

dicor

your rubber roofing solutions

Extend the Life of Your Rubber Roof

Our 2 part commercial grade system combines a cleaner/activator necessary for proper roof preparation with an acrylic coating to provide an excellent protective barrier for extending the life of the EPDM rubber membrane. For use on new or weathered surfaces. Requires two coats for adequate protection.

Easy Application • Quick Drying Time
 Superior Weatherability • UV Resistant
 Fire Retardant • Excellent Protective Barrier • Saves Over 25% in Labor
(as compared to comparable systems)

The Rubber Roof Coating System

DICOR PRODUCTS RUBBER ROOF COATING SYSTEM

Extend the life of your rubber roof! Two part, commercial grade system combines a cleaner /activator necessary for proper roof preparation and an acrylic coating that provides an excellent protective barrier for extending the life of the EPDM rubber membrane. Saves over 25% in labor compared to similar systems. Quick drying time.

PART 1: CLEANER / ACTIVATOR

Cleans and prepares EPDM roofing for maximum adhesion of acrylic coating. Spray on and rinse off thoroughly. Coverage rate of 1 qt. per 125 sq. ft.

46891 1 Qt. Rubber Roof Cleaner/Activator #RP-CRP-Q 4

PART 2: ACRYLIC COATING

Excellent protective barrier extends the life of your rubber roof membrane. Provides superior weatherability, UV resistance. Use with Dicor Rubber Roof Cleaner/Activator for proper adhesion. Requires two coats. Coverage rate of 1 gallon per 125 sq. ft. per coat.

46892 1 Gallon White Rubber Roof Acrylic Coating #RP-CRC-1 4

RV ROOF RENEW KIT

Make your roof look new again! Includes four gallons of Dicor White Acrylic Roof Coating, two quarts of Dicor Cleaner/Activator one 4"x50' Roll Coating Ready Cover Tape, one Metal Pan, one 9" Paint Roller, two 9" Roller Covers, one Roll 1" Masking Tape. Each kit comes with a warranty and easy to follow instructions. Contents will cover a 30 ft. unit. Individual components can be purchased separately.

85933 RV Roof Renew Kit #RP-RRK-30 1

ELASTOMERIC RV ROOF COATING SYSTEM

For Use on Metal & Fiberglass RV Roofing
 (NOT RECOMMENDED FOR EPDM RUBBER OR TPO ROOFING)

Dicor Elastomeric RV Roof Coating protects and beautifies metal, aluminum, steel, fiberglass and previously coated RV roofs. Dicor Elastomeric RV Roof Coating is formulated with 100% Acrylic Elastomeric resins to form a rubber-like coating that will expand and contract with the roof movement. Arctic White RV Elastomeric is brilliant white to provide a superior reflectivity, thereby lowering interior temperatures. Requires two coats for adequate protection at an application rate of 1 gallon per 80 sq. ft. per coat.

Elastomeric Roof Coating:

44742 Quart #RP-MRC-Q 6

44744 Gallon #RP-MRC-1 4

COATING READY COVER TAPE

For Use on Metal RV Roofing

Dicor Coating Ready Cover Tape is a fabric backed sealing tape for use on metal RV roofing seams prior to coating. Its aggressive grip provides immediate sealing on contact and cures completely in 24 hours. Must be followed with Elastomeric Coating.

44740 Coating Ready Cover Tape #RP-CRCT-4-1C 4

With years of experience in the manufacture and distribution of EPDM rubber roofing for RV's, Dicor now brings you a full line of care and maintenance products made specifically for your roofing needs.

EPDM RUBBER ROOF REPAIR MEMBRANE

Repairs punctures, tears and breaks in EPDM rubber, TPO plastic, metal and fiberglass roofing. This easy to use peel and stick material is made of self-adhering EPDM rubber and conforms to most shapes and surfaces, yet remains flexible and strong.

Rubber Roof Repair Membrane:

78929 6" x 25' Roll #533RM-6 1

78721 12" x 25' Roll #533RM-12 1

DiSEAL SEALING TAPE

A flexible weather resistant compound designed for sealing EPDM rubber, TPO, fiberglass, wood, plastic, steel or aluminum. Permanently seals most any leak immediately. Will not crack, peel or harden. Priced each.

DiSeal Sealing Tape, White:

44094 4" x 50' Roll #522TPO-450-1C 4

44099 6" x 6" Patch #522TPO-66-1C 12

DiSeal Sealing Tape, Silver:

44091 4" x 50' Roll #522AF-450-1C 4

44098 6" x 6" Patch #522AF-66-1C 12

PATCHIT ROOF REPAIR KIT

Allows for easy repair of punctures, tears, and breaks that can occur in RV and Manufactured housing roofs. The kit includes a 9" x 10" peel and stick EPDM rubber patch and a tube of lap sealant. Quite versatile by design, it can be used to patch EPDM rubber, TPO plastic, metal and fiberglass roofing.

49328 Patchit, White #402-PR 12

BUTYL TAPE

Ideal for sealing uniquely shaped joints. Installs quickly, without gaps. Apply along unusual patterns. Because the sealant is on a continuous roll, installer can work fast and be virtually assured that there are no skips or runs in the seal. Priced each.

79233 Butyl Tape only, 1/8" x 3/4" x 30', Each #BT-1834 24

RUBBER ROOF CLEANER

Formulated specifically for RV rubber roofing. This bio-degradable deep cleaning formula lifts dirt and grime, yet gentle on the surface. Simply spray on, brush with a soft bristle brush and rinse off. For best results follow with Dicor Roof Gard Roof Protectant.

