NON-TOXIC RV ANTI-FREEZE

Non-toxic antifreeze protects fresh water plumbing system on trailer or boat. Made of propylene glycol. 1 gallon containers.

Non-Toxic -50° Anti-Freeze:

24181 30% Propylene Glycol, Cannot be Diluted (Image may differ. Not for sale in Canada) #STA-SAFE -50 ONE

Made of Ethanol, 3.78L Containers:

25891 -50°C, Ethanol Base, Cannot be Diluted #15-334

RV POTABLE WATER PUMP by WFCO

NEW!

POWER DRIVE SERIES ONE

• Enjoy steady and reliable water pressure for the entire RV. • Self priming and dry running. • Pump rated to deliver 3.0 GPM. • Same footprint for easy and direct replacement of most RV water pumps. • Patented four chamber design improves efficiency while maintaining stable water pressure. • Features a sealed motor with corrosion resistant materials for extremely quiet operation. • UL® cUL® Listed. • Size: 7.65” x 4.35” x 4.35”

20396 RV Water Pump, 3GPM #PDSIRV25

SHURflo DRILL PUMP

Attaching to any standard drill motor, the drill pump has a variety of fluid transfer uses. Ideal to pump water from appliances, sinks, toilets, or drums. 1/4” oil probe easily allows the transfer of oil from cars, boats, small engines and equipment. Not intended for use with flammable liquids or in flammable environments.

25948 Drill Pump #3010-000

SHURflo AQUA KING™ MINI 1.0 PUMP

The SHURflo® Aqua King™ Mini 1.0 pump delivers quiet operation and smooth performance while providing the ultimate in durability and reliability. This 12 VDC pump is designed and built for single fixture fresh water delivery applications.

Order # Mfr. # Voltage Dimensions Flow Rate Amps (Max) Shut-Off Pressure

20111 #1901-0013 12 VDC 6.40” x 3.20” x 4.50” (162 x 81 x 114mm) 1.0 GPM (3.8 LPM) 3.0 30 PSI (2.0 BAR)

2.9 gpm (10.1 lpm) TRIPLEX DIAPHRAGM SERIES WITH QUICK-CONNECT FITTINGS AND LOW CYCLING BY-PASS

FEATURES: Self priming. • Dry running. • Soft, noise absorbing mounts. • 1/2” snap-in port fittings. • Corrosion-resistant materials. • Smooth operation without accumulator tank. • Built-in pulsation eliminator. The 12V replacement RV water system pump draws 7.0 amps max., a Santoprene diaphragm, and EPDM rubber valves. Overall 9.035” L x 4.240 W x 4.263 H.

28300 Automatic Water Pump System #039261444

JABSCO® multiple outlet automatic 12V water system pump

• Self priming up to 10 ft. • Easy installation with snap-in ports for 1/2” ID hose or 1/2” Qest threads. • Vibration and shock reducing bumpers. • Run-dry ability. • Pressure switch cut-in 15 psi/cut-out 25 psi, low pressure, or cut-in 20 psi/cut-out 40 psi high pressure. • Thermal overload protection automatically stops motor should it overheat due to overload, with auto re-start feature. Par-Max 3 provides up to 3 outlets with a 3.5 gpm/13.2 lpm. 4.75” H x 4.24” W x 9.00” L.

28798 Water System Pump 3.5 GPM #32600-0092

SHURflo REVOLUTION™ 4008 SERIES PUMPS

SHURflo’s New Revolution™ fresh water pump design was created with a unique one-piece diaphragm and internal by-pass, assuring long life and top performance in all plumbing systems. Designed as the next legendary pump to exceed the expectations of our customers, the Revolution™ pump is constructed for high flow demand, low noise and no rapid cycling. SHURflo’s quality reputation has been built on the reliability and dependability of every pump we build. The Revolution™ fresh water automatic demand pump is super quiet, thermally protected and can run dry without damage.

Order # Mfr. # Voltage Dimensions Flow Rate Amps (Max) Shut-Off Pressure

FluxJet automatic water system pump

Mounts in any position.
SHURflo
CLASSIC™ SERIES
MULTI-FIXTURE AUTOMATIC DEMAND PUMPS

These legendary pumps have set the standard for the RV Industry. SHURflo’s 2088 pumps are equipped to deliver high performance and reliability every time they are used. SHURflo’s potable water pumps operate three independent pumping chambers which allow the pump to self-prime and lift water up to 12 feet. With smooth flow and uninterrupted operation, the Classic™ Series pumps include a built-in check valve to prevent back flow into the tank. Each pump features an adjustable switch and has the capability to run dry without damage to the pump or motor.

