HUSKY DELUXE MAGNETIC TOWING LIGHT KIT

Made for RV, commercial and agricultural use. Includes heavy duty 4-way zinc plug and socket, wiring instructions, plus a blow molded protective storage and carrying case. Meets all DOT requirements. 30' shielded cable. Features commercial grade magnets with vinyl protective covers. No need to tap into towed vehicle's electrical system. Can be used on multiple vehicles.

11314 Deluxe Tow Light Kit *#11314* **6**

HUSKY MAGNETIC TOWING LIGHTS

The Husky towing lights have over 35% more holding power and larger magnets than competitive models. They include a plug cover to keep dirt and corrosion out. The magnets come with an e-coated magnet cap to eliminate rust and protect the vehicle from scratches. Wired to industry standard 4-way flat connector. Comes in a clam shell that can be used as a storage container. Includes tow vehicle hook-up plug and long 20' cord. Useful for RV, agricultural, industrial, marine and automotive needs. Complete with instructions.

17929 Magnetic Towing Lights *#17929* **10**

HUSKY LED MAGNETIC TOWING LIGHTS

Consumes 85% less power than traditional incandescent lights and has an average life of 100,000 hours!
LED Magnetic lights are SAE approved. LED lights consume 85% less power than incandescent versions, and have a service life rated at 100,000 hours. The shock and vibration-resistant design make them less susceptible to damage from dropping and vibration. The head assembly is encapsulated in resin for long-lasting, waterproof, trouble-free use. Husky towing lights have over 35% more holding power and larger magnets than competitive models. They include a plug cover to keep dirt and corrosion out. The magnets come with an e-coated magnet cap to eliminate rust and protect the vehicle from scratches. Wired to industry standard 4-way flat connector. Comes in a clam shell that can be used as a storage container. Includes tow vehicle hook-up plug and long 20' cord. Useful for RV, agricultural, industrial, marine and automotive needs. Complete with instructions.

13818 LED Tow Lights *#13818* **1**

HUSKY Incandescent Pre-Wired Fender Light Assembly

Functions as both amber front clearance light and red rear clearance light for over-80" applications. Features a reflectorized lens, eliminating the need for a separate reflector to meet DOT requirements. Mount on top or side of most fenders to mark widest point on trailer. Assembly contains two MC-44 lights and fender-mount bracket.

HUSKY LED Trailer Lights

LEDs are brighter than conventional lights. No bulbs to replace—ever! Use 90% less energy. Safe, dependable service. 100% maintenance free. All products conform to DOT/SAE/FMVSS/CMVSS 108 requirements where applicable.

