ECO-SMART™
PRODUCTS
HOLDING TANK
DEODORANT**

EcoLogo is North America's oldest, most-recognized and respected environmental standard and certification organization. It is the only standard accredited by the Global Eco-Labeling Network that meets the international standard for environmental labels. To meet stringent EcoLogo criteria, a holding tank additive must:

- Control odors and help decrease waste materials.
- Be biologically-based and non-toxic.
- Not harm humans or riparian and aquatic species.
- Not accumulate in the environment.
- Have limited surfactants that biodegrade.

FORMALDEHYDE-FREE FORMULA

- Quickly breaks down and liquefies waste and tissue to prevent messy clogs.
- Superior odor control.
- Detergent additive keeps tanks clean.
- Non-staining green dye washes clean with soap and water.
- Liquid or Toss-Ins, the ultimate in convenience!

Formaldehyde-free Formula:

**VALTERRA NO-FUSS FLUSH®
AND ACCESSORY KIT**

The jet stream spray from the No-Fuss Flush® unit removes and flushes away deposits from inside the holding tank. Installs permanently to waste or gray-water tank. Rinses tank quickly and easily. Eliminates the need to drag a hose inside the RV to flush out the holding tank. Connect No-Fuss Flush® to outside wall of RV for easy hook-up. Check valve included. Accessory kit has chrome-plated inlet and fittings. Order the **Accessory Kit** with the No-Fuss Flush®. Kit includes a chrome-plated water inlet, plus 2 hose couplings and hose adapter. The water inlet mounts to the exterior of your RV.

No-Fuss Flush®:

28091 25/Pack #V22016 8

SEPTIC POWER
SEPTIC SYSTEM
DE-CLOGGER &
MAINTAINER
by OP PRODUCTS INC./
VALTERRA PRODUCTS INC.

Keeps your septic system healthy. The whole objective to maintaining a properly functioning septic system is to keep the bacterial colonies healthy and multiplying in the tank, which will keep the sludge level down and reduce inconvenient pump-outs. Increases in the sludge level may overload the system and create a messy and expensive problem. Excessive use of bleach, acids, disinfectants, or other caustic cleaners can cause sludge build-up. A normal system needs regular applications of Septic Power to prevent sludge build-up and maintain a healthy, flowing system.

27579 Septic Power, 32oz.

PURE POWER BLUE
Waste Digester & Odor Eliminator

with **BioBlastPlus™** Odor Control Technology

Chemical Free • Completely Biodegradable • Ultimate Performance

Pure Power Blue is an all-new biological formula developed to perform without fail under any temperature condition. With its proprietary *BioBlastPlus™* odor control technology *Pure Power Blue* is the only holding tank treatment available today that can offer all natural, all temperature *instant and continuous* odor control in both black and gray tanks.

Over a decade in the making, the new *Pure Power Blue* is truly the ultimate RV holding tank treatment, featuring:

- Economical **2 oz.** treatment for black or gray tanks
- Unconditional odor control
- Complete breakdown of waste and toilet paper
- 100% non-toxic, biodegradable formula

Clean and green starts with Blue.

OPProducts, Inc.

• Same great product – new packaging!
• 100% biodegradable.

THETFORD

THETFORD SPECIALTY CHEMICALS

LEVEL GAUGE CLEANER

- Repairs level sensors failure from tissue, waste, sludge and soap scum build-up.
- Superior probe and tank cleaner. • Solve a problem or, with regular use, prevents one.
- Works in both gray and black water tanks.
- Patented formula. • Design for the Environment (DfE).

27416 Level Gauge Cleaner, DfE, 24 oz. Bottle (19 oz. Dry Weight) #24545 12

GREY WATER ODOR CONTROL

- Sink and shower additive that dissolves grease, and cooking and cleaning residues.
- Eliminates and prevents odors in drains and vents. • Prevents grease build-up in holding tank. • Won't damage valve seals.

27414 Grey Water Odor Control, Liquid, 24 oz. Bottle #15842 6

DRAIN VALVE LUBRICANT

- Lubricates holding tank systems and drain valves. • Prevents seal wear and sticky drain valves. • Restores easy valve operation.
- Coats plumbing line for smooth tank outflow.
- Works in both grey and black water tanks.

27415 Drain Valve Lubricant, Liquid, 20 oz. Bottle #15843 12

THETFORD TOILET SEAL LUBRICANT/ CONDITIONER

- Petroleum free lubricant extends toilet seal life. • Helps prevent sticking and promotes smooth toilet operation.
- Penetrates seal to lubricate and condition entire seal. • Use throughout season and for winterization.
- Compatible with Thetford chemicals and RV/Marine antifreeze.

28382 Toilet Seal Conditioner/ Lube #36663 6

TISSUE DIGESTER

- Prevents tissue buildup in the black water tank and drain lines. • Effectively breaks down tissue in holding tanks and helps relieve a tissue-clogged line. • Keeps drain lines clean and free-flowing. • Digests waste and cleans tank.
- Patented formula. • Design for the Environment (DfE).

