## HUSKY 7-Way Trailer End Wiring Kits

Complete 7-way trailer end wiring kits to wire a trailer. Made from heavy duty rubber, kits come in 8' and 12' lengths to accommodate all trailer lengths. Complete kit saves time and money on installation. Primary wire gauges are 10-gauge (black, white), 12-gauge (blue), 14-gauge (brown, red, green, yellow). 7-way trailer connector fits with thermo-plastic or metal 7-way car end connectors.

Description	Part #
7-Way Female Connector with 8' Cable, Red Cover	19356
7-Way Female Connector with 12' Cable, Red Cover	19430

## HUSKY Coiled Wiring Harness with Connectors

Provides convenient electrical connection between motorhome and towed vehicle. Cable expands to over 8'. Vinyl coated cable is chemical resistant and waterproof. • The 4-wire cable has four 16-ga. wires; the 6-wire cable has four 16-ga. and two 14-ga. wires. • Includes both car end connectors and mounting brackets.

6-Way Straight	13491

## JR PRODUCTS DELUXE CONNECTOR CLEANER

The easy to grip wood handle makes cleaning of most molded connectors effortless. High carbon bristles. Will not rust.

**47178** Connector Cleaner  
#11000 6

## JR PRODUCTS CONNECTOR CLEANER

A brass bristle brush that cleans all flat, square and round molded connectors. Brass bristles will not rust, resulting in longer wear.

**14526** Connector Cleaner #01000 36

## HUSKY Complete Trailer Wiring Kit

Save time and money with this Husky wiring kit. Everything you need to wire a vehicle requiring a 7-way connector and a dual battery isolator. No more searching for the right wire, terminals, hardware, etc. Package comes complete with a pre-wired plastic 7-way connector with the connecting butt connectors already installed. Plenty of wire and hardware to mount both the connector to the bracket, bracket to the vehicle, circuit breakers to the firewall, and wire ties to make it all look good.

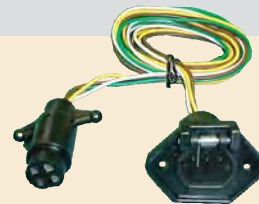

Description	Part #	
Wiring Kit	11751	

## HUSKY 4-Way Round Wiring Harness

4-way round connector both ends, molded with 5' leads. Black.

Description	Part #	
4-Way Round Wiring Harness	11555	

## HUSKY 4-Way Flat Connector

4-pole flat type connector with 24" extension, for use as a trailer wiring harness. Also can be cut and used as individual connectors.

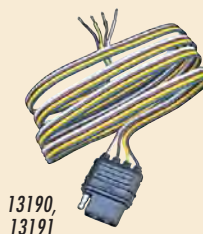

Description	Part #	
4-Pole Flat, 24" Extension, 1/Carid	12016	

## HUSKY 4-Wire Flat Trailer Connectors

A 4-wire flat is the most commonly used trailer plug. This plug is found on small boat, utility, jet ski, snowmobile and small camper trailers.

## Pollak POLLAK 7-WAY RV OEM-STYLE SOCKET

This socket is designed to be dependable in one of the harshest mounting environments for an electrical device: an exposed external mounting under the rear bumper of an SUV or pickup truck. Made of high impact nylon that solves corrosion problems and eliminates rusting. Socket lid features a gasket to protect against moisture, a slot to prevent sand and dirt from entering, and to allow moisture drainage. Terminal pins are tin plated, copper alloy and rear sealed with a silicon sealant.

**11775** US Car Socket #11-893 1

### POLLAK 7-WAY UNIVERSAL BRACKET

Black epoxy coated for protection against rust and corrosion. Fits the **11775** socket.

**11821** 7-Way Bracket #12-711U 1

## POLLAK U.S. CAR 7-WAY CONNECTOR KIT

Includes **11775** Socket and Bracket, Interlocking Connector. With 0.5" convoluted tubing and RV standard color coded leads. Forms a weather tight, non-corrosive assembly. For new installation, replacement of aftermarket or OEM's. With all hardware and installation instructions.

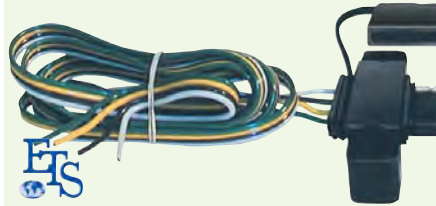

**11771** With 48" Harness #11-898 10

## HUSKY MAG-FLAT MAGNETIC BRACKET

Keeps 4-wire flat out of harm's way. Attaches to any metal surface.