Description	Part #	
HUSKY Waterproof LED Stop/Turn/Tail & Parking/Rear Turn Signal Lights		
10-Diode 6" Oval Lights for Recess Mount		
Features sonically sealed, waterproof lens and housing in a single unit. All-weather molded plastic housing and durable lens protect against corrosion. Accepts industry standard 3-prong plug for easy retrofit of incandescent lights. Requires mounting grommet and plug for complete installation. Dim.: 6-7/16" x 2-5/16"		
Red Stop/Turn/Tail Light, Bulk	17806	
Red Stop/Turn/Tail Light, 6-Diode Only, Packaged *Limited Supply*	17988	
Amber Parking/Rear Turn Signal, Bulk	17802	
10-Diode 4" Round Stop/Turn/Tail Light, Recess Mount		
Accepts industry standard 3-prong plug for easy retrofit of incandescent lights. Features sonically sealed, waterproof lens and housing in a single unit. All-weather molded plastic housing and durable lens protect against corrosion. Requires mounting grommet and plug for complete installation. Dim.: 4-5/16" dia.		
Stop/Turn/Tail Light, Bulk	17734	
Stop/Turn/Tail Light, 7-Diode Only, Packaged	18037	
11-Diode 15" Stop/Turn/Tail Light, for Over 80" Trailers		
Sealed, surface mount, over 80" LED stop/turn/tail lights with sleek low-profile design—only 5/8" thick! Includes 11 diodes for bright, dependable performance. Polycarbonate lens is sonic welded to housing for durability. All-weather molded plastic housing and durable lens protect against corrosion. Separate ground wire. Features red LED's and red lens. Dim.:15" x 1-3/8" x 5/8".		
Thin Line Stop/Turn/Tail Light, Bulk	17807	
10-Diode 6" Oval Flange Mount Lights		
Sealed, flange mount. 10 super diodes for bright, dependable performance. Meets DOT FMVSS 108 requirements in any 360 degree position. Surface mount unit does not require panel cutout. Features sonically sealed, waterproof lens and housing in a single unit. All-weather molded plastic housing and durable lens protect against corrosion. Separate ground wire. Dim.: 7-9/16" x 3-5/16" with contour. 3/4" thick.		
Red Stop/Turn/Tail Light	17832	
Amber Parking/Rear Turn Signal	17813	
7- & 8-Function Over 80" Combination Tail Lights		
Waterproof universal mount for over 80" applications. 17732 is 7-function: stop, turn, tail, rear clearance, rear reflex, side marker, and side reflex; eight-function 17733 includes license illuminator as well. All-weather molded plastic housing and durable lens protect against corrosion. Both include separate ground wire and screw-on, replaceable lens. Dim.: 8-1/16"L x 2-7/8"H x 2-13/16"deep.		
Passenger Side 7-Function	17732	
Driver Side 8-Function	17733	
6- & 7-Function Combination Tail Lights		
Universal stud-mount stop/turn/tail lights for under 80" applications. 17833 is 6-function: stop, turn, tail, rear reflex, side marker, and side reflex. Seven-function 17834 is same as 17833 plus license illuminator. All-weather molded plastic housing and durable lens protect against corrosion. Features screw-on, replaceable lens. Mounts on 2" centers, includes separate ground wire. Dim.: 4-3/4" square; 5-3/16" with side marker; 2-5/16" deep.

