

# Toyota On The Park wins two Pinnacle awards

Toyota on the Park is Toronto's fastest growing Toyota dealership. Based on Toyota Canada's ranking, this dealership has one of the highest scores in customer satisfaction out of all Toyota dealers in Toronto. Toyota on the Park owners would tell you the dealership's service is unparalleled. .

Buying a vehicle at Toyota on the Park comes second to none. The sales team is extremely knowledgeable about Toyota products and the products of Toyota's major competitors. With over 30 years of retail automotive experience, the management team understands the expectations of buying a car today, and has created services to reflect the needs and wants of customers.

Toyota on the Park is currently the only Toyota dealership in the area offering customers WalkAway Protection for their vehicle financing. Toyota on the Park partnered with WalkAway to offer this protection, free of charge for one year, as both companies share a passion for the people driving their cars. If life doesn't unfold as planned, Toyota on the Park and WalkAway will help customers seek relief from the financial obligation of vehicle financing. This dealership truly wants to make car buying and ownership easier than it's ever been before.

The dealership is eagerly anticipating the arrival of the all new 2012 Prius V this fall. The Prius V is a larger version

of the best selling hybrid and boasts an increase in cargo space, rear seat headroom and legroom. The Prius V is a completely new vehicle for Toyota and is the most practical of all previous generation Prius'. Toyota on the Park has a dedicated "Hybrid Sales Specialists" who are always available to introduce customers to Toyota and the future of electric powered vehicles.

Toyota has introduced the Star Safety System, a full range of safety features that as of 2011 comes standard on all Toyota vehicles. This integration of active safety features is designed to protect occupants by helping drivers avoid accidents. The Star Safety Program includes:

- Vehicle Stability Control
- Traction Control
- Anti-Lock Braking Systems
- Electronic Brake-Force Distribution
- Brake assist
- Smart Stop Technology

Toyota is the first, and currently only, full line vehicle manufacturer to make all these systems standard equipment on all vehicles.