46893 16 oz. Concentrated #RP-RC160C 12

Ready to Use Rubber Roof Cleaner:

46894 32 oz. #RP-RC320S 6

48304 128 oz. #RP-RC-1GL 6

ROOF-GARD RUBBER ROOF UV PROTECTANT

Helps prevent your EPDM rubber roof from fading, oxidizing, drying and cracking. caused by harsh UV rays. Mild, non-abrasive formula keeps surfaces cleaner longer with no residue or oily build-up. Contains no silicone, waxes, glycerine or petroleum distillates. Simply spread evenly with mop or cloth and let air dry. Will not harm rubber roofing.

Roof-Gard Protectant:

46895 32 oz. #RP-RG320S 6

48305 1 Gallon #RP-RG-1GL 6

DICOR RUBBER ROOFING SYSTEM

Dicor Roofing Systems assures a watertight roof that is easy to maintain and saves energy through its heat reflecting characteristics. It is highly puncture and tear resistant, has superior tensile strength and withstands damaging UV rays. The membrane resists uneven weathering, fading or chalkiness. All Dicor Roofing Systems use the same three part installation procedure. These elements can be purchased separately or as a package in the 401CK roof installation component kit. 1/box.

EPDM RUBBER ROOF SYSTEM WATER-BASED BONDING ADHESIVE

Water Based Acrylic Bonding Adhesive is environmentally friendly and user safe. Provides excellent coverage and is easy to apply. Application rate of 160 sq. ft. per gal. Use on moisture absorbant substrates, NOT on metal, fiberglass or membrane to membrane applications.

Water-Based Adhesive:

- 49330 1 Gallon #901BA-1 4
- 78717 5 Gallon #901BA-5 1

DYCO PRODUCTS

#20/20 RV ROOF SEAM SEALANT

Resealing your RV's seams and roof on an annual basis can prevent leaks and could prevent thousands of dollars of damage to your motor home, travel trailer, fifth wheel, or mobile home. 20/20 is a premium synthetic rubber brush on, solvent based caulk sealant used exclusively for sealing seams. Once applied 20/20 Seam Seal gradually forms a flexible water resistant elastometric seal making it ideal for seams around vents, stacks & attached structures such as carports. May be applied at freezing or above. 1 gallon will cover about 50-200 square feet of surface depending on thickness applied and smoothness of the seams. *Not recommended for EPDM rubber roofs.*

20/20 Seam Seal:

- 46878 ^{LS} Quart, Clear #20/20C-4 1
- 46876 Quart, White #20/20-4 6
- 46875 Gallon, White #20/20-1 4

#890 ROOF SHIELD & SEAL

A solvent based rubber copolymer roof coating, specially formulated to provide a tough, water resistant seal that remains flexible. Due to its solvent base it will set up in 30 to 60 minutes, eliminating the danger of a wash-off due to a sudden rain. May be applied at freezing or above. When dried, this fortified coating is resistant to dirt pick-up. Protects, beautifies & insulates, with high reflective values for cooling your roof. *Not recommended for EPDM rubber roofs.*

#890 RV & Mobile Home Roof Coating:

- 46879 Quart, White #890-4 6
- 46880 Gallon, White #890-1 4

MARINE TEX EPOXY PUTTY

Marine-Tex, the legendary high-strength repair compound designed for filling, bonding and rebuilding wood, fiberglass, ceramic, glass, metal, masonry and many plastics. Repairs leaks in fuel tanks, water tanks, piping, and shafting. Marine-Tex is manufactured to the highest standards to meet the harsh demands of the marine and industrial environments, and solve many problems for home, auto and hobby applications.

Marine-Tex is a creamy paste consistency that can be applied on vertical or horizontal surfaces, easily fills gaps, and can be shaped to rebuild damaged components. Marine-Tex can be sanded or ground to shape, tapped and drilled, and finished with most common paints and coatings.

Marine-Tex, White (Not available in Canada).

738472 2 oz. Size #RM305K 25

738228 3/4 lb. Kit #RM306K 12

MARINE-TEX FLEXSET EPOXY ADHESIVE

Marine-Tex FlexSet is a non-sagging, non-shrinking, permanently flexible adhesive. Sandable and paintable, FlexSet resists vibration and bending failures by curing to a tough, flexible consistency that creates an air and watertight seal between mating surfaces.

Bonds to PVC, Hypalon®, ceramic, rubber, polyurethane, glass, acrylic, steel, fiberglass, polycarbonate, wood, ABS, aluminum, Lexan® and dissimilar materials.

Bonds dissimilar materials like PVC to copper. FlexSet outperforms PVC Cement! Because of the vibration and shock resistance, FlexSet is highly recommended for PVC pipe repairs. As bonded joints shrink and expand the FlexSet moves with them. Therefore, it won't crack or break from the surface.

47532 Flex-Set, 1-oz. (Not available in Canada) #RM321K 1

AP PRODUCTS

FIBERGLASS REPAIR KIT

A complete, epoxy and glass reinforced patch kit for all types of repairs to fiberglass fixtures, shrouds and housings commonly found on boats, autos, trucks and RVs. Contains enough material to repair or patch holes up to 1" in diameter or cracks up to 5" in length. Restores damaged areas to full operation in less than 20 minutes. Includes epoxy, sandpaper, fiberglass reinforcing cloth (10 sq. in.) and application brush. Clear. 30 gms. size.

25967 Fiberglass Kit #002-90230 12

DEVCON BATH/TUB REPAIR KIT, PLASTIC

Kit includes a 2-part epoxy system self-contained within a mixing pouch, fiberglass patch, sandpaper and application brush. Permanently fixes holes and cracks up to 1" dia. in 20 minutes, eliminating the need to remove tanks, tubs and shower stalls. Recommended for use on all types of plastic and fiberglass. Almond/White color.

25422 Tub Repair Kit #002-90216 6

AP PRODUCTS WINDSHIELD & HEADLIGHT REPAIR KIT

Damaged windshields and headlights can now be permanently repaired with this professional repair kit. Contains enough material for up to 10 repairs. Stops cracks from spreading and makes bull's-eyes and stars virtually disappear.