Description	Part #	
HUSKY Sealed LED Marker/Clearance Lights		
2-1/2" Marker Clearance Lights, Surface		
Aerodynamic design is not only brighter than its predecessor, but also has a more consistent, even spread of light output. Surface mount design in amber or red for clearance, side marker or identification light. Features sonically sealed, waterproof lens and housing in a single unit. Single wire design grounds through mounting hardware. Two-wire design includes both lead wire and ground wire for mounting to all surfaces.		
2-Diode Amber LED Clearance Light, Bulk	**17459**	
2-Diode Red LED Clearance Light, Bulk	**17463**	
2" Round Sealed LED Marker/Clearance Lights		
Multiple diode LED clearance or side marker light. Features sonically sealed, waterproof lens and housing in a single unit. Accepts industry standard 2-prong plug for easy retrofit of incandescent lights. Requires mounting grommet and plug for complete installation.		
4-Diode Amber LED Clearance Light, Bulk	**17464**	
4-Diode Amber LED Clearance Light, Packaged w/Grommet & Plug	**18038**	
4-Diode Red LED Clearance Light, Bulk	**17472**	
4-Diode Red LED Clearance Light, Packaged w/Grommet & Plug	**18096**	
2-1/2" Round Sealed LED Marker/Clearance Lights		
Same features as the 2" listed above.		
4-Diode Amber LED Clearance Light, Bulk	**17473**	
4-Diode Amber LED Clearance Light, Packaged w/Grommet & Plug	**18117**	
4-Diode Red LED Clearance Light, Bulk	**17477**	
4-Diode Red LED Clearance Light, Packaged w/Grommet & Plug	**18118**	
2-1/2" Round LED Marker/Clearance Lights with Reflectorized Lens		
LED clearance or side marker light features a reflectorized lens eliminating the need for a separate reflector to meet DOT requirements. Sonically sealed, waterproof lens and housing combined into a single unit. Accepts industry standard 2-prong plug for easy retrofit of incandescent lights. Requires mounting grommet and plug for complete installation.		
8-Diode Amber LED Clearance Light, Bulk	**17480**	
8-Diode Red LED Clearance Light, Bulk	**17492**	
2-1/2" x 1-3/16" Mini Thin Lite Sealed LED Marker/Clearance Lights		
LED clearance or side marker light. Features sonically sealed, waterproof lens and housing in a single unit. Accepts industry standard 2-prong plug for easy retrofit of incandescent lights. Single wire design grounds through mounting hardware. Two-wire design contains both lead wire and ground wire for mounting to all surfaces.		
3-Diode Amber LED Clearance Light w/Chrome Base, Bulk	**17548**	
3-Diode Red LED Clearance Light w/Chrome Base, Bulk	**17564**	
Sealed 3-Piece Identification Light Bars		
ID light bar with (3) replaceable AL-91RB and 50" lead wire, for over 80" applications. Features sonically sealed, waterproof light capsules. Contains both lead wire and ground wire for mounting to all surfaces. Features all-weather molded plastic housing and durable lens to protect against corrosion.		
9-Diode LED ID Light Bar w/Black Polymer Base 16-1/2", Bulk	**17575**	
9-Diode LED ID Light Bar w/Stainless Steel Base 14-1/4", Bulk	**17576**	
Thin Lite 4" Sealed LED Marker/Clearance Lights for Surface Mount		
17495/17497 and 17533/17540 six diode LED clearance or side marker light. Features sonically sealed, waterproof lens and housing in a single unit. Multi-diode design optimizes light output. Mounts on industry standard 3" centers. Single wire design grounds through mounting hardware. Select 17495, 17496 or 17497 version for light only or choose 17533, 17537 or 17540 versions for light with A-65PB bracket/plug assembly. Dim.: 4-1/8"L x 1-1/4"W x 1-3/16"D.

HUSKY TRAILER LIGHTS

HUSKY Incandescent Truck & Trailer Lighting

All lights in the Husky program are manufactured to ISO/TS–16949 quality standards to ensure dependable performance.
• Popular 4" round and 6" oval sealed stop/turn/tail lights feature bulb shock mounts to prolong bulb life.
• Waterproof, submersible and traditional combination tail lights offered in singles and kits.