**15179** Mag-Flat Magnetic Bracket #178-38095 10

## ETS HEAVY DUTY VEHICLE 4-WAY FLAT CONNECTOR/BACKET/CAP

One piece molded vehicle 60" 4-way connector, bracket and weather cap is easily mounted under hitch crossbar or bumper and includes hardware kit and instructions.

**17861** 4-Way Flat with Bracket, Packaged #CB-1860-HK 1

## ETS 4-WAY CIRCUIT TESTER, LED

4-way flat male connector circuit tester plugs into vehicle female end connector indicating whether wiring is properly operating through LEDs. The circuit tester can also verify correct installation of vehicle tail lighting converter applications.

**16413** Tester only #BCT4F-M PKG/1 25

## 4-WAY TRUNK/ TRAILER KIT

4-pole flat type connector with leads. Molded, polarized plugs and color coded wires.

*Molded 4-Way Trailer Harness:*

**11675** 4' Female Leads, 8" Male Trunk Leads, includes 3 wire connectors #2505F 6

**11260** 5' Loop #B6004F PKG/1 25

**11676** 24' Loop, includes 8 wire connectors #2506F 6

## POLARIZED 2-TERMINAL CONNECTOR

ABS plastic interior with split brass pins for secure electrical contact. PVC caps provide insulation and protection to wire connections.

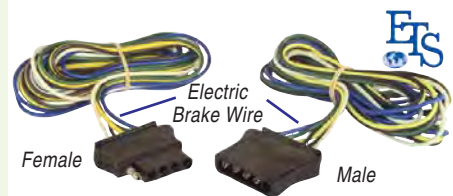

**725251** 2-Contact Polarized Connector #TC43604 10

## THE BEST CONNECTION LIGHT CONNECTING KIT

Replace present stop and tail-light bulb in vehicle with this light connector kit. No splicing necessary.

**11514** Light Connect Kit #2560F 6

## ETS HEAVY DUTY 5-WAY FLAT VEHICLE/TRAILER CONNECTOR

Heavy duty 5-way flat vehicle/trailer connectors with 60" 16-gauge bonded SAE color coded wire featuring electric brake circuit blue wire for newer trailer applications.

**12205** Trailer End #H6005F-MB 25

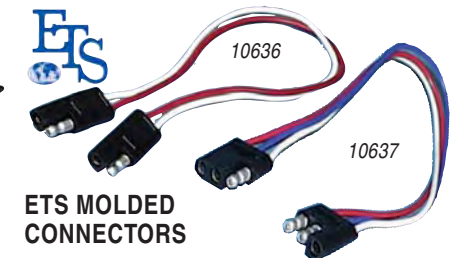

**12206** Car End #H6005F-FB 1

## HUSKY OE Replacement Multi-Tow Ford/GM 7:4 1999-09

- Provides 7RV blade and 4-wire flat towing. • Ability to tow different trailers from the same connector.
- Easy to use: no cutting, no splicing; saves time. • Impact and corrosion resistant; 2-door connector protection.
- Unique snap-fit bracket. • Utilizes OEM connectors, enhanced fit and weatherproofing. • Applies to over 30 different vehicle applications equipped with a factory tow package.

Description	Part #	
OE Replacement Multi-Tow	17363	

## HUSKY Adapter: 7 RV to 6 & 4 Multi-Tow™

7-way RV blade to BOTH 6-round and 4-wire flat adapter with dust cover. On **13176**, the center pin is auxiliary, and the universal center pin can be switched to electric brake. On **13177**, the center pin is for the electric brake, and the universal center pin can be switched to auxiliary.

7-Way RV Blade to 6 Round & 4 Flat Adapter	Part #	
Center Pin Auxiliary	13176	
Center Pin Electric Brake	13177	

## NEW! HUSKY Adapter: 7 RV to 6 & 4 Multi-Tow™ with Nite-Glow

Plug-In Simple!® Adapter, 7 RV blade to 6-pole round and 4-wire flat. Center pin auxiliary on 6-pole round. Switchable to electric brake. Adapts to tow multiple trailers. Glows upon taillight activation. Helps find your connection in the dark

7-Way RV Blade to 6 Round & 4 Flat Adapter	Part #	
Multi-Tow Adapter, 7 RV to 6 Round and 4 Wire Flat with Nite Glow	15326	

## HUSKY Adapter: Multi-Tow™ 6:4

Provides 6-round or 4-wire flat towing, both from one location. Weatherproof design. Plugs into a 4-wire flat on the tow vehicle. Mounting bracket and hardware included.

