundra comes equipped with driver and front outboard passenger airbags, side curtain airbags and front seat-mounted side airbags.

STAR SAFETY SYSTEM™

Tundra comes standard with the Star Safety System™, a suite of six advanced safety features that includes Vehicle Stability Control (VSC),⁴⁴ Traction Control (TRAC), Anti-lock Brake System (ABS), Electronic Brake-force Distribution (EBD), Brake Assist (BA)⁴⁵ and Smart Stop Technology® (SST).⁴⁶

Designed for safety.

Toyota Safety Sense™ P (TSS-P)⁴⁰ is a bundle of active safety features that comes standard on every new Toyota Tundra. These innovative features were designed to help protect you and your passengers from harm.

DYNAMIC RADAR CRUISE CONTROL (DRCC)³⁴

Intended for highway use and similar to “constant speed” cruise control, Dynamic Radar Cruise Control (DRCC) lets you drive at a preset speed. DRCC uses vehicle-to-vehicle distance control, which adjusts your speed, to help you maintain a preset distance from vehicles ahead of you that are driving at a slower speed. If a driver is traveling slower than you, or within your preset range, DRCC will automatically slow your vehicle down without deactivating cruise control. If DRCC determines you need to slow down more, an audio and visual alert notifies you and brakes are applied.

LANE DEPARTURE ALERT (LDA)³⁵

Under certain circumstances, Lane Departure Alert (LDA) is designed to help detect lane departure on roads with visible lane markings. LDA only activates when you're traveling at a speed of 32 mph or faster. When you hear and see the alert, after carefully checking the road around you, safely direct your vehicle back to the center of your lane.

AUTOMATIC HIGH BEAMS (AHB)⁴³

The Automatic High Beams (AHB) feature is a safety system designed to help you see more clearly at night — without distracting other drivers. Designed to activate at speeds above 25 mph, AHB relies on an in-vehicle camera to help detect the headlights of oncoming vehicles and taillights of preceding vehicles, then automatically toggles between high and low beams accordingly to provide the appropriate amount of light. By using high beams more frequently, the system may allow for earlier detection of pedestrians and obstacles.

PRE-COLLISION SYSTEM WITH PEDESTRIAN DETECTION (PCS w/PD)⁴¹

Pre-Collision System with Pedestrian Detection (PCS w/PD) is designed to help keep the road safe by detecting a vehicle or a pedestrian in certain situations. By combining millimeter-wave radar with a camera capable of shape recognition, the system provides an audio/visual alert, warning you of a possible collision under certain circumstances. If you don't react, the system is designed for automatic braking support to help mitigate the potential for a collision.

SR

Available in Double Cab

Drivetrain/Powertrain

- 5.7-Liter Aluminum i-FORCE V8 DOHC 32-Valve with Dual Independent Variable Valve Timing with intelligence (VVT-i)
 - 381 hp @ 5600 rpm; 401 lb.-ft. @ 3600 rpm
 - Tow Package⁶
- 6-speed Electronically Controlled automatic Transmission with intelligence (ECT-i)
- Rear-Wheel Drive (RWD) or 4WDemand part-time 4WD

ACCESSORIES

You own it. But there are a few things you might want to do before it's really yours. Maybe it needs different wheels, tube steps or tie-downs, or a bed extender⁵⁶ for doing the stuff that really matters to you. Whatever it is, ask your sales associate to see the 2020 Tundra Accessories brochure, a soup-to-nuts catalog of Genuine Toyota Accessories designed to give your Tundra the finishing touches that make it unmistakably yours. For a complete list of accessories, go to toyota.com/tundra.

Alloy wheel locks — black or chrome
All-weather floor liners³³
Ball mount⁶
Bed extender⁵⁶
Bed lighting kit
Bed mat
BedStep®
Black lug nuts
Blackout emblem overlays

CARS BUILT FOR THE WAY YOU LIVE

At Toyota, we build cars for how you live. From building advanced safety features designed to help prevent crashes to driving cross-country to understand how we can make your driving experience better, our work starts with understanding your needs. Building cars for how you live also means thinking about tomorrow — from fuel efficiency and environmental innovations, to things beyond cars, like a bicycle that you can control with your mind. And because what we learn building cars can help improve lives in other places, we do things like help communities rebuild their homes quickly after a disaster and work with soup kitchens to help them serve more people faster. Toyota. Built for how you live. Together we are going places.