27303 Windshield & Headlight Repair Kit #002-90110 1

VLP VINYL REPAIR KIT

VLP fuses together without heat or patch. Easy to use—just apply and let dry. Forms a nearly invisible repair which is guaranteed to be stronger than the original vinyl. Use on seat cushions, indoor and outdoor furniture, awnings, rain wear, tarps, etc.

41298 VLP Repair Kit, Carded (Not available in Canada) #61Z09 6

COGHLAN'S SPORTSMAN'S REPAIR KIT

For on-the-spot repair of any vinyl, plastic or soft rubber item such as air mattresses, wading pools, boots, toys, etc. Kit contains four 11 1/4" x 1 1/4" rubber patches; one 2 1/2" x 4" rubber patch; .40 fl. oz. cement; 1 metal rasp.

42101 Sportsman's Kit #860BP 12

LIFESAFE SUPER SEAL TAPE

Emergency repairs, stops leaks, forms solid rubber wrap. Strips clean, leaves no messy adhesive or residue. Holds 100psi at 220°F. Works wet or dry, greasy or dirty. Shrinks about 3% to form an airtight, waterproof seal. Use for outdoor plumbing, automotive hoses, broken water lines, electrical cables, garden hose repair, boat and RV repair, wire bundles, extension cord connectors, sports equipment, tool grips, power tools and rope ends.

47900 Super Seal Tape, 1" x 16 ft. #RE3845ES 12

SIKAFLEX 221 & 291

HIGH-STRENGTH SEALANT

- Elastic bonding for toughest applications.
- Out-performs silicones and acrylics.
- Fast curing; excellent adhesion; non-corrosive; paintable; absorbs large joint movement; resists static electricity.
- Polyurethane-based; approved for potable water.
- Odourless and will not stain.
- Strong adhesion on metal painted surfaces, aluminum, wood, fiberglass and plastic surfaces. 310 ml., Case/12.

LIFE INDUSTRIES

LIFE-SEAL® SEALANT

A unique combination of marine silicone and polyurethane formulated especially for fiberglass. Offers fast-curing, low-odor, high-adhesion, non-sagging, non-corrosive, non-yellowing formula. Provides a durable, permanent, watertight seal for joints subject to structural movement. For above and below the waterline. Adheres tenaciously to metal, glass, wood, Lexan, ABS and other materials.

2.8-Fl. oz. Tube (US only):

15927 Black #1162-C 1

757233 Clear #1160-C 12

757234 White #1161-C 12

10.6-oz. Cartridge (US only):

757235 Clear #1169-C 12

757236 White #1170-C 12

LIFE-CALK® SEALANT

A long lasting, permanently flexible marine polysulfide sealant which can be sanded, painted and used above and below the waterline. Tack-free in 1 to 3 days dependent on quantity and conditions. Provides excellent resistance to teak oils, gasoline and diesel fuel. Will bond to fiberglass, wood, metal, glass and itself. Cures to a firm flexible rubber seal with excellent waterproofing and adhesion qualities. Use underwater for emergency repairs. Do not use on Lexan or ABS.

2.8-oz. Tube (US only):

738474 Black #1031-C 12

738475 White #1030-C 12

10.6-oz. Cartridge (US only):

740033 Black #1034-C 1

740032 White #1033-C 12

SILICONE RUBBER SEALANT

An all-purpose, non-corrosive, low-odor marine silicone sealant. Tack-free in 30 minutes or less. Fully cured in 24 hours. For above the waterline sealant applications. Will not shrink, crack, dry out or yellow. Superior flexibility and adhesion to fiberglass, plastic, metal and wood. Retains hardness, flexibility and tensile strength even after years of exposure. Not sandable or paintable.

2.8-oz. Tube (US only):

77699 Black #1142-C 1

754823 Clear #1140-C 12

754824 White #1141-C 12

28429 Bright White #28827 12

28428 White #28801 12

PRO FLEX RV BRUSHABLE

Pro Flex RV Brushable from Geocel will help stop leaks, prevent rust and is mildew resistant. It offers excellent adhesion even on damp and oily surfaces and can be applied at virtually any temperature. Paintable. Quart size (946ml).

48425 Crystal Clear, Qt. #23800 6

DYCO C-10 FLOW SEAL CAULK

A self-leveling caulk made with Dupont Hypalon® Rubber specifically for the RV/mobile home industry. An extremely weather resistant caulk (may be applied at -30° to 150°) that will not crack or surface harden. It is paintable, mildew resistant and dries fast. Great for horizontal applications such as roofs on RV's, mobile homes, vents, seams, etc. Not for EPDM rubber roofs.

Flow Seal Caulk, 11 oz. Tube

49488 Grey Caulk #C10-GREY 10

49489 Ivory Caulk #C10-IVORY 10

49487 White Caulk #C10-WHT 40

HI-TEC POLYURETHANE SEALANT PROJECT 1

A high performance, one part, all purpose sealant which forms a tough waterproof seal for outdoor applications. It is paintable and is an excellent choice for interior uses. It bonds to tile, glass, marble, ceramics, porcelain, brick, stone, concrete, other masonry surfaces, plastic, rubber, wood, painted surfaces and more.

46406 Polyurethane Sealant, 10-oz., White #4007 12

WEST SYSTEM
G-FLEX EPOXY

A toughened, versatile epoxy for permanent waterproof bonding of fiberglass, ceramics, metals, plastics, damp and difficult-to-bond woods. Contains two 4 oz. bottles of liquid epoxy (one 4 oz. resin and one 4 oz. hardener) in a plastic bag. G/flex Epoxy gives you 46 minute pot life and a long open or working time of 75 minutes at room temperature. It will reach an initial cure in 3-4 hours and a workable cure in 7-10 hours. G/flex has the ability to glue damp woods. It can be used on wet surfaces, even underwater when applied with specific techniques.