Description	Part #	
Multi-Tow 6:4	13164	

## HUSKY Adapter: Multi-Tow™ 7:4

Provides 7-way RV blade or 4-wire flat towing, both from one location. Weatherproof design. Plugs into a 4-wire flat on the tow vehicle. Mounting bracket and hardware included.

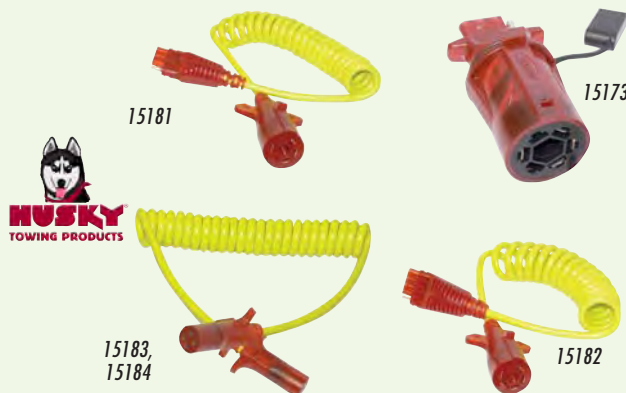

Description	Part #	
Multi-Tow 7:4	13165	

## HUSKY Plug-in Solution Flex-Coil™ & LED Adapters with Nite-Glow™

Flex-Coil Adapters provide the user with increased durability and additional length that may be necessary to reach the tow vehicle's socket and the trailer/towed vehicle's plug. In addition, Flex-Coil adapters with Nite-Glow™ illuminate upon activation of the taillight function. This enable the user to find the electrical connection in the dark and show that the vehicle's trailer wiring system is functioning properly.

Description	Part #
<b>LED Adapter with Nite-Glow</b>	
• Lights-up on taillight function. • Find your connection in the dark!	
7-Way RV Blade to 4-Wire Flat Nite-Glow	15173
<b>Flex-Coil Adapter with Nite-Glow</b>	
• 3 ft. stretch. • Increased weather proofing. • Tin plated terminals. • Easy grip connectors. • Heavy-duty cable.	
7-Way RV Blade to 4-Wire Flat Nite-Glow	15181
7-Way RV Blade to 5-Wire Flat Nite-Glow	15182
• Great for RVing. • 8 ft. stretch. • Increased weather proofing. • Tin plated terminals. • Easy grip connectors. • Heavy-duty cable.	
4-Pole Round to 4-Pole Round Nite-Glow	15183
6-Pole Round to 6-Pole Round Nite-Glow	15184

## HUSKY Plug-In Solution Led Adapters

Husky now offers a complete line of L.E.D. vehicle-to-trailer adapters. The L.E.D. Series incorporates built-in trouble-shooting. If the trailer lights are not functioning correctly, you can isolate the problem by simply looking at the adapter. If the lights on the adapter are functioning, it's a trailer-side problem. If the lights are not functioning, the problem is with the vehicle.

Description	Part #
<b>LED Adapter</b>	
48" 4-Wire Flat Car End with LED	15178
7-Way RV Blade to 4-Wire Flat (Includes function testing LED's!)	15174
6-Way Round to 4-Wire Flat (Includes function testing LED's!)	15172
<b>More Adapters</b>	
• Built-in trouble shooting. • Function testing LED's. • Universal— center pin can be switched to auxiliary or electric brake.	
7-Way RV Blade to 6-Round — Center Pin Auxiliary	15176
7-Way RV Blade to 6-Round — Center Pin Electric Brake	15177

## HUSKY Plug-In Solution 4-Wire Flat to 5-Wire Flat Adapter

Adapts vehicles with 4-wire flat to trailers with surge brakes and/or 5-wire flat connection.

Description	Part #
4-Wire Flat to 5-Wire Flat	15175

### POLLAK 7-WAY POWER OUTLET ADAPTER

• Adapts the 7-way trailer connector at the rear of the vehicle to a 12V plug or DC-AC converter 110V plug outlet. • Manufactured from high-impact nylon. • Terminal pins are tin-plated copper. • Lets you plug in your DC-AC converter 110V outlet to provide access to power for such accessories as TV, electric cooler, portable work light, or power tools. • Or plug in the 12V plug from your coffee pots, air pumps, 12V lights, etc. to use them while outside the vehicle.

**19208** External Power Adapter #11-896<sub>1</sub>

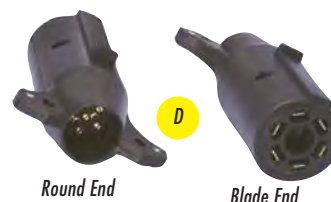

## HUSKY Connector Adapters

Take the guesswork and frustration out of vehicle-to-trailer wiring with Husky Connector Adapters.

