VENTMATE DRILLING JIG

Make installation of Ventmate vent hoods even faster and easier with the drilling jig. Simply place the jig over the vent and drill holes using the heat-treated guides on the jig. Fits most major brands of 14" x 14" vents. The zinc chromate plating provides durable, long-lasting protection against rust.

65681 LS Drilling Jig #65681 1

VENTMATE RUBBER ROOF MOUNTING KIT

Mounts to the side of most popular 14" x 14" roof vents. Eliminates the need to remove existing vent mounting screws while also eliminating the need to drill holes in the roof. Works with all VentMate vent hoods.

65213 New Style Rubber Roof Mounting Kit, Bulk #65213 5

FAN/MATE®

New & Improved!

RAIN COVER FOR HIGH-POWERED CEILING FANS

New louvers with protective galvanized screen provide superior rain protection and the new Fan/Mate for 2011 now includes hinged opening mounting brackets to allow for cleaning and servicing of your fan. The Fan/Mate 950 includes the same features as the Model 850 but is colored BLACK to accent custom painted RVs. Fan/Mate® is designed for use with high-powered ceiling fans such as Fan-Tastic™, Comfort Air™, or Northern Breeze™. The Fan/Mate® completely encloses your ceiling fan/vent allowing your fan/vent to open for ventilation, providing excellent rain protection for your RV interior. Both models feature a high-strength polyethylene cover with UV inhibitors, designed for years of service. Three-year Limited Warranty. 32.5" L x 20.5" x 9.93"H.

- Model 850 (White) and Model 950 (Black) feature a 20 % larger vent area for better fan performance
- Both models have protective exhaust screen and louvers
- Both models feature hinge opening mounting brackets that provide easy access for cleaning and service

- 69251 Model 950 Black #00-945004 1
- 69252 Model 850 White #00-945003 1

FAN-TASTIC VENT

**MODEL 8000
CREATE-A-BREEZE**

Three fan blade speeds (low, medium, high), and a manual dome lifting knob.

Model 8000

C-A-B by Fan-Tastic Vent is an entry level best-in-class fan that is great for bathrooms or any 14" x 14" opening in your RV. 1 year limited warranty (all parts).

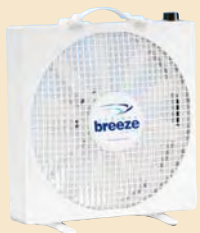

Technical Information:

- Durable, proven longevity.
- Quiet, 12-volt ceiling vent with 3 speeds.
- ASA Dome / 1 year warranty.
- Removable screen for easy cleaning.
- Low AMP draw insures full-time use.

- Specifications:**
- Rooftop weight: 8 lbs.
 - Outside dimensions: 16.5" x 16.5" x 4.5".
 - Performance SCFM/Amps/Decibels:
High - 920/3.00/40; Medium 653/2.29/39;
Low - 478/1.86/39.

66607 12V Create-A-Breeze Ceiling Fan #8000 **4**

FAN-TASTIC VENT

New design!

12volt only
12-VOLT "ENDLESS BREEZE" FAN

A new practical application for your favorite pet!

Endless Breeze is a high volume 12-volt fan with a 12" blade and operates at three speeds. Air movement of up to 1000-CMF (cubic feet per minute) is a major breakthrough in 12-volt portable fans. Standing only 14" H on retractable legs, and less than 3" thick, it travels and stores easily. Weights under 5 lbs. Endless Breeze can be powered by any 12-volt power source such as automobile lighter outlets or by connecting jumpers to any 12-volt battery. Maximum draw is less than 3 amps/hour. Comes with a 6' cord. Operates efficiently up to 14' from its power source.

12931 12-V Box Fan #1100WH **1**

66374

FAN-TASTIC VENT

62316

FAN-TASTIC VENT WITH 12V FAN

Fan-Tastic Vent is an investment in comfort. It provides immediate air exchanges with minimum 12-volt power usage. It's one of the most used appliances in any rig. Fresh, clean, outside air can be yours without generators, air conditioners or engines operating. All models fit standard 14" x 14" opening; and are 16.5" x 16.5" x 4.5". All have removable screen for easy cleaning. Choose fan blade direction (OUT for exhaust or IN for air intake). CSA certified; UL listed.

**Model 6600R with Hand Remote:
Fresh air in the palm of your hand™!**

No need to run wires down the wall...or bring a chair to reach the high ceiling! This air exchange system for the RV includes a hand held radio frequency remote that makes operation as simple as sitting in your easy chair and pushing a button. A convenient wall cradle lets you choose an easily accessible location, install the lightweight cradle, and operate the fan from the cradle, or remove the remote and operate from anywhere inside or outside your coach. 14 speed fan including reverse, Rain Sensor, automatic variable speed (Thermostat actuated) mode.