41732 G-Flex Epoxy Bottle, 2-4 oz
#650-8 12

WEST SYSTEM
105 EPOXY RESIN

105 Resin is the base material of the West System family of products, on which all of the West System compounds are built. The resin is a clear, pale yellow, low-viscosity liquid epoxy resin. Formulated for use with West System hardeners, it can be cured in a wide temperature range to form a high-strength solid with excellent moisture resistance. It is designed specifically to wet out and bond with wood fiber, fiberglass, reinforcing fabrics and a variety of metals. An excellent adhesive, 105 will bridge gaps and fill voids when modified with West System fillers and can be sanded and shaped when cured. With roller applications, it has excellent thin-film characteristics to flow out and self-level without "fish-eyeing." The resin cures clear so that you can achieve a natural finish when coating with varnish. It has a relatively high flash point and no strong solvent odor, making it safer to work with than polyesters. Resin viscosity is approximately 1000 cP (centipoise) at 72°F (22°C). **NOT AVAILABLE IN CANADA.**

Epoxy Resin 105:

44350 Quart #105-A 4
44351 .98 Gallon #105-B 4

EPISIZE™
GLASS TAPE

Versatile West System Episize™ 9-oz. woven fabric tapes are ideal for reinforcing chines, hull/deck corners and similar structural applications. When bonded with West System epoxy, they provide additional tensile strength to resist hairline crack development and abrasion.

NOT AVAILABLE IN CANADA.

44385 729, 2" W x 10' #729-10 1

ADHESIVE & FAIRING FILLERS

NOT AVAILABLE IN CANADA.

403 Microfibers, a fine fiber blend, is used as a thickening additive with resin/hardener to create a multi-purpose adhesive, especially for bonding wood. Epoxy thickened with microfibers has good gap-filling qualities while retaining excellent wetting/penetrating capability. Color: off-white.

404 High-Density filler is a thickening additive developed for maximum physical properties in hardware bonding where high-cyclic loads are anticipated. It can also be used for filleting and gap filling where maximum strength is necessary. Color: off-white.

405 Filleting Blend. This strong, wood-toned filler is good for use in glue joints and fillets on naturally finished wood. It mixes easily with epoxy and lets you create fillets that are smooth and require little sanding. Its color is a consistent brown, so 405 can be used to modify the shade of other West System fillers.

406 Colloidal Silica is a thickening additive used to control the viscosity of the epoxy and prevent epoxy runoff in vertical and overhead joints. 406 is a very strong filler that creates a smooth mixture, ideal for general bonding and filleting. It is also the most versatile filler in the West System line. Often used in combination with other fillers, it can be used to improve strength, abrasion resistance, and consistency of fairing compounds, resulting in a tougher, smoother surface. Color: off-white.

407 Low-Density filler is a blended microballoon-based filler used to make fairing putties that are easy to sand or carve. Reasonably strong on a strength-to-weight basis. Cures to a dark red/brown color.

410 Microlight™ is the ideal low-density filler for creating a light, easily-worked fairing compound especially suited for fairing large areas. Microlight mixes with greater ease than 407 Low-Density filler or microballoons and is approximately 30% easier to sand. It feathers to a fine edge and is also more economical for large fairing jobs. Not recommended under dark paint or other surfaces subject to high temperatures. Cures to a tan color.

APPLICATION TOOLS

NOT AVAILABLE IN CANADA.

800 Roller Covers.

Thin polyurethane foam roller covers are ideal for epoxy, paint and varnish application. Can be cut into shorter widths to match the application area and cut into brushes for tipping off fresh coats of epoxy. Covers are 7" wide and sold in packages of two.

803 Glue Brushes. Handy, disposable, 1/2" x 6" glue application brushes with a metal handle. These brushes are useful in a wide variety of small bonding and coating applications.

805-806 Poly Mixing Pots. Cured epoxy easily pops out of these strong, reusable plastic mixing pots.

807 Syringes. Reusable syringes that can be loaded with epoxy mixture for injecting into tight spots. Ideal for hardware bonding and plywood repairs. Holds about 0.5 fl. oz.

808 Flexible Plastic Spreader. Flexible, double-edged, reusable spreader for flow coating, fairing and filling applications, and applying fabrics. 3-1/2" x 6".

WEST SYSTEM

809 Notched Spreader. 4" x 4" plastic spreader with 1/8", 3/16" and 1/4" notches on 3 sides for quickly applying modified epoxy at a constant rate. Useful when laminating large panels.

810 Fillable Caulking Tubes. Great for injecting large amounts of epoxy, laying a lengthy bead of epoxy or making fillets. Suitable for refilling until epoxy cures. For use with a standard caulking gun. Holds approximately 10 fl. oz.

HANDY REPAIR PACK

NOT AVAILABLE IN CANADA.

101 Handy Repair Pack.

Here is everything you need to complete small repairs around the boat, shop or home. The Handy Repair Pack contains two West System 105 Resin/205 Hardener packets, and enough high-density filler to complete a variety of coating and bonding operations. Also included are an application brush, mixing stick, pipe cleaner, two cleaning pads and complete instructions. The components can be mixed in the disposable package.

101-T Six resin/hardener packets only. Each pre-measured packet contains 16 g of 105 Resin and 3.2 g of 205 Hardener (19.2 g or 0.56 fl. oz. of mixed epoxy).

101-6 Maxi Repair Pack. The Maxi Repair Pack contains six 105 Resin/ 205 Hardener packets, a low-density filler for fairing and a high-density filler for bonding. Also included are two application brushes, one syringe, two pipe cleaners, four mixing sticks, one pair of disposable gloves, four cleaning pads, mixing cups and illustrated instructions.

44347 Handy Repair Pack #101 1

44348 Resin & Hardner, Pk/6 #101-T 1

205 & 206 HARDENERS

NOT AVAILABLE IN CANADA.

