CHOOSE YOUR OWN PATH.

As a Jeep® Wrangler owner, your natural instinct is to steer clear of the painted lines. And that's just the environment Authentic Jeep Accessories thrive in. With accessories like a Warn® Winch that can help you out of a jam — as well as Off-Road Lights and Skid Plate to help keep you from getting in one — taking the path of least resistance is the last thing you'll want to do.

1. OFF-ROAD BUMPERS.

The Front Bumper features integrated Fog Lights to improve your visibility in inclement weather as well as a stylish Grille Guard. For added convenience, a Swing Away Tire Carrier that fits up to 37-inch tires is also available.

Designed to slide over obstacles, the Black Skid Plate is constructed of heavy-duty steel to help protect the steering gear.

4. 17x8.5-INCH BEADLOCK ROCK MONSTER WHEEL.

5. WINDSHIELD-MOUNTED OFF-ROAD LIGHTS.⁽²⁾

Shed more light on any terrain. These heavy-duty off-road lights come in a set of two and include lens covers and bracket. No drilling required.

6. HITCH RECEIVER.⁽³⁾

7. CORNER GUARDS.

You want your Wrangler to look extra tough, right? Besides adding a measure of rough and ready style, these rear corner guards help protect your Wrangler from dings, scratches and bumps. Made to fit like custom-sized gloves. These heavy-duty guards are stamped from 1/8-inch steel and painted Black.

⁽¹⁾Heavy-duty battery, springs and shock absorbers recommended for winch installation. Off-Road Bumpers required.

⁽²⁾Check state and local regulations for installation and use.

⁽³⁾Check Owner's Manual for hitch type, load capacity and heavy-duty equipment required. Do not exceed rated tow capacity of the vehicle as equipped.