Description	Part #
<b>HUSKY ADAPTER: 7-WAY BLADE RECEPTACLE</b>	
(A) Adapts 7-Way Blade (RV) to 4-Way Flat, Each	15408
11822 is designed for use with boat and utility trailers that have surge brakes with an electronic lockout or back-up lights. It also mates with most standard 5-way flat connectors. Blade type receptacle 7-way adapter to 5-way flat.	
(B) Adapts 7-Way Blade (RV) to 5-Way Flat, Each	11822
(AB) Adapts 7-Way Blade (RV) to 5-Way and 4-Way Flat, Each	14437
(C) Adapts 7-Way Blade (RV) to 4-Way Flat, with flexible wires and dust cover, Each	13170
(D) Adapts 7-Way Blade (RV) to 6-Way Round (Universal pins 4 & 6 are easily reversible for use in RV or agricultural applications), Each	15432
Husky trailer wiring systems take the guesswork and frustration out of vehicle-to-trailer wiring. Pre-wired adapters give you a means to create a custom wiring system appropriate for any Husky Plug-In Solution towing situation.	
(E) Adapts 4-Wire Flat to 7-Way Blade (RV), Plastic, Each	13166
(F) Adapts 7-Way Blade RV to 7-Way Pin Type (flexible)	13064
<b>HUSKY ADAPTER: 6-PIN ROUND + 7-WAY BLADE</b>	
13794 is designed for tow vehicles with a 6-pin car connector that is wired for Agricultural use and requires a 7-way blade RV car end connector.	
(G) Adapts 6-Pin Round (Agri) to 7-Way Blade (RV), Each	13794
<b>HUSKY ADAPTER: 6+7-WAY ROUND (PIN TYPE)</b>	
(H) Adapts 6-Way Round to 4-Way Flat, Each	15404
(I) Adapts 7-Way Round to 4-Way Flat, Each	15406
(J) Adapts 6-Way Round to 4-Way Flat Adapter, with flexible wires, Each	13168
<b>HUSKY ADAPTER: 4 TO 4</b>	
(K) Adapts 4-Way Round to 4-Way Flat Adapter, with flexible wires and dust cover, Each	13173
(L) 4-Wire Flat Knockout Adapter for use with 1.25" hole diameter, or with 4, 6, 6-pole knockout mounting bracket	13102

## HUSKY Plug-In Solution: Vehicle to Trailer Wiring Kits

Vehicle to trailer wiring used to be a real chore—but now you can quickly wire your trailer with the Husky Plug-In Solution. The modular system plugs together to accommodate most vehicle and trailer combinations. It's easy: **(1)** Just select the correct wiring kit. **(2)** Locate the factory OEM tail-light wiring harness on the tow vehicle. **(3)** Unplug the wiring harness and simply plug in the Husky connector. This unit will be pre-wired to provide Right Turn, Left Turn, Tail-Light and on some models, the Backup Function. **(4)** Optional pre-wired 4-wire flat to 6-way round and 4-wire flat to 7-way RV Blade round extension adapters are available to custom install the vehicle side wiring to most trailer combinations.

## NEW! HUSKY 5th Wheel & Gooseneck Wiring Harness

Husky offers you a fast, simple non-intrusive way to wire a 7-way and 4-way flat connector into the bed of your truck for 5th wheel, gooseneck and utility applications. The waterproof OEM grade connectors plug directly to the vehicle's wiring system and allows you continued use of the vehicle's bumper/hitch mounted 7-way hookup. Wire ties and instructions included.

5th Wheel & Gooseneck Wiring Harness	Part #
Ford/GM, with 7-Way	31787
Dodge, with 7-Way	31788

NEW!

## POLLAK PRODUCTS T-CONNECTOR FOR 5TH WHEEL RV WIRING

- Adaptor for 5th Wheel & bumper mount sockets.
- Quickly & easily install a second RV socket.
- Plug & play without splicing into OEM harness.
- Fits GM and Ford trucks and SUVs.
- Mates to Pollak RV Socket P/N 11-893.

**14532** T-Connector for 5th Wheel RV Wiring #11-932 <sub>1</sub>

Pollak

## POLLAK 7-WAY RV HARNESS ADAPTER

Adapts Pollak RV Socket P/N 11-893 to Chrysler factory harness.

**14533** 7-Way RV Harness Adapter #11-933 <sub>25</sub>

## HUSKY Power Tail-Light Converters

These units completely isolate the tow vehicle from trailer malfunctions. Power is taken directly from the battery for isolation and brighter trailer tail-lights. Each unit can power up to 3 sets of stop/turn signals (8.0 amps) on the trailer. For vehicles equipped with independent bulb turn signals and brake lights or common bulb systems.