SLV SINGLE FIXTURE AUTOMATIC DEMAND PUMP
This compact automatic demand fresh water pump offers durability and dependability making it ideal for low volume, intermittent duty applications. The 105 pump self-primes up to 2.5 vertical feet while delivering over 1.0 GPM. A 12 volt low power consumption motor, equipped with thermal protection and long life pressure switch rated to 30 PSI, provides high pump performance and reliability.

SHURflo PUMP SILENCING KIT
Connects to the inlet and outlet of your water pump to silence unwanted pump noise while reducing water hammering. Kit includes 2 ea 36” soft tube risers and 2 ea 1/2” male connectors for connection to any RV pump.

28162 Pump Silencing Kit #94-591-01
THE RV WATER SYSTEM THAT FUNCTIONS JUST LIKE AT HOME!

AQUAJET VARIABLE SPEED RV WATER PUMP

The Aquajet RV pump employs state-of-the-art electronics to automatically control motor speed—the pump actually adjusts its speed as you open and close water fixtures. Aquajet’s soft start feature eliminates annoying rapid cycling, and its exclusive 5-valve design can deliver twice the flow and pressure of conventional RV industry pumps. Greater flow—The Aquajet automatically overcomes pressure drops typically caused when multiple fixtures operate at the same time. Aquajet’s patented 5-chamber design displaces substantially more water per motor revolution than typical 3- and 4-chamber models currently used in the RV industry, making it one of the highest-flow diaphragm pumps available. Positive shut-off at 75-85 psi, to keep up with today’s sophisticated filtration systems and extensive plumbing systems. Silent operation—At performance levels similar to competitive pumps, the Aquajet will be as much as 90% quieter, due to slower speed and superior hydraulic energy transmission. Smoother flow—Aquajet’s patented variable speed controllers, with additional “smart” features, eliminate all rapid cycling within normal flow ranges. The innovative 5-chamber construction, including the patented screw-free diaphragm, minimizes pulsation found in other pumps. Longer switch life—Electronic control circuits and integral pressure switch minimize switch arcing during starts and stops. Easy installation—Universal mounting option allows easy retrofits for virtual plug-and-play performance. 2-year mfr. warranty. For virtual plug-and-play performance. 2-year universal mounting option allows easy retrofits from excessive pressurization.

AQUAJET PUMP SPECIFICATIONS

| Motor: | 12VDC, permanent magnet, totally enclosed, non-ventilated |
| Temp Limits | Capable of sustaining continuous running for 1 hour (RV) or more (ES) before auto reset thermal shut-off. |
| Pump Design | 5 chamber diaphragm pump, self-priming, can run dry |
| Pump Housing | Polypropylene Material |
| Controller Housing | Nylon |
| Valves | Epdm |
| Diaphragm | Santoprene |
| Fasteners | Stainless steel |
| Liquid Temperature | 140°F (60°C) max. |
| Pump Certifications | IAPMO, NSF |
| Priming Capabilities | 13 feet (RV), 10 feet (ES) |

87255 Charge n’ Flow Portable Pump Kit #RP280KR 4

CHARGE N’ FLOW PORTABLE PUMP KIT

Charge N’ Flow is the first portable pump of its kind to include three convenient power options making pumping on the go both easy and flexible. Just Charge and Pump! It’s capable of pumping hot or cold freshwater, seawater, antifreeze and even diesel. Because of its portability, it is also ideal for many household applications. The kit comes complete with a 12 volt 280 GPH pump, eight feet of hose, spray nozzle, enclosed battery, AC battery charger, battery clip adapter, and a vehicle power adapter. It also includes a filter for use in submersible mode, or when the filter is removed, the pump can be used in line. The pump is compact, only 5.5 inches tall and 1.5 inches in diameter. It can handle up to 100 gallons of water per charge. When connected to a car battery, it can pump endless amounts of water! Other Specifications: Charge Time: 10-12 Hours; Case Dimensions: 8.5” x 12” x 4.25”; Hose Outlet: 1/2”; Pressure: 11 PSI; Pump Materials: Acetal; Amp Draw: 12.0 V @ 2.0 Amps; Fuse Size: 5.0 Amps; Max Head (Height): 26’ @ 12 V; Battery: 2000 mAh “AA” Ni-MH x 8 cells, Included with Kit. Multiple Uses for Indoor & Outdoor. The Charge n’ Flow submersible pump is ideally suited for pumping fresh and sea water or diesel, refueling and transfer, home & garden, pluming, windshield fluid transfer, camping & kayaking, washdown for cars, RV, anchors and boats, bilge or storm water emptying.

