WHEEL MASTERS LEVEL MASTER

Giant all-in-one RV level provides visual side-to-side and front-to-rear leveling assistance for trailers, 5th wheels and motorhomes. Level Master can be viewed from the driver's seat to help locate the best level location for parking your RV. Each mark on the side-to-side scale indicates one inch of blocking. The front-to-rear scale is adjustable and can be easily viewed while operating your tongue jack. This level comes with easy-to-install instructions with a 1 year limited warranty. Size: 11" L x 2-3/4" H.

Level Master :

- 38491** Metal version #6700 24
- 31464** Plastic version #67200 12

LEVEL MASTER KIT

Everything you need to level your fifth wheel trailer in one complete package.

- 30064** Metal version (Level & Bracket) #6780 1

WHEEL MASTERS

30064

31464

38491

LEVEL MASTER BRACKET

39970

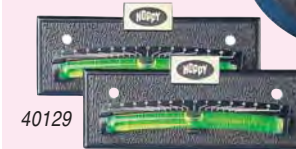

Adds flexibility to the installation of the Level Master on pin box surfaces that are 25 to 90 degrees. For most fifth wheel pin box applications use optional Level Master Bracket for optimum visibility and performance. It allows you to adjust your Level Master to the best angle for your ease of use. One year limited warranty to repair or replace only. • Easy to install with simple tools. • Powder coat finish.

- 39970** Level Master Bracket #6700BK 12

HOPKINS LEVELS

CROSS-CHECK LEVEL

For front-to-back or side-to-side leveling. Includes built-in magnet for hands-free leveling. Optional screw holes for permanent mounting on trailer hitch.

- 47180** Cross-Check Level #09615 6

HITCH LEVEL

Shows trailer condition from side-to-side and front-to-rear. Shows location and inches of adjustment needed to level side-to-side. Cap protects against weather and road hazards. Permanently mounts to trailer tongue. Screws included.

- 40130** Hitch Level, CD/1 #09715 4

GRADUATED LEVEL

Graduated stick-on level takes the guesswork out of RV leveling. Markings indicate how many inches are required to raise or lower a trailer or vehicle. Self-sticking adhesive back. Screw holes for optional permanent mounting. CD/2. Size: 1-1/2" H x 3-3/4" L.

- 40129** Graduated Level #08525 12

SMALL STICK-ON LEVEL

Small level has self-sticking adhesive back. CD/2. Size: 1" H x 1-1/2" L.

- 40125** Small Levels #03925 12

REAR VIEW LEVEL - METAL

Durable metal design. Level from the driver's seat. Can be seen from the rear view mirror. Ball indicates side-to-side level at a glance. Second bonus stick-on level indicates front-to-back level.

- 47182** Rear View Level #04115 6

HOPKINS SCREW-ON LEVEL

Checks level at a glance. Ensures refrigerator safety and efficiency. Keeps stove and table level. Attaches permanently. Gleaming white high-impact plastic. Weatherproof. CD/2.

- 40131** Screw-On Level #09025 12

RV DESIGNER STICK-ON LEVEL

Install with self-adhesive strip or screws, both included. Black plastic. Size: 3-3/4" x 1-3/8".

- 46831** Stick-On Level, Pk/2 #E401 1

HOPKINS LEVEL PLUS 5th WHEEL LEVEL

Provides side-to-side and front-to-back level. Indicates how many inches to raise the low side to level. Plus, hitch height memory when reconnecting tow vehicle. "No more jumping in and out of the truck."

- 40963** 5th Wheel Level #05515 4

HOPKINS EAGLE LEVELS

A long time favorite with RV owners. The Eagle stick-on level has a 5" wingspan. CD/2.

- 40126** Eagle Level #02925 12

HOPKINS LEVELS

HOPKINS 3-WAY SURFACE LEVEL

Gives readings 3 ways: horizontally, vertically and from the top like a bullseye. Easy to read.

40127 3-Way Level, CD/1 #09515 12

HOPKINS SUPER LEVEL

The quick easy way to level any trailer in tow. Makes "one-person" leveling easy. Easy to install, permanent.

• Size: 3-3/4" high x 10" long.

40128 Super Level, CD/1 #04025 4

HOPKINS REFLECTIVE LEVEL

Easily seen from a distance. • Many uses. • Stick-on or screw-on. • Patent pending. • Red indicates not level.

