40722 Adhesive Mounting Disc #36761 24

THUMB LOCK "GRIP" FASTENERS

Thumb Lock is a strong, durable, easy to use fastening system that quickly secures portable TVs, computers, and countless other objects at risk from falling on boats and RVs. Quick-release locks open easily to release and reattach equipment. Fasteners attach with industrial strength 3M peel & press adhesive pads, which attach easily and bond strongly to most nonporous materials. Mounting holes allow the fasteners to be screw-fixed for added strength or to surfaces not suitable for adhesive attachment.

TV GRIPS

Two-corner kit designed for 13" TV or similar size equipment. Holds laptops and countertop appliances safely and securely. Safe on finished wood wood and equipment. Fastener size: 1" x 1".

41318 TV Grips, Black #MRV-100BK 10

41317 TV Grips, White #MRV-100WT 10

SUPER GRIPS

Quick-release fasteners for TVs, microwaves, personal computers. Many times stronger than shock cord or hook & loop fasteners. Two-corner kit holds 13" TV/VCR model or similar size equipment. Fastener size: 1" x 2".

45138 Super Grips, Black #MRV-200BK 10

45139 Super Grips, White #MRV-200WT 10

ADHESIVE REPLACEMENT PADS

3M adhesive replacement pads. Cut-to-size pad for (4) Super Grips or (8) TV Grip fasteners. Includes alcohol cleaning pads.

45144 , Adhesive Pads #MRV-RP2 10

EXTRA LENGTH STRAP

A 48" length of locking strap for safety tethers and countless strap & fastening applications using TV Grips and Super Grip fasteners. Cut-to-size with scissors.

45141 48" Strap, Black #MRV-48BK 10

MAX GRIP

A heavy-duty fastening system for large TVs. Patented design prevents strap slippage. A single Max Grip TV kit provides two-corner attachment for TVs up to 19". It includes a safety tether that prevents the unit from pitching forward. For larger 27" and 32" units, two kits are recommended. Fasteners size: 2" x 3".

46408 Max Grip, Black #MRV-630BK 5

JR PRODUCTS JR PRODUCTS SEW-IN SLIDE RITE TAPE

For use with track Type "C". Our new nylon woven curtain tape is an excellent way to add curtain carriers to your project. The plastic carriers are heat bonded to the woven ape for a long lasting application and are more secure than direct sew-in installations. The nylon tape will not shrink or discolor and is more like the fabric it is being sewn to for a more professional look.

44983 72" Sew-In Slide Rite Curtain Tape, Packaged #81355 36

JR PRODUCTS SNAP-IN CEILING BRACKET

For use with track Type "B". Newly designed ceiling bracket for the aluminum I-Beam curtain track, which was made for a quicker installation and more appealing to the eye. Simply mark the ceiling where you want the track to run, decide where the best possible placement of the brackets will be, and mount with the supplied screws. Then snap the track into place for that professional look. No pre-assembly required. Will work with most brands of I-Beam curtain tracks.

44982 Ceiling Bracket, Pk/2, White #81145 24

JR PRODUCTS JR PRODUCTS TURN BUTTON

These are used to add attachment units to any fabric or material. Commonly used to attach screen rooms to your RV and also found in wind-shield covers, drapery, and privacy curtains. Easily installed without the use of special tools.

GAS PROPS

Gas props are the ideal solution for lifting, lowering and counterbalancing weight. The gas spring is a self-contained, nitrogen-driven counterbalance product which provides uniform handle forces, non-catastrophic failure, and many years of service. Because energy is provided through gas pressure, our gas springs give you repeatable, unvarying performance which is superior to mechanical, spring or damper type products. All gas springs listed have ball-socket type end fittings, which may require replacement of your current mounting hardware with the ball stud or brackets shown. The gas props listed are exact OEM replacements for access hatches, sun decks, rod lockers and companion doors. Other sizes are also available as special orders.

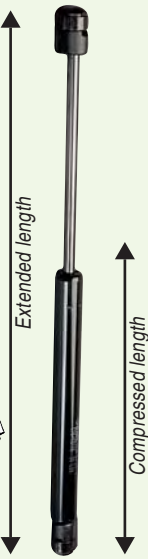

BRACKETS, BALL STUD & CLEVIS

Ball diameter is 3/8" (the stud diameter is 5/16"). CD/2.