DISCLOSURES

1. Toyota strives to build vehicles to match customer interest and thus they typically are built with popular options and option packages. Not all options/packages are available separately and some may not be available in all regions of the country. See toyota.com for information about options/packages commonly available in your area. If you would prefer a vehicle without any or with different options, contact your dealer to check for current availability or the possibility of placing a special order. Color(s) depicted may vary based on multiple factors, including ambient lighting and the format in which it is being viewed (e.g., computer, mobile device or print). **2.** Rigid Industries® is a registered trademark of JST Performance, LLC d/b/a Rigid Industries. **3.** Standard on Limited, Platinum, 1794 Edition and TRD Pro grades; available on SR and SR5 grades. **4.** Do not rely exclusively on the Blind Spot Monitor. Always look over your shoulder and use your turn signal. There are limitations to the function, detection and range of the monitor. See *Owner's Manual* for additional limitations and details. **5.** Do not rely exclusively on the blind-spot mirror. Always look over your shoulder and use your turn signal. There are limitations to the function of the mirror. See *Owner's Manual* for additional limitations and details. **6.** Before towing, confirm your vehicle and trailer are compatible, hooked up and loaded properly and that you have any necessary additional equipment. Do not exceed any Weight Ratings and follow all instructions in your *Owner's Manual*. The maximum you can tow depends on base curb weight plus the total weight of any cargo, occupants, and added vehicle equipment. "Added vehicle equipment" includes additional standard/optional equipment and accessories added by the manufacturer, dealers, and/or vehicle owners. The only way to be certain of your vehicle's exact curb weight is to weigh your vehicle without passengers or cargo. **7.** FOX® is a registered trademark of FOX Factory, Inc. (©FOX Factory, Inc.) **8.** Bilstein® is a registered trademark of ThyssenKrupp Bilstein GmbH FVE REP GERMANY. **9.** The backup camera does not provide a comprehensive view of the rear area of the vehicle and you should also look around the vehicle, using mirrors to confirm rearward clearance. Environmental conditions may limit effectiveness and view may become obscured. See *Owner's Manual* for additional limitations and details. **10.** Vehicle user interface is a product of Google and its terms and privacy statement apply. To use Android Auto on your car display, you'll need an Android Auto compatible vehicle or aftermarket stereo, an Android phone running Android 5.0 or higher, and the Android Auto app. Google, Android and Android Auto are trademarks of Google LLC. **11.** Apps and services are subject to change at any time without notice. Data charges may apply. Apple CarPlay® functionality requires a compatible iPhone® connected with an approved data cable into the USB media port. Apple CarPlay® is a registered trademark of Apple Inc. **12.** May not be compatible with all mobile phones, MP3/WMA players and like models. **13.** Advanced voice recognition capabilities vary by head unit. **14.** The Bluetooth® word mark and logos are registered trademarks owned by Bluetooth SIG, Inc., and any use of such marks by Toyota is under license. A compatible Bluetooth®-enabled phone must first be paired. Phone performance depends on software, coverage and carrier. **15.** SiriusXM® audio services require a subscription sold separately by Sirius XM Radio Inc. If you decide to continue service after your trial, the subscription plan you choose will automatically renew thereafter and you will be charged according to your chosen payment method at then-current rates. Fees and taxes apply. To cancel, you must call SiriusXM at 1-866-635-2349. See SiriusXM Customer Agreement for complete terms at www.siriusxm.com. All fees and programming subject to change. Not all vehicles or devices are capable of receiving all services offered by SiriusXM. Current information and features may not be available in all locations, or on all receivers. ©2019 Sirius XM Radio Inc. SiriusXM and all related marks and logos are trademarks of Sirius XM Radio Inc. **16.** SiriusXM All Access trial length and service availability may vary by model, model year or trim. **17.** Connected Services depends on an operative telematics device, a cellular connection, navigation map data, GPS signal strength and other factors outside of Toyota's control, all of which can limit system functionality or availability, including access to response center and emergency support. Service may vary by vehicle and region. Apps and services subject to change at any time without notice. See toyota.com/connected-services for details. To learn about Toyota's data collection, use, sharing and retention, please visit <https://www.toyota.com/privacyvts/>. Stolen vehicle police report required to use Stolen Vehicle Locator. **18.** Toyota Safety Connect® depends on an operative telematics device, a cellular connection, navigation map data and GPS signal strength and other factors outside of Toyota's control, all of which can limit system functionality or availability, including access to response center and emergency support. Stolen vehicle police report required to use Stolen Vehicle Locator. Registration required. Service subject to change at any time without notice. Terms and conditions of subscription service agreement apply. Service may vary by vehicle and region. See usage precautions and service limitations in *Owner's Manual* and at toyota.com/connected-services/ for additional details. To learn about Toyota's data collection, use, sharing and retention, please visit <https://www.toyota.com/privacyvts/>. **19.** The Safety Connect® trial period is at no extra cost and begins on the original date of purchase or lease of a new vehicle. After the trial period expires, enrollment in paid subscription is required to access the service. **20.** Eligible vehicle and wireless service required. Coverage and service not available everywhere. Valid in the contiguous U.S. and Alaska. Do not drive distracted. Go to att.com/toyota for terms and conditions. **21.** The Wi-Fi Connect trial period is at no extra cost and begins on the date of activation. After the trial period expires, enrollment in a paid subscription is required to access the service. Terms and conditions apply. **22.