47181 Reflective Level #09915 12

BULLSEYE LEVEL

- Level RV appliances, pool tables, etc.
- Optional screw holes for permanent mounting.
- Molded of clear plastic with black base; it is virtually indestructible. • 1-3/4" diameter.

47183 Bullseye Level #09815 12

Great for:

Make sure your RV is level wirelessly!

CIPA WIRELESS REMOTE RV LEVELER

- Check level from inside cab, or from 30+ feet away.
- Place leveler base in vehicle and carry the indicator to each leveling point.
- Eliminates the need for a second person.
- Handheld remote is compact and wireless.

30879 Electronic Level #03000 2

CIPA UNIVERSAL TRUCK & CAMPER MIRROR

Fits most pick-ups, vans and mini-motor homes. Eliminates blind spots and can be turned in for normal driving. Swing away design. Mirror extends vision 16". Size (Head): 10.5" H x 7.5" W.

33166 Low-Mount Mirror #45000 2

DELUXE DOOR MOUNT MIRROR

Fits most cars, trucks and vans. Installs in seconds, included non scratch mounting pads. Extends 17" from vehicle. Glass size: 5.5" x 8.5".

38164 Door Mount Mirror #11650 2

LOW-MOUNT MIRROR

Universal mounting fits most vehicles both right or left sides. Swing away arm design. Head and universal mounting arms feature a chrome finish. Size (Head): 7.5" W x 10.5" H. Extends 12".

33783 Chrome Mirror #45500 2

33786 Chrome Replacement Head Only #94500 4

CIPA FENDER MOUNT MIRROR

Durable 5" x 7" stainless steel mirror head has adjustable wide viewing area. Bright chrome-plated tubing resists rust, looks great. Vinyl-coated fender clips protect the finish of your vehicle. Easy to install. Sold each.

33747 Complete Mirror #11750 2

CIPA CLAMP-ON 5" CONVEX MIRROR

Wide-angle round convex clamp-on mirror with 5" dia. chromed head, ball stud for adjustability. Aluminum mounting bracket; easy to install.

30136 Clamp-On Mirror #49502 3

The most versatile towing mirror yet!

CIPA SUCTION-CUP TOWING MIRRORS

- Innovative vacuum-seal securely attaches to your vehicle in seconds with three heavy duty suction cups.
- Easy to adjust - uses your vehicle's existing mirror controls for instant vision right where you need it.
- Dramatically increases your rearview vision.
- Fits virtually all vehicles, left or right side.

Suction-Cup:

EXTENDABLE REPLACEMENT MIRRORS

Looking for better towing visibility??

CIPA EXTENDABLE REPLACEMENT MIRROR

OEM designed and manufactured mirrors that let you replace your entire mirror with this extendable towing mirror. No need to bother with taking your towing mirror off when not in use; these mirrors simply slide in and out quickly and easily. Full-sized 10" x 10" mirror head manually extends out up to 4-1/4" for unsurpassed visibility for any towing application, and also has a foldaway feature for those tight places. (Complete retracted mirror is 20" from truck; extends to 24-1/4".) The mirror face is electric, for power features. Comes with 2-1/2" x 3-3/4" corner wedge mirror.

- Size (Head): 10" x 10".
- Extends from truck: 20" (retracted position); 24-1/4" (fully extended position).

Backing up a trailer can be a challenging task for RVers. Here's a camera solution with a widescreen color monitor that fits attractively in the dash area of the tow vehicle.

AUDIOVOX VOYAGER 5.6" LCD COLOR OBSERVATION SYSTEM

With Disconnect Cable for Towed and Detached Vehicle.

Backing up a trailer is one of the most difficult tasks in the RVing world. A spotter is essential because there is zero visibility to the driver. Leisure Time Marketing has created the ideal trailer camera solution utilizing a widescreen color monitor that fits attractively in the dash area of pick-ups and SUV's. The AOS45TOW features a brilliant 5.6" color LCD monitor with 2 camera inputs controlled by signal triggers so you can see the rear image instantly when selecting reverse gear. Monitor controls include brightness up/down; camera select button. The color camera features "Night-Vue" infrared illumination for backing up in low light settings. The system is supplied with a windshield mountable suction cup monitor bracket and a special TOWCABLE kit for all 5th Wheel & Trailer Applications.