| Description	Part #	
HUSKY Stop/Turn/Tail & Parking/Rear Turn Signal Lights		
4-3/8" Stud Mount Combination Tail Lights		
4-3/8" round stop/turn/tail lights with black polymer housings. 17636 is 3-function stop, turn, tail light, and 17643 is same as 17636 plus license illuminator. Mounts with two 1/4" studs on 2" centers. Features plastic housing, snap-on replaceable lens and easy to change replaceable bulb. Grounds through mounting studs.		
Red Stop/Turn/Tail Light, Bulk (Lens Coast#13787)	17636	
Red Stop/Turn/Tail Light w/License Light, Bulk	17643	
4" Round Parking/Turn (Amber) – Stop/Turn/Tail Lights (Red)		
Sealed parking and rear turn signal (amber) – stop/turn/tail lights (red) for flush mount. Features sonically sealed, waterproof lens and housing in a single unit. Shock proof socket guarantees long bulb life. Accepts industry standard 3-prong plug. Requires mounting grommet and plug for complete installation.		
Amber Parking/Rear Turn with Grommet and Plug, Bulk	17652	
Red Stop/Turn/Tail Light Only, Bulk	17656	
Red Stop/Turn/Tail Light with Grommet and Plug, Bulk	17655	
Red Stop/Turn/Tail Light with Grommet and Plug, Clam Packaging *Limited Supply*	18190	
6" Oval Parking/Turn (Amber) – Stop/Turn/Tail Lights (Red)		
Sealed, flush mount parking and rear turn signal (amber) – stop/turn/tail lights (red). Features sonically sealed, waterproof lens and housing in a single unit. Shock proof socket guarantees long bulb life. Accepts industry standard 3-prong plug. Requires mounting grommet and plug for complete installation.		
Amber Parking/Rear Turn Signal Only, Bulk	17657	
Amber Kit with Grommet and Plug, Bulk	17670	
Red Stop/Turn/Tail Light Only, Bulk	17660	
Red Kit with Grommet and Plug, Bulk	17725	
Sealed 6" Oval Mid-Ship Light		
Sealed amber mid-ship turn signal and side marker light. Meets FMVSS 108 requirements for side turn signal with added side marker and reflector functions. Features sonically sealed, waterproof lens and housing in a single unit. Shock proof socket guarantees long bulb life. Accepts industry standard 3-prong plug. Kits include 17416 grommet and 17411 plug.		
Amber Kit with Grommet and Plug, Bulk	17726	
Over 80" Combination Tail Lights		
Universal stud-mount stop/turn/tail lights for over 80" applications. 17650 is 7-function: stop, turn, tail, rear clearance, rear reflex, side marker, and side reflex. Eight-function 17651 is same as 17650 plus license illuminator. Feature built-in rear clearance light, eliminating the need for a separate light to meet DOT requirements. Same great features as the 17727 & 17728. Dim.: 4-9/16" square; 6-1/8" with side reflex.		
Passenger Side 7-Function, Bulk (Lens Coast#13056 and 11908)	17650	
Driver Side 8-Function, Bulk (Lens Coast#13056 and 11908)	17651	
Universal Under 80" Combination Tail Lights		
Universal stud-mount stop/turn/tail lights for under 80" applications. 17727 is 6-function: stop, turn, tail, rear reflex, side marker, and side reflex. Seven-function 17728 is same as 17727 plus license illuminator. Grounds through mounting studs. Mounts on 2" centers. Features screw-on, replaceable lens and easy to change replaceable bulb. Shock proof socket guarantees long bulb life. All-weather molded plastic housing and durable lens protect against corrosion. Designed with plug-n-go connections for quick connect wiring. Dim.: 4-9/16" square; 5-1/4" with side reflex.		
Passenger Side 6-Function, Bulk (Lens Coast#13788)	17727	
Passenger Side 6-Function, Clam Packaging (Lens Coast#13788) *Limited Supply*	18128

OPTRONICS LED MARKER/CLEARANCE LIGHTS

MCL-31 SERIES; OVAL

Oval LED light with reflector for clearance, side marker or iden-tification light. Features snapon, replaceable lens. Surface mount white base mounts on industry standard 3" centers. Features all-weather molded plastic housing and durable lens to protect against corrosion. Reflectorized lens eliminates the need for a separate reflector to meet DOT requirements. Design includes both lead and ground wires for mounting to all surfaces. Dim.: 2-1/16"W x 4"L x 1"D. Polypack.

Oval LED Marker/Clearance Light:
12182 Amber #MCL-31ABP *20*
12181 Red #MCL-31RBP *20*

MCL-36 SERIES; SQUARE

Square LED clearance or side marker light with reflector. Reflectorized lens eliminates the need for a separate reflector to meet DOT requirements. Features screw-on, replaceable lens. Stud mount black base. All-weather molded plastic housing and durable lens protect against corrosion. Design includes both lead and ground wires for mounting to all surfaces. Dim.: 2-1/8"W x 2-7/8"L x 15/16"D. Polypack.

Square LED Marker/Clearance Light:
12262 Amber #MCL-36AS *12*
12254 Red #MCL-36RBP *20*

13471

13476

PETERSON SURFACE MOUNT LIGHT

• Surface-mount light functions as combination clearance and side marker. • Durable base and acrylic lens provides high quality at economical price. • Grounds through mounting screw with single lead wire for electrical connection. • Light size: 2-7/8" Dia. x 1-1/8" D.