205 Fast Hardener

is a medium-viscosity epoxy curing agent. It is used in a majority of situations, at lower temperatures and to produce a rapid cure that develops its physical properties quickly at room temperature. When mixed with the 105 Resin in a five-part resin to one-part hardener ratio, the cured resin/hardener mixture yields a rigid, high-strength, moisture-resistant solid with excellent bonding and coating properties. Not intended for clear coating.

206 Slow Hardener is a low-viscosity epoxy curing agent for use when extended working and cure time is needed or to provide adequate working time at higher temperatures. When combined with 105 Resin in a five-part resin to one-part hardener ratio, the cured resin/hardener mixture yields a rigid, high-strength, moisture-resistant solid with excellent bonding and coating properties. Not intended for clear coating.

44353 Fast Hardener, "A", .44 pint #205-A 4

44354 Fast Hardener, "B", .86 quart #205-B 4

44357 Slow Hardener, "A", .44 pint #206-A 4

44358 Slow Hardener, "B", .86 quart #206-B 4

MINI PUMP SET

300 Mini Pumps are designed for convenient and accurate metering. They mount directly on the resin and hardener containers and eliminate the mess involved with measuring by weight or volume. 300 Mini Pumps are calibrated to deliver the proper working ratio with one full pump stroke of resin for each one full pump stroke of hardener. Set contains one resin pump and two hardener pumps.

NOT AVAILABLE IN CANADA.

47290 Mini Pump Set #300 1

USER MANUAL

This User Manual is the primary guide to the handling and basic techniques of epoxy use. It describes how to dispense, mix and modify West System epoxy for the basic coating, filling and bonding techniques used in most repair and construction procedures.

NOT AVAILABLE IN CANADA.

44345 User Manual #002-950 4

WEST SYSTEM

A two-part epoxy adhesive in a convenient, self-metering cartridge. For permanent, waterproof, structural gap-filling and gluing.

SIX10 THICKENED EPOXY ADHESIVE

Six10™ Thickened Epoxy Adhesive combines the strength and reliability of a two-part WEST SYSTEM® Brand Epoxy with point-and-shoot convenience. The self-metering coaxial cartridge dispenses a gap-filling structural epoxy that bonds tenaciously to wood, metals, fiberglass and concrete. The tube comes with a static mixer that lets you lay down a bead of thickened epoxy with any standard caulking gun.

Six10's shear thinning properties make it "thinner" as it's worked. It can be easily tooled into a non-sagging fillet or used to wet out light to moderate reinforcing fabrics like fiberglass. The hardener provides a long open time but has fast thru-cure. Six10 stays workable in the static mixer for 42 minutes, making it practical for long or complicated assemblies.

44460 Six10 Epoxy Adhesive Cartridge (Not available in Canada) #610 6

PROJECT 1 SILICONIZED ACRYLIC LATEX

A single part sealant for both interior and exterior applications, to seal cracks or joints in or between wood, masonry, glass, plaster, pipes, foundations, etc., with high adhesion and a 20 year minimum life expectancy. Will not bleed or stain adjacent surfaces, including paint work.

Acrylic Latex, 10.1 oz.:

STA'-PUT II Spray Adhesive for Foam

Permanently bonds Styrofoam™ and other polystyrene materials in 4 minutes or less. Use with Sta'-Put spray adhesive to laminate polystyrene foam to other materials. Pressure sensitive and water resistant. 13-oz. can.

47613 Sta'Put II #001-SP213ACC 12

STA'-PUT Spray Adhesive Clear

Excellent for most permanent adhesive applications. Bonds high-pressure laminate to various substrates. Suitable for industrial applications including manufactured housing, construction, RV, marine, furniture, textile, HVAC, and upholstery industries. Pressure sensitive. 15-oz. can.

47615 Sta'-Put Clear #001-SPH15ACC 12

STA'-PUT S203 All purpose Aerosol Spray Cleaner

is a biodegradable, natural solvent cleaner, degreaser and adhesive remover. It can be used on most surfaces and substrates, including painted surfaces, glass, porcelain, concrete, and is compatible with many plastics and vinyls. S203 is also effective for removal of adhesives, grease, oil stains, road tar, rubber marks, residue from decals, heel marks, graffiti, lipstick, release agents, and soap film.

STA'-PUT S203 is safer to use than most cleaners and adhesive removers and residue can be removed with water. It has exceptional cleaning/degreasing power; is non-corrosive, is biodegradable and has a pleasant citrus scent.

It is recommended that testing be performed on new substrates to determine suitability.

45032 **NEW!** Adhesive Remover and Degreaser, 14-oz. Can #001-S203 12

RUSSELL 676™ HIGH PERFORMANCE SPRAY ADHESIVE

Russell 676™ is famous for: high bond strength resistance low soak-in quick drying virtually transparent permanent or temporary bonding pressure sensitivity for repositioning contains no methylene chloride California Compliant.

Russell 676™ Spray Adhesive is a versatile and effective spray adhesive glue for a wide variety of substrates for home and industrial applications. This economical adhesive features a cost-effective 3-way adjustable valve, for low, medium and high applications. By offering an option of three lace spray patterns, the 3-way valve eliminates excess waste, providing just the right amount of adhesive.

Russell 676™ High Performance Spray Adhesive was specially formulated to bond polyethylene to itself, concrete block, wood and many other hard-to-bond substrates. It may also be used to bond paper, cardboard, fabric, urethane foam, foil to metal, and wood to itself. Whether you need a temporary bond, or a permanent high bond strength adhesive, from industrial to home applications, "Stick 'em up!" with Russell 676™ Spray Adhesive. It is certain to save you time, money and effort.