14551 5.6" LCD Color Observation System with Disconnect Cable for Towed and Detached Vehicle **#AOS45TOW** 1

7" LCD COLOR OBSERVATION SYSTEM

WITH CAMERA, CABLE, MOUNT, SUNSHIELD

The Audiovox Voyager **AOS701** is a full featured back-up camera system with a wide screen 7" color LCD monitor. Operates automatically in reverse gear, with a manual override for viewing towed vehicle and rear traffic while driving. The rear camera's six infrared LED illuminators give you rear night vision without visible light. One of the most popular rear observation systems sold in North America. Monitor includes three camera (A/B/C) inputs, speaker and volume controls, backlit user controls, power on/stand by, auto dimmer, snap-on sun visor, and on screen display of menu features. Waterproof color camera has built-in microphone, IR LED illuminators, 150 degree viewing angle, ultra-low light reading CCD imager, and electronic iris for adjusting to extreme dark or bright lighting. Complete with stainless steel mounting hardware, 75' cable with locking waterproof connections, steel mounting pedestal with angle adjustment.

- Size, Monitor: 7-3/4"W x 5-1/8"H x 1-1/2"D.
- Size, Camera: 3-3/4"W x 1-7/8"H x 2-5/8"D.

All cables and hardware included. • Monitor 7-3/4"W x 5-1/8"H x 7/8"D; • Camera 3-3/4"W x 1-7/8"H x 2-5/8"D.

10285 7" LCD B&W Backup Tri-View #VSS713BW 1

AUDIOVOX VOYAGER® TRI-VUE BACK-UP SYSTEM WITH TILT-CAM & NIGHT-VUE®

Eliminate blind spots with 3 camera views - left, right, and rear. Side cameras come on with turn signals, rear camera activates in reverse gear, and all cameras can be viewed manually at any time. Color rear camera has a motorized tilt feature to see from hitch to horizon, a microphone, and uses Night-Vue® technology to see nearby objects in the dark. Color monitor has a 7" wide-screen LCD display with split screen viewing for 2, 3, or 4 camera images, plus built-in speaker, sunvisor, and 4th camera input. All cables and hardware included. Size, Rear Camera: 4-1/4" W x 3" H x 3-1/4" D. Size, Color Monitor: 7-3/4" W x 5-1/4" H x 13/16" D. Size, Side Cameras: 3-1/4" W x 1-13/16" H x 1-5/8" D.

Tri-View 7" Tilt Backup System:

14435 Color #VSS7694TILT 1

Voyager

AUDIOVOX VOYAGER DIGITAL WIRELESS REAR OBSERVATION SYSTEM

Digi-Loct digital wireless technology is a new scientific breakthrough in wireless video that eliminates the interference found in typical analog wireless systems. The camera's transmitter is digitally locked to the monitor's receiver for a sharp clear wireless picture. The Digi-Loct signal is so powerful it can travel through RV walls with up to a 90 foot range. The monitor's suction cup mount and cigarette lighter plug allows portability between vehicles.

AOS56DWX PACKAGE INCLUDES:

One 5.6" Color LCD Monitor with Integrated Receiver, One 12V Accessory Plug, One Suction Cup Monitor Mount, One Rear Color Camera with Integrated Transmitter, Stainless Steel Hardware, Non-Corrosive Mounting bracket. Dim.: Monitor: 5-7/8"W x 5-1/4"H x 2-5/8"D.; Camera: 3-3/8"W x 2"H x 3-5/8"D.

14971 5.6" LCD Color Observation System #AOS56DWX 1

POLLAK BACK UP ALARM 97DB

The rugged and compact replacement 41-820 allows replacement of unnecessarily large and bulky alarms currently used on light and medium duty trucks, dump trucks, motor homes, campers, electric fork trucks and other similar applications. 1-yr. warranty.

31571 Back Up Alarm 97db, Black #41-820 1

N-VISION BACK-UP SENSOR

Back-Up Your Vehicle Safely and With Confidence! • Display shows distance to nearest object behind vehicle in either feet or meters. • Alarm sound increases in intensity as distance to object decreases (sound can be turned on or off). • Detects from 1 to 6.6 feet (0.4 to 2.0 meters). • Easy wireless installation from back to front. **Features:** • Compact, wireless digital display. • 2 ultrasonic rear sensors. • 4-stage audio and visual display. • Helps you back up in all weather. • Easy Installation: –Display connects to ignition and ground; –Sensors connect to control module in trunk which connects to reverse light wire and ground. • Perfect for cars, light trucks, SUVs, vans, and RVs. Cut-away display.