** HD Radio™ Technology manufactured under license from iBiquity Digital Corporation U.S. and Foreign Patents. HD Radio™ and the HD, HD Radio, and "Arc" logos are proprietary trademarks of iBiquity Digital Corp. **23.** Information provided is based on the last time data was collected from the vehicle and may not be up to date. Service Connect depends on an operative telematics device, a cellular connection, navigation map data, GPS signal strength and other factors outside of Toyota's control, which can limit functionality or availability. Service may vary by vehicle and region. Registration required. Service subject to change at any time without notice. Terms and conditions of subscription service agreement apply. See usage precautions and service limitations in *Owner's Manual* and at toyota.com/connected-services for additional details. To learn about Toyota's data collection, use, sharing and retention, please visit <https://www.toyota.com/privacyvts/>. **24.** The Service Connect trial period is at no extra cost and begins on the original date of purchase or lease of a new vehicle. After the respective trial period expires, enrollment in paid subscription is required to access the service. **25.** Use only if aware of circumstances surrounding vehicle and it is legal and safe to do so (e.g., do not remotely start engine if vehicle is in an enclosed space or vehicle is occupied by a child). Remote Connect depends on an operative telematics device, a cellular connection, GPS signal strength and other factors outside of Toyota's control, which can limit system functionality and availability. Service may vary by vehicle and region. Registration and app download required. Terms and conditions of subscription service agreement apply. Data charges may apply. Remote start/stop not available on manual-transmission-equipped vehicles. Services subject to change at any time without notice. See usage precautions and service limitations in *Owner's Manual* and at <https://www.toyota.com/connected-services> for additional details. To learn about Toyota's data collection, use, sharing and retention, please visit <https://www.toyota.com/privacyvts/>. **26.** The Remote Connect trial period is at no extra cost and begins on the original date of purchase or lease of a new vehicle. After the trial period expires, enrollment in a paid subscription is required to access the service. Terms and conditions apply. **27.** Dynamic Navigation depends on an operative telematics device, a cellular connection, navigation map data and GPS signal strength, and other factors outside of Toyota's control, which can limit system functionality or availability. Services not available in every city or roadway. Use common sense when relying on information provided. Service may vary by vehicle and region. Registration is required. Terms and conditions of subscription services agreement apply. See *Owner's Manual* and <https://toyota.com/connected-services> for additional limitations and details. To learn about Toyota's data collection, use, sharing and retention, please visit <https://www.toyota.com/privacyvts/>. **28.** The Dynamic Navigation three-year trial period begins on the original date of purchase or lease of a new vehicle. After the trial period expires, enrollment in paid subscription is required to access the service. **29.** Dynamic voice recognition capabilities vary by head unit. **30.** Destination Assist depends on an operative telematics device, a cellular connection, navigation map data and GPS signal strength and other factors outside of Toyota's control, which can limit system ability functionality or availability. Use common sense when relying on this information. Service may vary by vehicle and region. Registration required. Services subject to change at any time without notice. Terms and conditions of subscription services agreement apply. See *Owner's Manual* and toyota.com/connected-services for additional limitations and details. To learn about Toyota's data collection, use, sharing and retention, please visit <https://www.toyota.com/privacyvts/>. **31.** The Destination Assist Connect trial period is at no extra cost and begins on the original date of purchase or lease of a new vehicle. After the trial period expires, enrollment in a paid subscription is required to access the service. **32.** JBL® is a registered trademark of Harman International Industries, Inc. **33.** This floor mat/floor liner was designed specifically for use in your model and model year vehicle and SHOULD NOT be used in any other vehicle. To avoid potential interference with pedal operation, each mat/liner must be secured with its fasteners. Do not install a floor mat/floor liner on top of an existing floor mat/floor liner. **34.** Dynamic Radar Cruise Control is designed to assist the driver and is not a substitute for safe and attentive driving practices. System effectiveness is dependent on many factors including road, weather and traffic conditions. DRCC not available on manual transmissions. See *Owner's Manual* for additional limitations and details. **35.** Lane Departure Alert is designed to read visible lane markers under certain conditions, and provide visual and audible alerts when lane departure is detected. It is not a collision-avoidance system or a substitute for safe and attentive driving. Effectiveness is dependent on many factors including road, weather and vehicle conditions. See *Owner's Manual* for additional limitations and details. **36.** The Tire Pressure Monitor System alerts the driver when tire pressure is critically low. For optimal tire wear and performance, tire pressure should be checked regularly with a gauge; do not rely solely on the monitor system. See *Owner's Manual* for additional limitations and details. **37.** The Integrated Trailer Brake Controller is an electronic system that operates in tandem with a properly equipped trailer with an electric braking system. It is designed to help the driver maintain trailer control by increasing or reducing trailer braking based on trailer weight. It is not a substitute for safe towing practices. Factors including speed, road conditions and driver input can all affect trailer braking control. See *Owner's Manual* for additional limitations and details. **38.** The Smart Key System may interfere with

