THUMB LOCK "GRIP" FASTENERS

Thumb Lock is a strong, durable, easy to use fastening system that quickly secures portable TVs, computers, and countless other objects at risk from falling on boats and RVs. Quick-release locks open easily to release and reattach equipment. Fasteners attach with industrial strength 3M peel & press adhesive pads, which attach easily and bond strongly to most nonporous materials. Mounting holes allow the fasteners to be screw-fixed for added strength or to surfaces not suitable for adhesive attachment.

TV GRIPS

Two-corner kit designed for 13" TV or similar size equipment. Holds laptops and countertop appliances safely and securely. Safe on finished wood wood and equipment. Fastener size: 1" x 1".

SEW-IN SLIDE TAPE**

For use with track Type "C". Our new nylon woven curtain tape is an excellent way to add curtain carriers to your project. The plastic carriers are heat bonded to the woven ape for a long lasting application and are more secure than direct sew-in installations. The nylon tape will not shrink or discolor and is more like the fabric it is being sewn to for a more professional look.