27104 Tissue Digester, DfE, 24 oz. Bottle (19 oz. Dry Weight) #15844 6

THETFORD

ARIA DELUXE II TOILETS by THETFORD

Cosmetic and performance enhancements compared to the Aria Deluxe I:

- **BEIGE BUTTONS – MORE NEUTRAL.**
- **SMALLER FLUSH NOZZLE – PROVIDES POWERFUL FLUSH! STAYS CLEANER.**
- **REDESIGNED MECHANISM – ELIMINATES CHANCE FOR TISSUE JAMS.**

Fingertip convenience! To flush: Just press... then walk away! To add water: Press and hold.

Great performance!

- Pulsating flush provides superior washdown. Microprocessor-driven dual nozzles create an oscillating flow. • Saves water. Uses about half as much per flush as the competition. •

Full-size comfort.

- Higher comfort level built in. The high-profile seat height is 17 1/2"—most requested by RVers. • Elongated full residential-size seat and bowl allow owner customization.

Covered by Thetford's 1-year Warranty.

- 24 7/16" Deep x 12 3/4" Wide. • High profile is 17 1/2" H (lid closed), 36" lid (raised).
- 11" wall to outlet centerline rough-in.

Aria Deluxe II Toilet, Button-Flush:

SEALAND CHINA TOILETS

- **Lasting finish...** Durable china resists stains and scratching and keeps its brilliant, high-gloss finish for years.
- **Water efficient...** Effective rim flush action uses about a pint of water per flush.
- **Proven reliability...** Exclusive self-cleaning flush ball with Teflon® seal locks out holding tank odors.
- **Easy, cost-efficient upgrades...** No matter what brand of RV/marine toilet you currently own, upgrading to a fine china Traveler toilet is easy.

TRAVELER 510 Plus —JUST LIKE HOME

Traveler styling, powerful rim wash, a deeper bowl, more seat height and a household-size seat for enhanced comfort.

TRAVELER® LITE™ SERIES

Lightweight china toilets for towables.

Traveler Lites are SeaLand's lightest china toilets. The lustrous, vitreous china bowl provides all the beauty and easy cleanability of a household toilet, while the household-size seat and lid provide the same comfort. It's the perfect alternative to plastic toilets. Gravity discharge.

Traveler Lite 210 Toilet, Standard Height:

- 28484** White #302621001 ♦ 1
- 28483** Bone #302621003 ♦ 1

SEALAND by DOMETIC MODEL 310 GRAVITY-DISCHARGE TOILET

Full-size, light weight, simplified design – perfect for today's RV

The Dometic model 310 toilet features easier operation, more comfortable features, and more reliable performance than many other gravity-discharge toilets.

Flushing with as little as 1 pint/0.4 liter of water, the 310 delivers a pressure-enhanced "PowerFlush" rim wash that clears the bowl virtually in an instant! With a new one-direction pedal, the user presses down slightly to add water to the bowl (if needed), then presses down completely to flush.

The smooth continuous lines of Dometic's new uni-style bowl/base design delivers enhanced visual appeal, and makes routine cleaning much easier. And for RV winterizing, 310 toilet components prone to freezing (water valve, vacuum breaker) can be easily removed for warm storage.

KEY FEATURES: • Powerful bowl-clearing flush every time. • Conserves water – uses as little as 1 pint / 0.4 liter per flush. • Full-size residential-style ceramic bowl and tall seat height for user comfort. • Ergonomic-height foot pedal for easy operation. • "One-direction" to add water and flush – just press pedal to operate toilet. • Easy installation – just fasten to floor flange and connect water line. • Replaces most older RV toilets.

POWERFLUSH FEATURES: **One-direction** Foot Pedal Releases high-powered charge of water and air through bowl with every flush. **Full-size Seat and Ceramic Bowl** Provides premium, homelike comfort. **Open Rim Jets** Rushes water completely around perimeter to help clear bowl quickly.

SPECIFICATIONS FOR DOMETIC 310 TOILET: • Flushing Technology: Gravity discharge, • Overall Dimensions: 15 x 19 x 20 in. (381 x 483 x 508 mm), • Seat Height: 18 in. (457 mm), • Hand Sprayer: Optional, • Weight: 24 lbs. (10.9 kg).

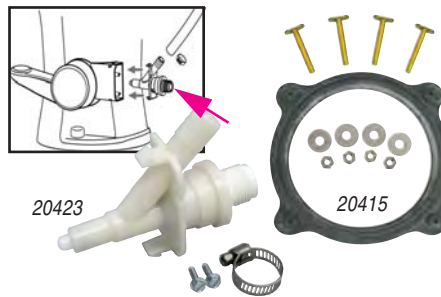

MINIMUM SYSTEM REQUIREMENTS: • Water Supply: 0.5 / 13 mm in. ID, Flow rate: 3.0-5.0* gpm/11.4-18.8 lpm recommended, 2.0 gpm / 9.5 lpm minimum; • Static pressure: 30-100 PSI / 206.8 - 689.5 kPa; • Discharge: 3 in. / 76 mm floor flange connection ID.

* Water supply that exceeds 5.0 gpm may require flow restrictor at toilet inlet. Specifications subject to change without notice.