DISCLOSURES (continued)

some pacemakers or cardiac defibrillators. If you have one of these medical devices, please talk to your doctor to see if you should deactivate this system. **39.** HomeLink® and the HomeLink® house icon are registered trademarks of Gentex Corporation. **40.** Toyota Safety Sense™ effectiveness is dependent on many factors including road, weather and vehicle conditions. Drivers are responsible for their own safe driving. Always pay attention to your surroundings and drive safely. See *Owner's Manual* for additional limitations and details. **41.** The Pre-Collision System (PCS) with Pedestrian Detection (PD) is designed to determine if impact is imminent and help reduce impact speed and damage in certain frontal collisions involving a vehicle or a pedestrian. PCS w/PD is not a substitute for safe and attentive driving. System effectiveness depends on many factors, such as speed, size and position of pedestrian, and weather, light and road conditions. See *Owner's Manual* for additional limitations and details. **42.** Sway Warning is designed to provide a visual and audible alert if it detects a pattern of vehicle movement that might indicate driver inattention or drowsiness. It is not a collision-avoidance system or a substitute for safe and attentive driving. Effectiveness is dependent on many factors including road, weather and vehicle conditions. See *Owner's Manual* for additional limitations and details. **43.** Automatic High Beams operate at speeds above 25 mph. Factors such as a dirty windshield, weather, lighting and terrain limit effectiveness, requiring the driver to manually operate the high beams. See *Owner's Manual* for additional limitations and details. **44.** Vehicle Stability Control is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe and attentive driving practices. Factors including speed, road conditions, weather and driver steering input can all affect whether VSC will be effective in preventing a loss of control. See *Owner's Manual* for additional limitations and details. **45.** Brake Assist is designed to help the driver take advantage of ABS and is not a substitute for safe driving practices. Braking effectiveness also depends on proper vehicle maintenance, tire and road conditions. See *Owner's Manual* for additional limitations and details. **46.** Smart Stop Technology® operates only in the event of certain contemporaneous brake and accelerator pedal applications. When engaged, the system will reduce power to help the brakes bring the vehicle to a stop. Factors including speed, road conditions and driver input can all impact stopping distance. Smart Stop Technology® is not a substitute for safe and attentive driving and does not guarantee instant stopping. See *Owner's Manual* for additional limitations and details. **47.** Airbag systems are Supplemental Restraint Systems and are designed to inflate only under certain conditions and in certain types of severe collisions. To decrease the risk of injury from an inflating airbag, always wear seatbelts and sit upright in the middle of the seat as far back as possible. Do not put objects in front of an airbag or around the seatback. Do not use a rearward-facing child seat in any front passenger seat. See *Owner's Manual* for additional limitations and details. **48.** Front and rear parking assist sonar is designed to warn drivers of potential front and rear collisions at speeds of 6 mph or less. Certain vehicle and environmental factors, including an object's shape and composition, may affect the ability of the front and rear parking assist sonar to detect it. Always look around outside the vehicle and use mirrors to confirm clearance. See *Owner's Manual* for additional limitations and details. **49.** Do not rely exclusively on the Rear Cross-Traffic Alert system. Always look over your shoulder and use your mirrors to confirm rear clearance. There are limitations to the function, detection and range of the system. See *Owner's Manual* for additional limitations and details. **50.** Trailer-Sway Control (TSC) is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe driving practices. Factors including speed, road conditions, weather and driver steering input can all affect whether TSC will be effective in preventing a loss of control. See *Owner's Manual* for additional limitations and details. **51.** The engine immobilizer is a state-of-the-art anti-theft system that is initiated when you insert your key into the ignition switch or bring a Smart Key fob into the vehicle. The engine will only start if the code in the transponder chip inside the key/fob matches the code in the vehicle's immobilizer. The transponder chip is embedded in the key/fob and can be costly to replace. If you lose a key or fob, your Toyota dealer can help or go to www.aloa.org to find a qualified locksmith in your area who can perform high-security key service. **52.