Model 6000RBTA

Just select your speed from this 3-speed model. Features Automatic Dome Opener with built-in Rain Sensor. Flip a switch and the dome opens or closes. Or when the sensor gets wet, the dome automatically closes; opens again when sensor is dry. Built-in thermostat helps keep the interior cool.

Model 5000RBT

A manual opening, 3-speed vent with reverse and thermostat. Hand crank open the dome, pick IN or OUT and your fan blade speed, set the

inside view of 62316

thermostat and the blades will start and stop according to the chosen temperature. Perfect for when you leave pets behind or while sleeping.

Model 4000R

A manual opening, 3-speed vent with reverse. Hand crank open the dome, choose IN or OUT and your fan speed. Fan blade is activated when dome is opened approximately 2".

Rain Sensor models have fully automatic opening and closing dome. When the rain stops, the dome re-opens.

FAN-TASTIC POP'N LOCK SCREEN

We are happy to introduce the new Pop 'N Lock Screens, allowing pop-in screen installation and replacement. The clip-on feature eliminates having multiple screws to install, making maintenance and cleaning a snap. The Pop 'N Lock screens are made of high-impact polystyrene and will replace all existing screens, covering up old screw holes and giving an attractive, sealed fit.

Comfort Air™ Silver

Comfort Air™ Gold

Comfort Air™ Platinum Includes Remote Control

The Comfort Air Silver circulation fan is ideal for the bathroom and small living quarters such as the kitchen or the bedroom. The variable speed control allows for comfort at several different settings, guaranteeing your satisfaction at any level of air-flow. This exhaust-only fan pulls the stale air and unwanted odors from your coach, which then forces new air in from an open window. If you want a gentle breeze to cool you from overhead, simply close the dome and the air driven from the exhaust mode will bounce off the dome and back into the coach, creating the effect of a ceiling fan. Whether it's hot outside and you are looking to cool down, or your heater is blowing and you want to scatter the warm air, the Comfort Air Silver is the perfect first step for your air circulation needs.

- Exhaust only. • Variable speed. • White dome.
- Easy removable screen. • Operational with dome closed. • Whisper quiet operation.

66094 Comfort Air Silver Series
#275-C0104 1

The Comfort Air Gold circulation fan is equipped with a variable speed control that allows for comfort at several different settings, guaranteeing your satisfaction at any level of air flow. The exhaust feature pulls the stale air and unwanted odors from your coach, which then forces new air in from an open window. If you want a gentle breeze to cool you from overhead, simply close the dome and the air driven from the exhaust mode will bounce off the dome and back into the coach, creating the effect of a ceiling fan. For a more dramatic flow of air into your coach, switch the fan to intake mode where the variable speed gives you the power to set the fan at any speed up to 950 CFM, the most on the market.

- Bi-directional airflow. • Variable speed.
- Smoke tint dome. • Easily removable screen.
- Dome closed operation. • Whisper quiet operation.

66093 Comfort Air Gold Series
#275-C1004 1

The Comfort Air Platinum circulation fan features full remote operation that allows you to control comfort levels from your fingertips. Included is a handy wall mounting bracket that gives you the option of leaving your controls on the wall, or taking it with you to the bed or living area seating. Equipped with Bi-directional operation, thermostat setting, and a rain sensor, this all-in-one fan is ideal for circulating air throughout your whole coach. High ceilings are no longer a concern with this remote version, because there are no wires to run through the walls and installation is a breeze.

- Remote control operation. • Variable speed.
- Bi-directional operation. • Smoke tint dome.
- Easily removable screen. • Thermostat controlled. • Rain sensor closes dome automatically.
- Dome closed operation. • Whisper quiet operation.

VENTLINE VENTADOME 14" x 14" VENT WITH RADIUS CORNERS

After 40+ years of the same look, Ventline has revolutionized the 14" x 14" roof vent!

Powered, 14" x 14" Ventadome has a 150cfm fan for extra circulation.

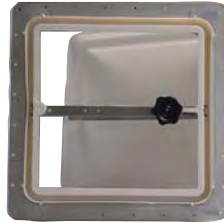

65560

66591

Operating Knob

VENTADOME 14" x 14" VENT WITH RADIUS CORNERS

Non-powered Ventadome roof vents with tough plastic translucent covers provide maximum light and air capabilities. Steel constructed; easy-open operation, heavy-duty screens and superior weather seals. Rough-in opening is 14-1/4" square. Sun-resistant domes are high-impact polypropylene plastic. Molded-in color, plus a special UV ray inhibitor keeps color vibrant year after year.