46292 676™ High Performance Spray Adhesive #RPI-676 12

3M™ GENERAL PURPOSE ADHESIVE CLEANER, 15-OZ

Specially blended solvent for removal of light paint overspray, adhesive residue, wax, grease, tree sap, dirt, road tar, oil and bugs in aerosol form. Will not harm most thoroughly cured automotive paint, vinyls, or fabrics when properly used. Part number 08987 Aerosol has a VOC content of 738 grams per liter (6.16 lbs per gallon).

44220 Adhesive Cleaner, 15-oz (Not available in Canada) #051135-08987 12

As a running change from Goof Off® Citrus to Goof Off® Heavy Duty Spot Remover & Degreaser!

GOOF OFF® HEAVY DUTY SPOT REMOVER & DEGREASER

Goof Off® Heavy Duty Spot Remover & Degreaser works like magic to quickly remove difficult mistakes, spots and messes that ordinary household cleaners can't. It works the first time due to its powerful, micro-emulsion formula. It penetrates deep into spots, stains and greasy messes to make tough cleaning easy.

- Works the first time. • No oily residue.
- Biodegradable. • No harsh fumes. • Safe for hard and soft surfaces (when used as directed).

GREAT FOR: • Grease & Grime • Sticker & Adhesive Residue • Asphalt & Tar • Stains • Crayon, Pen & Marker • Gum • Caulk • Scuff Marks • Lipstick, Nail Polish & Makeup • Bugs & Tree Sap • Fresh Latex Paint and more!

44623 1-oz Pump Spray #FG701 9

INSULATING FOIL INSULATION & SOUND BARRIER FOR RVs!

Suppresses noise, heat, cold and moisture that can interfere with the comfort and quiet of your motor-home. An excellent lightweight, easy to install insulation for Genset compartments, engine covers/compartments and under carpets or floor mats (does not affect the fit of any component that it is installed under). 3/8" thickness is made up of a dense packing of recycled cloth material, a highly effective "Firex" fire retardant coating and a space-age aluminized outer layer. Trim to any shape with household scissors and adhere in place with "Sticky Stuff" spray adhesive (#49897). Seal edges with "Insul-Tape" (#40592). Conforms to FMVSS safety standard 302. Coast Guard, F.A.A. approved (aircraft grade only). *Install with foil side toward source of heat or noise.*

4' x 6' Sheets Foil Insulation:

49896 1-Sided #3000-22 4

40592 30' Insul-Tape™ #3330 12

PROFESSIONAL STRENGTH

GOOF OFF® PROFESSIONAL

Goof Off® Professional Strength is the Miracle Remover™ that cuts through the toughest spots and stains quickly. It even removes spots that would otherwise ruin your belongings. Use it to eliminate costly messes and mistakes around the garage, workshop and home. There's no other specialty remover that works faster or better. Low VOC formula is nationally compliant.

It cleans Adhesive & Glue, Oil & Tar, and Dried Latex Paint. It also cleans: • Hand Tools • Stains on carpet, clothing, upholstery • Crayon, Pen & Marker • Graffiti & Varnish • Gum • Candle Wax • Scuff Marks • Caulk • Lipstick & Makeup • Tar / Bugs / Tree Sap

FOR USE ON: Nylon, polypropylene, and wool carpets; fully cured varnished and oil-base painted surfaces, vinyl baseboard, laminated counter tops, vinyl floors, solid vinyl upholstery, all metals, glass, brick, wood, concrete, grout, vinyl tops, fiberglass, most fabrics. **CAUTION:** Always test on inconspicuous area first. Damages many plastics, worn vinyl floors, some automotive paints, and some carpets.

44637 16-oz. (Pint) VOC Compliant, 2.7" W x 2.7" D x 7.6"H #FG653 6

STICKY STUFF™ SPRAY ADHESIVE

Specially formulated to ensure proper bonding when installing single sided foil insulation. Even sticks to metal. One can adheres each 4' x 6' sheet of "Insulator" insulation. There are many other uses for this spray adhesive. (net wt. 10 oz.).

49897 Spray Adhesive #4000 12

BUTYL TAPE

Ideal for sealing uniquely shaped joints. Installs quickly, without gaps. Apply along unusual patterns. Because the sealant is on a continuous roll, installer can work fast and be visually assured that there are no skips or runs in the seal.

79233 Butyl Tape only, 1/8" x 3/4" x 30', Each #BT-1834 24

In Section F: Roof Repair Repair, Sealants, Adhesives Tape Surface Material Automotive Paint Cleaners/Protectant Washers, Brushes Deodorizer Dehumidifier

BUTYL CAULKING TAPE

Butyl tapes help prevent and reduce costly water damage. Tough rubber, pressure sensitive mass, offers excellent adhesion to a variety of surfaces (no applicators required). Used to seal out: moisture, water, dust, dirt, cold and heat. Easy to use in tape form. Handy reusable storage clam shell container keeps product clean and fresh. Tape remains sticky and will continue to conform over many years, and will not dry up or crack like some other sealants. Use for RVs, boats, glazing, fasteners, doors, storm sash, mirrors, vents and skylights.

47901 Butyl Tape, 3/4" x 1/8" x 20'
#RE20758 6

WEATHER-STRIPPING

Easy to apply, self-adhering. Protects, seals, cushions,

insulates, silences rattles and fills voids. Countless applications for vehicles and homes.

DOUBLE-SIDED FOAM TAPE

Professional grade moun-ting tape—double-face foam tape that really holds.

Many uses. Holds tile, metal strips, paper, glass, pictures and more. 1" x 48".

43629 Foam Tape #CT148 24

NON-TRIMMABLE BLACK BUTYL - 101

No. 101 Sealing Tape is a tough, black, non-hardening elastic butyl based material with excellent sealing properties. It is a pliable, tacky sealant tape which will adhere to any type of metal, wood, concrete, glass, plastics and porous surfaces. Excellent sealant for any lap joints. It is a non-trimmable material but could be cut with a utility knife. Its adhesion increases with age after being applied, assuring a long safe and durable seal. It is ideal for sealing roof and side panels such as aluminum to aluminum, galvanized to galvanized or aluminum to galvanized metal. It has a one year shelf life. Easier to work with in cooler climates.