13162

13163

Description	Part #
<b>HUSKY POWER TAIL-LIGHT CONVERTER (RELAY SYSTEM)</b>	
Provides isolation needed to bypass sensitive vehicle electronics. Can power up to 8.0 amps per output.	
Power Tail-Light Converter	13162
<b>HUSKY SHORT-PROOF POWER TAIL-LIGHT CONVERTER</b>	
Recommended universal converter application. Short circuit protected. Can power up to 8.0 amps per output. Protects tow vehicle electronics and itself from wiring shorts. Self-resetting.	
Short-Proof Converter	13163

## HUSKY Electronic Tail-Light Converters

Electronic tail-light converters adapt an independent bulb tail-light system of the tow vehicle to the common bulb tail-light system of the trailer. Each unit can power 2.1 amps per stop/turn signal.

Description	Part #
<b>HUSKY TAIL-LIGHT CONVERTER, 48"</b>	
Recommended for repairing damaged tail-light converter.	
48" Converter	13186
<b>HUSKY HEAVY DUTY TAIL-LIGHT CONVERTER</b>	
Double-molded weatherproof design. Converter mounts in trunk, out of harm's way. Recommended universal converter application. Wire lengths cut to make installation easy!	
Heavy Duty Tail-Light Converter, 60" L	13187
<b>HUSKY VEHICLE TOWING VEHICLE TAIL-LIGHT ISOLATING KIT</b>	
Permanently installs on towed vehicle near tail-lights.	
Tail-Light Converter/Isolator, 23' L	13189

## HUSKY Premium Tail Light Isolators

Provides a safe and convenient way to use factory lights on towed vehicles while protecting sensitive electronics from voltage feedback.

- Permanently installs on tow vehicle, near tail lights.
- Heavy duty, 30-amp rating.
- Aluminum heat sink prevents diode failure caused by overheating.
- Easy installation: includes connectors and adhesive mounting pad.

Description	Part #
Husky Tail Light Isolator (Diode), 1/Card	39869
Husky Tail Light Isolators (Diodes), 2/Card	39870
Husky Tail Light Isolators (Diodes), 3/Card	39871
Husky Tail Light Isolators (Diodes), 4/Card	39866
Husky Tail Light Isolators (Diodes), 25/Box	39868

### Premium Parking Light Isolator

Allows use of towed vehicle's lights. Prevents feedback between RV and car. If the towed vehicle's lights are turned on while still plugged into the motorhome, the motorhome will draw from the towed vehicle to supply power to all of the park lights. This will place a heavy load on the towed vehicle's wiring, and can result in severe electrical system damage. Using the Husky Parking Light Isolator will prevent this, while still allowing the motorhome to power the towed vehicle's park/tail lights.

- Permanently installs on tow vehicle near tail lights.
- Heavy duty, 30-amp rating.
- Aluminum heat sink prevents diode failure caused by overheating.
- Easy installation: includes connectors and adhesive mounting pad.

Parking Light Diode, 1/Card	39867
-----------------------------	-------

### Tail Light Isolator Wiring Kit

Recommended installation kit for Husky Premium Taillight Isolators.

- Use the towed vehicle's light system for towing.
- Permanently installs on towed vehicle.
- 26' of 16 gauge ribbon wire with 4-way flat connector.
- Includes wire, connectors and installation hardware.

*Diode kits sold separately.*

Wiring Kit for Isolator, 1/Card	13984
---------------------------------	-------

### Tail Light Isolator Wiring Kit with Bulbs

Isolated, internal light system for towing. Eliminates cutting into factory wires.

- Use this kit in place of tail light isolators.
- Permanently installs on towed vehicle.
- Fits most vehicles with clearance in taillight housing.
- 26' of 16 gauge ribbon wire with 4-way flat connector.
- Easy installation includes wires, connectors, bulbs, sockets, installation hardware and instructions.

Tail Light Wiring Kit, 1/Card	13985
-------------------------------	-------

### Tow Bar Wire Harness

Recommended for all tow bars. 80" long with 4-pin flat connectors.

- Permanently installs on tow bar.
- Easy installation.
- Includes wire ties.

Tow Bar Wiring Harness, 1/Card	13986
--------------------------------	-------

### Tow Bar Wiring Kit

Recommended installation kit for Husky Premium Tail Light Isolators.

- Permanently installs on towed vehicle.
- Includes 26' of 16 gauge wire.
- Easy installation includes, cables, connectors and installation hardware.

Tow Bar Wiring Kit, 1/Card	13987
----------------------------	-------