61113 White, 110-V, without Garnish (Not shown) #V2128-511-00 5

65566 2-1/8" Plastic Garnish for Radius Corner Roof Vents, White #VA0445-26 24

KNOB OPERATOR

Ventadomes now feature a knob operator, replacing the traditional L-shaped crank handle. The round knob (66591) provides an easier grip and allows for a smoother operation of the lift assembly. The knob also detaches easily, permitting faster screen removal and cleaning. The knob is interchangeable with the L-shaped crank, so you can also use it on older vents.

METAL COVER VENTADOME

Non-Powered 14" x 14" Ventadome with Metal Cover, Radius Corner Screen Frame and Ceiling Garnish:

65560 Metal Cover Vent, Radius Corner #V2110SP-23 1

Phase I: Ventline's new aerodynamically shaped dome has 4X the impact strength of other polypropylene covers on the market. The improved lift mechanism provides a smooth operation and eliminates chatter. The slide mechanism has more surface area contact, making the guide bar stronger and allowing better distribution of stress.

Phase II: Snap-out screen easily detaches for cleaning. The ceiling garnish and crank handle remain in place no screws to lose.

NEW!

From this...

... to this!

HENG'S INDUSTRIES VORTEX FAN REPLACEMENT KIT

Don't just move air, create a VORTEX!

Update your old, inefficient powered vent easily without replacing the entire vent or compromising the rooftop seal. Just replace your existing screen with the Vortex upgrade kit. Make your outdated vent more powerful without buying a whole new and expensive vent.

Replacement is easy and only a Phillips screwdriver is needed. Tampering with the rooftop seal is NOT necessary. The Vortex vent works with Ventline, Jensen and Elixir powered U.S. vents. Nonpowered vents can be converted with some additional wiring.

69150 Vortex Fan Replacement Kit
#90043-CR 8

THE VENT STICK

High RV Ceiling Vents Are Now Within Reach!

No more foot stools or ladders. The VentStick makes it easy to open and close any RV vent in seconds and lets you do it with both feet firmly on the ground. The special knob installs in minutes.

With a pull strap for easy removal!

VENTMATE VENT CUSHION WITH PULL STRAP

- Simply push the 3" thick R-4 insulated insert into any standard 14" roof vent and save energy.
- Prevents heat loss during cold nights.
- Increases A/C efficiency during hot days.
- Pull strap for easy removal. • Inserts easily into vent. • Great for summer or winter.
- Keeps light out.

67304 Vent Cushion with Pull Strap #67304 8

ADCO VENT COVER

Vent Cover insulates and blocks sunlight, moonlight or street lights from your RV's interior.

Installs and removes easily in seconds using supplied Velcro. Rugged, durable vinyl with reflective silver finish on one side provides better insulation and blocks heat. 18" x 18" overall size to cover virtually any 14" x 14" roof vent. White/Silver color. 3-yr. mfr. warranty.

86045 Vent Cover #7172 1

CAMCO RV DUAL VENT COVER

Block sun and prevent interior fading, while enjoying great air circulation. Easy to install: holding clips fit existing screw holes.

60096 Vent Cover, White #45651 6

HENG'S INDUSTRIES THERMAL PANE ROOF VENT CAP

This vent cap was designed to extend the camping season for the part time camper and a must for full timers. The cap is one piece, has no seams or welds, with an air space between two layers. This design gives you a thermal break increasing the r-value and decreasing condensation. The cap stops condensation from forming on the inside, and running down the fascia into the attic, and rotting the roof! This could save staining on the Luan board, or possibly save the cost of replacing a whole roof! Stops molding and therefore helps with health issues. It also keeps the heat in/out and the A/C in/out. The benefit to the customer is savings on the heat bill, and having the recreational vehicle looking new longer.

68648 Thermal Pane Roof Vent Cap #90110-C1DL 24

CAMCO REFLECTIVE VENT QUICK COVER

Insulated vent cover reduces heat loss in winter and reflects sunlight and heat in summer. Easy installation and removal with hook & loop fasteners (included). Attaches to vent frame or ceiling for a quick peel-and-stick installation.