FASTENERS UNLIMITED SWIVEL SPRAY AERATOR

Deluxe combination faucet aerator/spray unit. Patented diaphragm action automatically returns spray to aerated stream position when water is turned off. Swivels 360°. Dual thread 15/16-27 and 55/64-27 for use on faucets with inside or outside threads.

40536 Swivel Spray Aerator, Plastic/Brass #01795 2

**SHURflo 4048 High Flow Multi-Fixture Automatic Demand Pump**

The next pump in the bypass Flow Reaction Technology Series, this pump has a unique one-piece diaphragm and internal bypass to assure smooth flow, long life and top performance in any plumbing system. Designed and built for high flow, low noise, smooth flow with no rapid cycling and SHURflo reliability, this fresh water demand pump is quiet and can run dry without damage. Mounts in any position. This pump is designed to replace both the 4900 and 5900 Smart Sensor series products.

- **4 GPM, 12VDC, 55 PSI, 10 Amps**
- **20466** 4048 High Flow Multi-Fixture Automatic Demand Pump #4048-153-E75 12

**SHURflo Extreme™ Series High Flow Strainer**

Keep your Smart Sensor™ 5.7 pump flowing strong by protecting it from debris in the water. SHURflo highly recommends the use of the Extreme™ Series High Flow Strainer. Engineered to complement the Smart Sensor's higher performance, the High Flow Strainer is easy to install, and even easier to clean.

- **27894** High Flow Strainer (for Coast #27681) #254-266 24

**SHURflo Extreme™ Series Pump Fittings**

Quick connect/disconnect fittings to help you customize the installation of your Smart Sensor™ 5.7 pump. Use to adapt Extreme Series pump (Coast #27681) to non-standard applications.

**VALTERRA RV Pump Kit**

These flexible high-pressure pigtails absorb the initial surge of pressure when your pump cycles on and off eliminating noises like water hammer associated with your rigid fresh water plumbing. Includes two high-pressure hoses 1/2" x 36" and two nylon fittings for adapting female threaded fittings.

- **20083** RV Pump Kit #P23512PB 6

**ATTWOOD 2-Way Faucet/Hand Pump with Barbbed Fitting**

Works as a dependable easy-to-use hand pump that brings water immediately or as a standard faucet. Use with 1/2" pipe, female thread fitting. 3" H from base to top.

- **763345** 2-Way Faucet #6143-1 24

**PAR Pump & Faucet**

Economical centrifugal pump is whisper quiet and delivers a generous 1 gpm flow at the lowest current draw. Water may "free-flow" through pump which mounts directly at output port on most water tanks. 12V; approx. 1.6 Amps. Faucet includes switch. Both faucet and pump have 3/8" barb fittings.

**SHURflo Accumulator Tank**

Pre-charged accumulator tank controls water pressure; reduces cycling pulsation and harmful pressure spikes while minimizing power usage. Quiet accumulator mounts in any position, and is compatible with hydraulic shut-off valves. Internal bladder keeps air from dissolving into the water. Pre-charged pressure is 30 psi; maximum operating pressure is 125 psi. The 1/2" x 14 MPT x 2 liquid inlet and outlet ports are interchangeable.

- **24562** Accumulator Tank #182-200 12

**ATTWOOD RV PUMP KIT**

Economical centrifugal pump is whisper quiet and delivers a generous 1 gpm flow at the lowest current draw. Water may "free-flow" through pump which mounts directly at output port on most water tanks. 12V; approx. 1.6 Amps. Faucet includes switch. Both faucet and pump have 3/8" barb fittings.