30511 Back-Up Sensor #20195VA-CL-EN 2

a greatly increased angle of view. Made of a thin polyvinyl which adheres without adhesive; will not yellow nor damage glass.

39747 8" x 10" Lens (mounts to inside rear window; shows obstacles behind bumper) #60100 4

39748 6" x 8" Lens (mounts in side passenger window for side view applications) #60200 4

39749 11" x 14" Super Lens for buses, motorhomes & campers longer than 16' #60300 4

EMERGENCY WARNING TRIANGLES

Design reduces wind resistance; meets all DOT specs and FMVSS 125 requirements. Red plastic case. Size, Each Triangle: 17-1/4" W x 16-1/2" H.

30141 Set of 3 Triangles #1005-1 12

nVISION™ TIRE PRESSURE MONITORING SYSTEM

Easiest to Install and Use

- Do it yourself...No professional installation required
- Quick-Set Installation Cord™ makes monitor portable to take with you to each tire

Monitors Proper Tire Inflation and Temperature

- 2 Stage Low Pressure Alert • High Pressure Alert • High Temperature Alert

Multi-Vehicle Memory

- 4 Programmable Memory Settings for different vehicles/trailers
- Monitors up to 24 tires simultaneously in each memory position

Fully Customizable

- Works on all sizes of tires up to 200PSI • Monitor Easily Transfers Between Vehicles

31264 Tire Pressure Monitoring Base System (Kit Includes: 1 x Monitor with non-skid pad, 1 x Power Cord, 1 x Pivoting Antenna, 1 x Quick-Set Installation Cord™, 4 x Tire Sensors), 7.5" L x 7" W x 2.25" H #30100VA 6

Offer 2 additional sensors that only work with the nVISION TPMS Base System (#30100VA). The sensors easily install in minutes. All you have to do is attach each sensor to your valve stem!

31265 Additional Sensors, Pkg/2, 3.75" L x 3.5" W x 1.563" H #30101VA 6

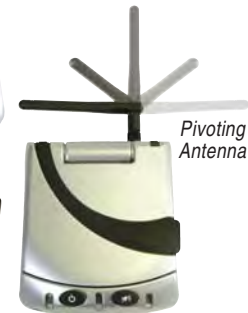

Easily extends transmission distance for sensors and intensifies signal from the sensors to the monitor. The repeater is plug-in simple. Simply plug into a 12-volt outlet and it works! Recommended if you have a vehicle that is greater than 38 feet in length.

Special Order **#31585** Signal Repeater, 0.33lb, 8.75" L x 3.3" W x 1.9" H #30300VA

31264 Kit partially shown

*PERFECT FOR RV'ERS AND TOW'ERS!
9 out of 10 tire failures are caused by low tire pressure. Protect your tires with nVision™.*

TRICO WIPERS

“EXACT FIT” BLADES JUST CLICK ON EASY

In less than a year, Exact Fit became the best selling blade in America by clicking on—no more sorting through a handful of adapters or assembling any parts, no complicated instructions. These are exact replacements to OEM blades, so they fit and work the way you'd expect, making it easy for the do-it-yourselfer.

Class C “Exact Fit” Blade (Fits Arm and Refill):

40688 ^{LS} Blade (Type 7, 3/16" side lock) #16-2 1

40689 ^{LS} Blade (Type 7, 3/16" side lock) #18-2 1

43440 Blade (Type 1 & 3, 7mm side lock and 7 & 9mm hook type) #19-1 10

43443 Blade (Type 3, 7 & 9mm hook type; Refill mfr#46-180) #20-1 10

43451 Blade (Type 3, 9mm hook type; Refill **45868**) #22-1 10

TRICO HEAVY-DUTY 61 SERIES For Flat Windshields

Designed for flat windshields, which usually are found on heavy-duty trucks, school buses, step vans and recreational vehicles. An adaptor package is included with each blade in order to install a flat shield blade onto a competitor's heavy-duty wiper arm. **Flat shield blades are not refillable.**

Class A Wiper Blades, Black Finish:

45860 20" L #61-201 10

45861 22" L #61-220 1

67 SERIES

TRICO HEAVY-DUTY 64 SERIES For Curved Windshields (3 Bar Blades)

Designed for heavy-duty arms that have 48 oz. of load or more. These 3-bar blades may be used on both curved and flat windshields. An adaptor package is included with each blade in order to install a curved blade onto a competitor's heavy-duty wiper arm. Black finish. **Blades are refillable with 72 Series heavy-duty refills.**

45862 Class A Wiper Blade, 20" L #64-201 10

TRICO HEAVY DUTY 68 SERIES

The 68 Series is an all metal, heavy duty blade that features an aerodynamic vented superstructure. This exact blade is utilized by TRICO as the O.E. blade on Class A recreational vehicles. It is also used on heavy duty trucks such as late model Hino, Mitsubishi Fuso and UD trucks.