Non-Trimnable Butyl Tape, Black:

48091 3/16" x 3/4" x 20 ft.; #5055 20

48092 3/16" x 1" x 20 ft.; #5050 16

PUTTY TAPE - 160

This natural colored putty tape is a heavy, flexible, non-hardening butyl material that remains pliable as packaged. It releases easily from its silicone-treated backer. For use under moldings; around windows, doors and vents. It can be used to seal and waterproof overlapping metals and can be easily shaped and formed to seal difficult areas. One year shelf life.

Putty Tape, Gray:

40005 1/8" x 3/4" x 30 ft. #5631 20

40006 1/8" x 1" x 30 ft. #5625 16

40026 3/16" x 1" x 20 ft. #5650 16

40203 3/16" x 3/4" x 20 ft. #5655 20

40208 1/4" x 3/4" x 18 ft. #5677 20

TRIMMABLE BUTYL TAPE - 180

This trimmable butyl is an off-white, non-hardening elastic butyl based material. It provides excellent sealing adhesion to any type of metal, wood, concrete, glass, plastics and porous surfaces. Can be used under moldings; around windows, doors and vents. It can be trimmed easily with any stiff, pointed non-scratching object. This butyl increases in adhesion with age, after it is applied. One year shelf life. Easier to work with in warmer climates.

Trimnable Butyl Tape, Off-White:

48461 1/8" x 3/4" x 30 ft.; #5831 20

48462 1/8" x 1" x 30 ft.; #5825 16

48463 3/16" x 1" x 20 ft.; #5850 16

DUCT TAPE

Strong, heavy-duty, waterproof, pressure sensitive duct tape.

Duct Tape, 2" Wide:

41288 60 Yards L #CT600 24

41289 10 Yd. L, Carded #CT600C 24

MASKING TAPE

An excellent all-purpose, general industrial masking tape offering a balance of quickstick, panel adhesion and holding properties. Meets requirements of U.S. Spec. U-T-106D, type 1.

Masking Tape, 60 yd. L:

41294 3/4" Wide #CT10175 6

43626 1" Wide #CT1011 36

43627 2" Wide #CT1012 24

CAP TAPE

Black cap tape with mylar backing has closed-cell PVC foam (with adhesive on one side) is used between the truck body and cap (topper). Seals out water, weather, dust, rattles and vibrations. Also functions as an all-purpose weather-stripping.

77389 Black Cap Tape, 1-1/2" W x 30 ft. L, Bulk #8321C01AUG 20

3M SCOTCH #2090 LONG-MASK MASKING TAPE

This bright blue tape uses a synthetic adhesive system which provides U.V. stability and adhesive transfer resistance up to 7 days after application. Controlled crepe paper backing makes tape conformable and smooth for use in paint/varnish masking applications.

Blue Masking Tape, 60 yd. Roll (Not available in Canada):

15736 3/4" Wide #051115-06817 6

15737 1" Wide #051115-06818 36

15738 2" Wide #051115-06820 24

HIGH PERFORMANCE "SCOTCH" BOX SEALING TAPE

A strong film tape for box sealing. Split and burst resistant. Seals out dirt and dust. Transparent in color. Meets U.S. Postal regulations. 2" W x 60 ft. L.

Not available in Canada.

41757 Box Tape #051131-06640 36

Recreational Value!

Enjoy the great outdoors. We'll help protect your RV from it.

Surface Shields cares about your RV and the environment. That's why we have developed affordable protective products such as Carpet Shield® for keeping your RV clean.

Carpet Shield®

- has a water-based adhesive
- keeps carpet looking new
- is transparent
- is odorless
- is environmentally friendly
- and is made in USA

Surface Shields, Inc
Temporary RV Surface Protection

SURFACE SHIELDS

CARPET SHIELD®

Carpet Shield is a clear, self-adhering film that provides temporary protection for all types of RV carpeting. Its non-slip surface is a special blend of polyethylene which is highly resistant to tears or punctures. Carpet Shield protects against stains and tracked-in dirt.

Carpet Shield Protector:

- 42074** 21" x 30' #CS2130 12
- 42054** 21" x 200' #CS21200 1
- 42053** 21" x 1000' #CS211000 1
- 42084** 24" x 200' #CS24200L 1
- 42078** 24" x 1000' #CS241000 1
- 95887** 12/ Display Protector, 21" x 30' #CS2130W 1

FLOOR SHIELD™

Floor Shield is a self-adhering film offering temporary protection for hard surfaces, such as tile, marble, granite, vinyl, laminates and other surfaces.

Floor Shield for Hard Surfaces:

- 42095** 21" x 20' #FS2120 9
- 42085** 24" x 200' #FS24200L 1

APPLICATOR

The applicator provides a fast and easy way to apply Carpet Shield and other floor protection to larger areas. Lightweight, but very durable.

- 42031** Applicator, 21" Roller #A21 1

PRO SHIELD

Pro Shield is the most versatile and durable mat available.

Reusable, absorbs liquids, leakproof and easy to store.

Pro Shield:

- 43147** 24" x 5' Mat #OS2460 1
- 43200** 24" x 20' Roll #PS2420 1
- 42044** 32" x 50' Roll #PS3250 1

TRAVEL SHIELD

Travel Shield is a clear film that protects RV's against bugs, tar and road debris. It can easily be trimmed around grill lights.

- 43154** Travel Shield, 36" x 32' Roll #TR3632 1

RV DIRT GRABBER

Designed for RV's and manufactured homes, the non-skid RV Dirt Grabber has 30 tabbed layers of tacky-

surface film that removes dirt from footwear. Replacement mats are available.