PETERSON COMBINATION CLEARANCE LIGHTS

Acrylic lens has built-in reflex reflector and "cross optics" for brilliant signal. Eliminates separately mounting a reflector. Vibar socket prolongs bulb life. 4 $\frac{1}{8}$" L x 2" W x 1 $\frac{1}{32}$" H. Mounts with two screws on 3" centers. Oval shaped. Uses #194 bulb.

13324 Amber Light *#V108WA* _6_
13325 Red Light *#V108WR* _6_

Replacement Lens only:
13272 Amber Lens *#108-15A* _10_
13273 Red Lens *#108-15R* _10_

PETERSON OVAL COMBINATION CLEARANCE/SIDE MARKER LIGHTS

Acrylic lens features built-in reflector which eliminates the need for a separate reflector. Mounts on 3" centers. The twist-in socket assembly contains both lead and ground wires for mounting to all surfaces. Carded. Uses replacement bulbs 193/194.

79037 Amber Light *#V128A* _6_
79038 Red Light *#V128R* _6_

Replacement Lens only:
13272 Amber Lens *#108-15A* _10_
13273 Red Lens *#108-15R* _10_

DRY LAUNCH SUBMERSIBLE COMBINATION CLEARANCE/ SIDE MARKER LIGHT

Side marker and clearance light combination. 360° viewing. Submersible, air-trap design, Lexan lens. With twist-out socket to change bulbs. Use red for rear lighting and amber for front lighting. Skin packs.

746171 Amber Light *#202A2R-9913* _10_

LIFESAFE REFLECTIVE PRODUCTS

47884
47882

• Apply only at temperatures above 10ºC (50ºF). • Apply to surface free of any dust, dirt, grease or moisture. • Apply to clean, smooth surface, metal, plastic, fiberglass or wood. • For maximum reflective value, tape should be mounted as close to eye level as possible.

47887

47886

REFLECTIVE SAFETY PRODUCTS – DOTC2
Products made to provide added night-time safety through reflectivity.

• Manufactured to a minimum 700 candlepower brightness, typically 1000 candlepower. • Long distance visibility allows motorist time to take corrective action much sooner. • Seven plus years durability. • Stays clean, withstands brushing, dirt, grime and high pressure steam sprayers. • Easy to apply, rub firmly into place. • FOR: Automotive, recreational vehicles, trailers, farm machinery, marine, sign marking, general household and workplace uses, mail boxes, post markers, door markers.

Highly Reflective Tape, Single Pack:
47884 Red, 1.5" x 4 ft. #RE804 **1**
47882 Red/Silver, 1.5" x 4 ft. #RE800 **12**

Highly Reflective Strips:
47887 Red, 2" x 12", 4 Strips/Pack #RE207 **1**
47886 Red/Silver, 2" x 12", 4 Strips/Pack #RE206 **12**

LIFESAFE HIGHLY REFLECTIVE STICK-ON REFLECTORS

• Stick-on reflec-tors mount to any clean surface. • Meets and exceeds DOT and SAE requirements for reflectors. • Low profile - can't be knocked off like molded reflectors.

Stick-On Lens Reflectors, Pk/2:
44266 Amber, 2" x 3.5" #RE7070RV **12**
44288 Red, 2" x 3.5" #RE7071RV **12**

EMERGENCY WARNING TRIANGLES

Design reduces wind resistance; meets all DOT specs and FMVSS 125 require-ments. Red plastic case. Size, Each Triangle: 17-1/4" W x 16-1/2" H.

30141 Set of 3 Triangles #1005-1 **12**

OPTRONICS REFLECTORS

RE-10 SERIES RECTANGULAR REFLECTORS

Acrylic rectangular reflectors for surface mount. Self-adhesive. Dim.: 3-3/16" x 1-7/16". Polypack.
