

The First Name in RV Refrigeration

Dometic knows cool. Dometic invented RV refrigeration and knows how to deliver high performance, maximum efficiency and elegant style for any RV design. Our success shows because there are more RVs with refrigerators built by Dometic than any other brand.

With Dometic refrigerators you get unique features like our Versatile Racking System™, automatic locking systems, adjustable shelf guards, Magic Fingers™ shelf storage and easy to operate eye-level electronic controls.

Customers appreciate Dometic's full model lineup (2 to 12 cu. ft.) with the industry leading 7 and 9 cu. ft. models. Advanced engineering adds more capacity without changing outside dimensions.

Dometic's continuous program for product improvement means you're always in good company when it comes to refrigeration. Dometic – simply the best.

Microwave Ovens

1.2 cubic foot, 1100 watt* compact microwave has lift-out glass turntable and rotating ring. White or black finish, optional color-matched trim kit for built-in installation. Plugs into 15 or 20 amp, 120V AC grounded outlet.

- Touchpad controls
- 10 power levels
- Multi-stage cooking
- Plus minute feature
- One touch reheat
- Manual and auto-weight defrost
- Popcorn button
- Push release door open, child lockout
- Bright lighted interior
- 4-digit LED clock/self instruction display
- Kitchen timer
- 2-year warranty
- Child safety locks
- Interior light
- Quick defrost

Outside dimensions: 12" x 20 1/8" x 15 5/16"

Built-in recess dimensions: 16 1/8" x 21 7/8" x 16 5/8"

NOTE: Dimensions above are Height x Width x Depth