Class A Wiper Blades, Vented Blade:

46835 24" L #68-241 10

46836 26" L #68-261 10

46837 28" L #68-281 10

TRICO HEAVY-DUTY REFILLS 71 SERIES For TRICO Blades

71 Series Type B refills feature steel twin rails to fit TRICO 67 Series blades. Type B refills are available in three lengths from 24 to 28 inches.

45890 Refill, 26" #71-260 10

TRICO HEAVY-DUTY REFILLS 72 SERIES For TRICO Blades

Designed for heavy-duty trucks with curved windshields, Trico's 72 Series refill is an exact fit refill for Trico 64 and 65 Series blades. The 72 Series refills feature a natural rubber element for superior performance plus a steel rail spine for added strength, and a secure latch lock. All 72 Series refills are packed one refill per package. **Refills 64-200, 64-201, 65-200 and 65-201.**

45867 Refill, 20" #72-200 10

TRICO HEAVY-DUTY 67 SERIES For Curved Windshields

Designed for longer length curved windshields, typically found on Class A recreational vehicles, school buses, transit buses and heavy-duty trucks like the Chevrolet Titan and GMC Astro.

With Wide Saddle Adapters

*Use **40483** Metal Twin Screw Adapter to provide additional coverage for late model Fleetwoods.

40483 ^{LS} Metal Twin Screw Adapters #98999-146 10

TRICO SUPER DUTY 67 SERIES With 12x4 Hook Style Wiper Arms

In 2007, large 12x4 hook wiper arms were just beginning to become standard equipment on some Class A recreational vehicles. TRICO met the challenge of fitting these large wiper arms by creating two super duty RV wiper blades – the 28-inch 67-284, and the 32-inch 67-324. Today, RV manufacturers like Damon, Fleetwood, Forest River, Four Winds, Holiday Rambler, Itasca, Mandalay, Monaco, Newmar, Safari, Tiffin and Winnebago continue to equip many of their leading models with the 12x4 hook wiper arms. The hook styles are very much like an automotive hook adapter where you would slide the hook arm onto the blade and pull the hook until it locks the blade onto the arm.

HOPKINS ENGAGER™ BREAKAWAY KIT

The Engager™ trailer breakaway system is changing the way RVers protect their trailer investment.

- Activates trailer brakes upon separation from tow vehicle.
- Built-in battery meter with LED test lights.
- Convenient test button verifies battery charge.
- LEDs indicate: Fully Charged, Re-Charge, or Charging.
- Built-in battery charger.
- Charges battery while plugged into vehicle.
- 1 to 3 axle capacity.
- 5 amp hour battery maintains power for a full 15 minutes.
- Trailer breakaway kits are legally required in most States and Canada.

30472 Break-Away Kit #20099 ₂

HOPKINS BREAKAWAY SWITCHES & ACCESSORIES

38282 Brake-Away Switch, Complete #20005 ₂

38283 Brake-Away Cable and Pin #20009 ₁₀

HUSKY LED BREAK-AWAY SWITCH

• Indicates 12-volt power is being transferred to the trailer brakes (safety feature). • Weatherproof design. • Wires - 7' Length.

31262 LED Breakaway Switch #178-20050 ₂

HOPKINS BREAKAWAY ACCESSORIES

12V RECHARGEABLE 5 AMP BATTERY

Will hold up to 4 trailer brakes on for at least 15 minutes.

31841 12V DC Rechargeable Battery (5 Amp) #20008 ₁

HOPKINS BREAKAWAY BATTERY CHARGER

Charges battery when vehicle and trailer are connected. Installs conveniently inside breakaway box. Impact resistant plastic. Charges a 5 amp hour battery in 30 minutes and trickle charges thereafter.