**SHURflo 4048 High Flow Multi-Fixture Automatic Demand Pump**

- Smooth Flow
- Reduced Cycling with Flow Reaction Technology™
- Modern ‘green’ design for reduction of hazardous waste and power consumption
- 4 GPM and 55 PSI high performance
- Automatic thermal overload protection
- Runs dry without damage
- Built in check valve prevents backflow
- Dry primes to 6 vertical feet
- Automatic demand
- 4900 & 5900 Smart Sensor Replacement (Coast #27681 and 28260)
- 2-Year Limited Warranty
- Meets CSA, CE, e-Mark and C-Tick standards.

### Leisur Components Products

**Triple Action Hand Pump and Water Fixture**

Combo Hand Pump mounts above the counter; Low Boy Hand Pump fits down into counter top. Both feature 3-way action: Full stroke of the handle delivers a constant high volume water flow from the diaphragm hand pump. Finger tip lift of the handle to the up position activates a single-fixture electric pump. Finger tip push of the handle to the down position delivers a steady flow of water from a city water hook-up. Either can be set up to perform any combination of the above functions. 20231 is 4” x 4” x 2” H; 20233 is 4” x 4” x 21/2” H. **Repair kit** for all #131 models includes a spout seal, seal washers, washer spacer, retainers, seal-poppets, plunger, diaphragm, diaphragm support, washer and screw, gasket, and spring. Completely re-builds all #1311 models.

**Triple-Action Hand Pump:**
- **20231** Combo Pump #131-1 [g]
- **20233** Low Boy Pump #131-4 [g]
- **25096** Hand Pump Repair Kit for #131 Models #199-9 [g]

**Hand Pump**

Combination hand pump and city water. Just a touch of the finger brings a steady flow of water. Housings are tough, easily cleaned molded ABS. Spouts are chrome plated brass.

- **27163** Manual Low Boy #131-5 [g]
- **25096** Hand Pump Repair Kit for #131 Models #199-9 [g]

### Valterra Rocket Hand Pump

Special prime-lock feature makes this pump lock in the off position...eliminates need to prime before use. High flow piston action design.

- **20345** Hand Pump, Chrome (Not approved for sale in CA and VT) #BP800 [g]

### Shurflo Single Control Electric Faucet

SHURflo’s finely crafted electric faucet for use in single fixture applications. This faucet has 3-direction 360° rotation and its superior valving offers adjustable flow rates with a pump or city water system. Integral 12V switch. For pressures up to 87 psi (6 bar). Rugged ABS construction. 1-yr. limited mfr. warranty. 3 amps max. White.

- **25800** Single Control Electric Faucet #94-009-10 [g]

### Zebra RV Accessories “Pump” Combo Water Pump & Faucet

For marine, RV and van use. When using tank water activate handle in upright position, using short strokes. When using city water, move handle down slowly to open CW valve. Hold in this position for quick use. Press down completely to lock for continuous city water flow. Handle has lock position for traveling, to prevent tank drain. Packaged.

**Combo Water City Pump & Faucet:**
- **20165** Colonial White #R3700-CW [g]
- **20166** Polar White #R3700-PW [g]

### Phoenix Replacement Parts

**STEM & BONNET ASSEMBLIES**
- **23384** Stem and Bonnet Assembly for Exposed Fitting, Right-or Left-Hand, for Use with Metal Lever Handles, CD/2 #9-40-5-ORLH [g]

PHOENIX IS CHANGING EVERYTHING.....
The biggest faucet innovation in decades is available from Phoenix Products. We pioneered the use of plastic in faucets. And now we're excited to introduce the next big leap in faucet technology.

HYBRID FAUCETS

The Best of Both Worlds
- Plastic resin and metal powder combine to make a tough new poly-metal material
- Plastic makes it corrosion resistant against hard water and harsh chemicals
- Metal powder creates durable, high performance parts
- Single piece molded underbody ensures no leak points
- Made from lead free, eco friendly materials
- Sturdy brass encased shanks
- EPA WaterSense certified means up to 45% water savings
- Green manufacturing practices mean environmentally friendly processes free of toxic chemicals

METAL TOUGHNESS PLASTIC ECONOMY

3 Hole or single Hole Mount in One Box!
This single handle pull out has a sturdy, flexible 56” hose that allows smooth, effortless pull out and a stream or spray button. It's designed to be mounted as a 3 hole or single hole and comes with hardware for both. Extended length supply lines make hook up fast and easy. Ceramic disc cartridge for years of reliable operation.