** ToyotaCare covers normal factory scheduled maintenance at no additional cost for two years or 25,000 miles, whichever comes first. Certain models require a different maintenance schedule as described in their Maintenance Guide. 24-hour Roadside Assistance is also included for two years, unlimited mileage. Roadside Assistance does not include parts and fluids, except emergency fuel delivery. See Toyota dealer for details and exclusions. Valid only in the continental U.S. and Alaska. **53.** The Toyota Tundra is designed to meet most off-road driving requirements, but off-roading is inherently dangerous and may result in vehicle damage. Toyota encourages responsible operation to help protect you, your vehicle and the environment. Seatbelts should be worn at all times. Do not allow passengers to ride in cargo area. **54.** BBS® is a registered trademark of BBS of America, Inc. **55.** Auto LSD is an electronic, brake-actuated limited-slip differential that automatically activates when VSC is disengaged at low speeds. See *Owner's Manual* for additional limitations and details. **56.** Payload Capacity is the calculation of GVWR minus curb weight and should be used for comparison purposes only. The maximum amount of passenger and cargo weight your vehicle can carry is the Load Carrying Capacity indicated on the label(s) on the driver's doorjamb. **57.** 2020 preliminary mpg estimates determined by Toyota. EPA estimates not available at time of posting. Actual mileage will vary. **58.** Vehicle's projected resale value is specific to the 2019 model year. For more information, visit Kelley Blue Book's KBB.com. Kelley Blue Book is a registered trademark of Kelley Blue Book Co., Inc. **59.** Requires adequate cellular coverage and GPS signal strength. May not work in all areas. Service may vary by vehicle and region. See Toyota Dealer for details and exclusions. **60.** Building and/or parking structures may limit system effectiveness. Stolen vehicle police report required to use Stolen Vehicle Locator. For additional assistance, contact the Toyota Customer Experience Center at 1-800-331-4331. **61.** Not all smartwatches are compatible with Remote Connect: Samsung Gear, Fitbit, Garmin are not compatible. **62.** The universal tablet holder is intended for passengers only. Drivers should always be sure to obey traffic regulations and maintain awareness of the road and traffic conditions at all times. Use of aftermarket accessories may pose an increased risk of injury to occupants in the event of an accident. Tablet sold separately. **63.** iPhone® is a registered trademark of Apple Inc. All rights reserved. **64.** Google is a trademark of Google LLC. **65.** Always drive safely and obey traffic laws. Functionality depends on many factors outside of Toyota's control. Actions and services subject to change at any time without notice. To learn more, go to <https://www.toyota.com/connected-services>. **66.** Based on manufacturers' data as of July 2019. **67.** Cargo and load capacity limited by weight and distribution. Always properly secure cargo and cargo area. **68.** Rated for 12 volts. See *Owner's Manual* for additional limitations and details. **69.** Amazon, Alexa and all related logos are trademarks of Amazon.com, Inc. or its affiliates. Requires adequate signal strength and smartphone. See applicable application for details. Not all Amazon Alexa functionality is available for in-vehicle use and some functions depend on smart home technology. Download of the Toyota+Alexa app is required to begin in-vehicle use of Alexa. Data charges may apply. Apps, prices and services subject to change at any time without notice. To learn more, go to <https://www.toyota.com/audio-multimedia>. To learn more about Toyota's data collection, use, sharing and retention, please visit <https://www.toyota.com/privacytvs/>. **70.** Ultrasuede® is a registered trademark of Toray Industries, Inc. **71.** Camera accessory not included with purchase. **72.** Requires deck rail system. **73.** Genuine Toyota Paint Protection Film by 3M™ is designed for specific sections of the vehicle most prone to chipping and may vary depending on vehicle model. Select applications may require an additional charge. Toyota Genuine Accessory Warranty only applies when installation is performed by a trained Toyota-approved installer. See Toyota dealer for details.