RV Dirt Grabber:

- 42096** 9" x 23" #DGRV0923 1
- 42098** 17" x 23" #DGRV1723 1

SHOE COVERS

Shoe Covers are an easy way to protect carpets and floors from dust, dirt, scuffs and heel marks. Non-skid, Lightweight and disposable, one size fits all.

- 43155** Shoe Covers, One Polybag of 10-Pair/Bag #SC3001PB 10

SCRIM SHIELD

Scrim Shield is a durable and waterproof bottom board repair tape that creates a permanent seal on RV's and manufactured homes.

- 42099** Scrim Shield 4" x 180' Roll #BP4180 1

LUBEMASTER
SILICONE SPRAY

100% pure silicone spray that is odorless and safe. Lubemaster is dry lubricant and won't attract dirt and debris that can cause binding. Lubemaster has hundreds of other applications for the RV owner.

38540 Lubemaster Spray
#747 12

CRC® HEAVY DUTY
SILICONE

A multi-use lubricant—forms a clear protective film to water-proof and lubricate. Use on anything: rubber, leather, canvas, fasteners, snaps, zippers. Resists cold and heat—effective from 40° up to 400° F. USCG certified No. 933. 7.5 oz. aerosol.

743340 Silicone Lube #06077 12

LUBIT-8
ALL PURPOSE OIL

Super clean Teflon oil frees frozen door locks, car door hinges, mirrors, latches, and lubricates antennas. Lubit-8 also can be utilized as a cutting-oil for pipes and is excellent as a lubricating film between surfaces, such as window channels and sliding doors. Use anywhere; works better and lasts longer than regular oil.

42888 Lubit-8, CD/1 #002-70003 6

PROTECT-ALL
SLIDE-OUT DRY LUBE

Industrial grade rust inhibitor offers longer protection, displaces moisture and resists dirt, sand, salt and road grime. **New format!** Now 16-oz.

THETFORD

THETFORD SLIDE OUT LUBRICANT & CONDITIONER

RV SLIDE OUT LUBRICANT

- Lubricates slide rails and gears. • Stops squeaks and binding. • Sprays upside down. • Prevents rust. • 13-oz. aerosol.

47573 Slide Out Lubricant #32777 6

RV SLIDE OUT RUBBER SEAL CONDITIONER

- Prevents fading, cracking and deterioration. • Long-lasting UV protection. • Cleans, conditions and shines. • No wiping required. • 14-oz. aerosol.

47574 Seal Conditioner #32778 6

CRC® SCREWLOOSE®

A superfast, powerful, concentrated penetrating solvent that loosens and cleans. It instantly penetrates minute and tightly fitted crevices. Dissolves gum, rust and corrosion. Provides lubricating residue that is clean and gum-free. 11 oz. size.

49576 Screwloose® #05330 12

SLIDE-OUT RUBBER SEAL TREATMENT

Extends the useful life of rubber seals. Produces an anti-static, water-repellent, protective film that aids in guarding against premature deterioration while producing a dry, smooth surface that reduces excessive friction and wear on slide-out seals. Compatible with all rubber seals as well as their adjacent surfaces such as fiberglass, aluminum and vinyl. **New format!** Now 17-oz.

46244 Seal Treatment (US only) #40015 12

40296 Seal Treatment (CAN only) #40015C 12

CRC® FREEZE-OFF™ SUPER PENETRANT

FREEZES, PENETRATES AND LOOSENS!

Upon contact, Freeze-Off immediately drops the temperature of the area in direct contact with the spray. The freezing effect cracks the rusted surface, allowing Freeze-Off to reach deeper and work more effectively than other penetrants to loosen rusted and corroded nuts, bolts, hinges, locks and more!

Constant exposure to moisture, salt air and salt water binds, erodes and destroys metal assemblies, fasteners and fittings. The highly superior penetrant formulation of Freeze-Off makes it ideal for hundreds of marine applications, including: metal hardware, tools, riggings, mast tracks, cleats, pulleys, latches, fasteners, tilt pins, trim rams, swivel mechanisms, winches, anchor chain reels, turn-buckles, terminal fittings, sacrificial zinc anode fittings, battery terminals, rod holders, fishing gear and trailer components. *Not available in Canada.*

40911 Freeze-Off Super Penetrant (Low VOC), 11.5 oz. #05002 12

CRC® JUMP START INSTANT STARTING FLUID

A highly volatile priming fluid for starting all internal combustion engines at sub-zero temperatures. Saves starter and battery, reduces engine wear. Contains ethyl ether with upper cylinder lubricant and corrosion inhibitor. Will not clog air filter or harm catalytic converter. 11 oz. aerosol.

41681 Starting Fluid #05671 12

CRC® BRAKLEEN® NON-CHLORINATED BRAKE PARTS CLEANER - 50 STATE FORMULA

Removes brake fluid, grease, oil, and other contaminants quickly and effectively. Cleans & degreases brake parts, linings, calipers, drums and more! Extremely Flammable.

Applications: ABS, disc, drum brake cylinders, brake drums, brake linings, brake shoes, calipers, clutch discs, disc brake pads, discs. Safe for use on all brake systems including: springs & wedge brakes.

44833 Brake Parts Cleaner - 50 State Formula, 14-oz. can #05054 12

STA-BIL® Fuel Stabilizer

Keeps Stored Equipment Ready to Start!

GOLD EAGLE STA-BIL® FUEL STABILIZER

America's top selling fuel stabilizer keeps fuel fresh for quick, easy starts after storage. Removes water to prevent corrosion and cleans carburetors and fuel injectors. Protects engine from gum, varnish, rust, and corrosion. Prolongs engine life. Eliminates need to drain fuel before storage. For all 2 cycle and 4 cycle gasoline and diesel engines.