31842 Breakaway Battery Charger (Bulk) #20011 ₁

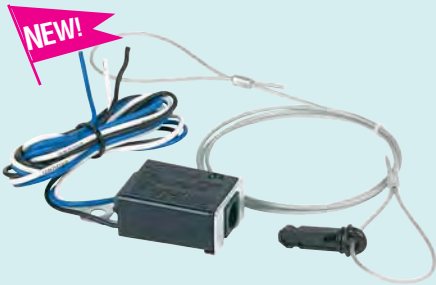

HOPKINS ENGAGER™ BREAKAWAY (BOX AND LID ONLY)

Replacement, rustproof, plastic case protects battery and charger.

31846 Engager™ BreakAway (Box and Lid Only) #20120 ₁

**HAYES UNIVERSAL QUIK-RECEIVER®
MOUNTING SLEEVE**

Quik-Receiver brake controller mounting sleeve with Very High Bonding (VHB) tape adhesive. It is suited for use in **mounting ALL Hayes Brake Controller models**, including the G2. Installation is fast and simple. No tools required. **Requires no screw-in hardware.** Fits ALL Hayes brake controller models with the exclusion of the P/N 100400B Air Actuated Controller.

31311 Universal Quik-Receiver #81793 12

G2® BRAKE CONTROLLER

Introducing the new Hayes G2 trailer brake controller with an audible signal alert for connection continuity — a market-exclusive feature that makes for safer braking. The easy-to-find, easy-to-use manual emergency braking control lets you apply full power in emergency stopping situations. The **three-axis accelerometer technology automatically levels and senses the rate of deceleration**. The G2's large, high-resolution diagnostic liquid crystal panel is recessed to eliminate glare. This easy-to-read digital display indicates the amount of power being sent to the trailer brakes and allows adjustment in three modes (percent of power, voltage, and current). This advanced controller has a "power boost feature" which gives you the ability to apply more initial braking power when towing heavier trailers. The G2 — with its sleek, low-profile design — is compatible with the new Hayes Universal Quik-Receiver mounting sleeve to make installation a snap. For 2, 4, 6, and 8 electric brakes. Limited lifetime warranty.

31310 G2® Brake Controller #81792K ¹²

GENESIS® BRAKE CONTROLLER

- Power boost feature
- 2-Axis accelerometer automatically levels
- Digital display shows amount of power and is adjustable in three modes
- Quik-Connect Ready Feature
- Lifetime Warranty
- Recommended for all trailers
- Single to Quad Axles

S/O Genesis w/Quik-Receiver

30336 Genesis w/U-Bracket Mount #81790 ¹

ENERGIZE III® BRAKE CONTROLLER

Deceleration sensor provides faster, smoother stopping performance.

- Proportional braking performance
- Provides automatic and manual trailer braking
- Five Year Warranty
- Quik-Connect Ready Feature
- Recommended for medium/heavy-duty trailers
- Single and Tandem Axles; Tri-Axles (XPC)
- Optional Manual Remote (XPC)

38732 Energize III #81741B ²⁴

ENDEAVOR® BRAKE CONTROLLER

Smart features on this digital brake controller give you smooth, proportional braking.

- Internal sensor measures deceleration and sends proportional power to trailer brakes
- Quik-Connect Ready Feature
- Lifetime Warranty
- Single to Quad Axles

39620 ^{LS} Endeavor #81770 ⁶

Quest Brake Control with Connector	31557

HUSKY Escort Digital Time-Ramp Trailer Brake Control

The Husky Escort Digital Brake Control has a large digital readout, and an easy-to-set, easy-to-adjust power setting. The Escort Digital also has an innovate vertical slide for manual braking. The display indicates the exact braking force as a percentage of full power. Its Plug-In Simple connector allows for instant connects and disconnects to your factory tow package with the use of the appropriate custom wiring harness (not included; see the Custom Wiring Harness page). You can mount the Escort Digital in any position vertically or horizontally. The Escort Digital has a 6-brake capacity, and is short-proof protected. It activates the tow vehicle brake pedal. Limited lifetime warranty.

31704

31708

31689

Note: 2007 to present GMC / Chevy Vehicle applications do not provide a factory connector and the brake control must be hard wired to the vehicle pigtail located under the dash. This can be accomplished by removing the connector that is furnished with the brake control and butt connecting the 4 bare wires of the Brake Control to the bare wires on the vehicle pigtail.