Toyota strives to build vehicles to match customer interest and thus they typically are built with popular options and option packages. Not all options/packages are available separately and some may not be available in all regions of the country. See toyota.com for information about options/packages commonly available in your area. If you would prefer a vehicle without any or with different options, contact your dealer to check for current availability or the possibility of placing a special order. Color(s) depicted may vary based on multiple factors, including ambient lighting and the format in which it is being viewed (e.g., computer, mobile device or print).

Toyota Tundra is designed to meet most off-road driving requirements. Abusive use may result in bodily harm or damage. Toyota encourages responsible operation to protect you, your vehicle and the environment. Seatbelts should be worn at

all times. Please do not allow passengers to ride in the cargo area. Towing hitch receiver/ball mount kits are not intended to provide crash protection. For details on vehicle specifications, standard features and available equipment in your area, contact your Toyota dealer. A vehicle with particular equipment may not be available at the dealership. Ask your Toyota dealer to help locate a specifically equipped vehicle.

All information presented herein is based on data available at the time of posting, is subject to change without notice and pertains specifically to mainland U.S.A. vehicles only. Vehicles shown may be prototypes and/or shown with options. Actual models may vary.

WARRANTIES

Every Toyota Car, Truck and SUV is built to exceptional standards. And that's not idle boasting. We back it up with these Limited Warranty Coverages:

Basic: 36 months/36,000 miles (all components other than normal wear and maintenance items).

Powertrain: 60 months/60,000 miles (engine, transmission/transaxle, drive system, seatbelts and airbags).

Rust-Through: 60 months/unlimited miles (corrosion perforation of sheet metal).

Emissions: Coverages vary under Federal and California regulations. Refer to applicable *Warranty and Maintenance Guide* for details.

Accessories: For Genuine Toyota Accessories purchased at the time of the new vehicle purchase, the Toyota Accessory Warranty coverage is in effect for 36 months/36,000 miles from the vehicle's in-service date, which is the same coverage as the Toyota New Vehicle Limited Warranty.

For Genuine Toyota Accessories purchased after the new vehicle purchase the coverage is 12 months, regardless of mileage, from the date the accessory was installed on the vehicle, or the remainder of any applicable new vehicle warranty, whichever provides greater coverage.

You may be eligible for transportation assistance if it's necessary that your vehicle be kept overnight for repairs covered under warranty. Please see your authorized Toyota dealership for further details.

For complete details about Toyota's warranties, please visit www.toyota.com, refer to the applicable *Warranty and Maintenance Guide* or see your Toyota dealer.

For Toyota Mobility program details, go to www.toyota.com/mobility or call the Toyota Customer Assistance Center at 1-800-331-4331