67467 Quick Cover, 14" x 14" #45191 12

VENTLINE CEILING EXHAUST FAN

Powered ceiling or bath fan, very efficient for smaller areas. Consists of the following parts: • Cap and roof flange assembly (sold separately). • Power unit (motor, fan, and pipe assembly). Inside grille is 10" dia. Self-closing foam damper opens and closes. Dynamically balanced polypropylene blade will not bend out of shape. 8" dia. rough-in opening required

61128 7" Fan w/o Cap & Flange, 115V, 100CFM #V2262-50 1

61121 Fan Blade only for 7" insert fans and sidewall fans; 3 blade CW; fits .214 dia. round shaft with knurl; 6 1/2" dia; white #BVA0312-00 1

VENTLINE VANAIR ROOF BLOWER

An efficient blower that comes with a 12 VDC motor, drawing 1.5 amps. High-impact plastic dome and body needs only a 6-1/4" opening. Trim ring telescopes to adjust to roof thickness from 1-1/2" to 2-1/2". Leak-proof. Interior color is polar white; comes complete with cane-mesh screen. Easy 1-hand opening/closing for ease of operation. Blue/grey smoke covered exterior color.

65734 Roof Blower #VP-543 12

62321 Replacement cover only #BVA0502-03 1

Return Air Grille without Dampers:

- 61199** 5 3/8" x 9 1/4" Return, For 4" x 8" Opening #10F2509 12
- 61198** 5 3/8" x 11 3/4" Return, For 4" x 10" Opening #10F2511R 48

HENG'S EXHAUST SYSTEM

This unit consists of an attractive exterior vent cover designed to keep rain and dust out of your vehicle with an outside manual release damper. Once the outside manual release damper is unsecured, the damper automatically opens when the range hood fan is activated to allow cooking odors and smoke to be exhausted. The damper automatically closes to prohibit insects and dust from entering when the range hood is not in operation. The manual release damper must be secured before traveling. Dim.: 4.62 x 10.88". Cutout: 4" x 10.86".

Durable Standard Vent Cover with Damper:

- 66289** Bright White #J116AWH-C 60
- 62810** Almond #J116AOW-C 60

VENTLINE SIDEWALL EXHAUST VENT

Graceful styling covers total efficiency and performance, all moving parts are weather protected. Fan starts when outside cover opens, stops when closed. Fits 2" -3" wall thickness. Outside door insulated. 110-V. Cut-out size: 9.5" x 9.5", U.L. Listed; CSA approved. Complete unit consists of vent/fan plus grille.

- 65683** Complete Sidewall Vent/Fan with Grille, White Cover #V2215-21 1

REPLACEMENT PARTS

- 61121** Fan Blade for 7" insert fans and sidewall fans; 3 blade CW; fits .214 dia. round shaft with knurl; 6 1/2" dia; white #BVA0312-00 1
- 61111** Pressure Switch #BV0140-03 1

JR PRODUCTS EXTENDED RAIN GUTTER SPOUTS

These one-piece extended rain gutter spouts are the **longest** on the market and will keep your RV free of black streaks by directing the water away from the sidewalls. The eye pleasing design moves the water volume faster and further away than any other rain gutters spouts. Made of durable plastic with UV inhibitors for years of use. Spouts have a one-piece design so you don't have to use clip-ons. They attach to your RV under the existing aluminum track and never need to be removed.

Extended Rain Gutter Spouts:

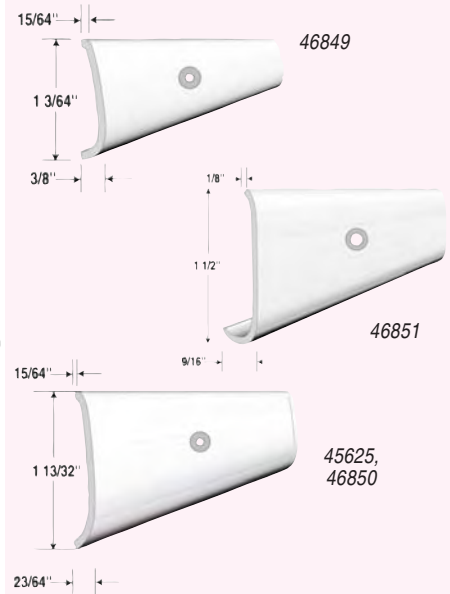

- 28439 Rigid, Pk/2 #655-PW-A 1
- 28442 Flexible, Pk/2 #655-FLEX-PW-A 28

CAMCO GUTTER EXTENSIONS

Helps prevent black streaks from forming by directing rain water runoff away from the sides of your RV. Extenders clip onto your RV gutters.

- 48315 Gutter Extensions, Pk/4 #42123 4
