## THE POSSIBILITIES ARE ENDLESS.

Cadillac's SRX is all about living without limits and leaving sacrifice behind. Visually, it's a uniquely joyful expression of Cadillac's industry-leading design philosophy. Dynamically, it leaves the competition behind, with a responsive, track-tuned chassis and a new-for-2012 V6 engine that's the most powerful standard powerplant in the class.\* SRX is also designed to open up new worlds of possibility with its versatile, reconfigurable cabin and more room for cargo than you'll find in the 2012 Audi Q5, Infiniti EX and Mercedes GLK350.\*\* And of course, SRX delivers all the luxury, convenience and up-to-the-minute connectivity you'd expect. The conclusion then is inescapable: if you demand the best of everything, your new luxury crossover can only wear the Cadillac wreath and crest.

\* Based on WardsAuto.com 2011 Middle Luxury Cross/Utility Vehicle segment and latest competitive information available at time of printing.

\*\* Based on latest competitive information available at time of printing.

At Left: SRX, shown in Crystal Red Tintcoat, an extra-cost option, with available features.

## ADVANCING THE ART OF THE AUTOMOBILE.

When it comes to style, Cadillac's SRX is simply beyond comparison. The profile is fresh and contemporary and the lines and intersections, crisp. The stance is powerful, with large-diameter alloy wheels pushed out towards the corners of the vehicle for greater stability and a smoother ride. Bold details, like those glittering, oversize headlights, reward closer scrutiny. And, perhaps best of all, while its looks are unmistakably modern, SRX honours its proud Cadillac heritage with a variety of subtle styling touches, including the suggestion of tailfins in the tail light design. The result is nothing less than automotive sculpture.

**1 SRX's available adaptive forward lighting system** features Xenon High-Intensity Discharge (HID) headlights that swivel as you steer for better visibility.

**2 The standard rear spoiler** at the trailing edge of the roof adds a touch of sporty style to the rear view of SRX.

**3 A vertical tail light design** is a traditional Cadillac design element. In SRX it's updated with long-life, fast-acting LED technology.

**At Right:** SRX, shown in Radiant Silver Metallic with available features.

## OH YES YOU CAN.

SRX was conceived to fit gracefully into any situation and handle every challenge with ease and style. With all seats in position, the cabin offers room for five lucky occupants and up to 839 litres of their gear behind the rear seat. Fold the 60/40 divided rear seatbacks down and the cargo area more than doubles to a generous 1733 litres – enough to deal with almost any need. Should you wish to carry even more bulky cargo, SRX's standard roof rails and available crossbars\* are engineered to fit a huge variety of racks and cargo boxes. If you have still bigger loads in your future, SRX is engineered to tow trailers weighing as much as 1588 kg, when properly equipped. And to help avoid damage to the liftgate in garages or other places where low clearance can be an issue, the available power liftgate can be programmed to open only to a pre-determined height.

\* Dealer installed accessory, see your dealer for details.

**1** With its split-folding 60/40 rear seatbacks, the SRX interior can be quickly and easily reconfigured. The available programmable power liftgate helps reduce the risk of accidental damage in garages with low ceilings.

**2** The available U-rail cargo management system features a fence which can move fore and aft in the cargo area to help secure items of varying sizes.

At Left: SRX, shown in Crystal Red Tintcoat, an extra-cost option, with available features.

# HERE, CONTROL COMES FIRST.

A great driving machine requires a great driver interface, and you will find SRX has one of the very best available. The gorgeous round backlit gauges are supplemented by a full-colour centre display capable of relaying a wide variety of driving information, including warnings about upcoming curves and changes in the speed limit. A ten-way power bucket driver's seat and a leather-wrapped steering wheel that's tilt and telescopically adjustable make it a simple matter for every driver to achieve precisely the right driving position. SRX is also designed to keep you firmly in control by providing you with an excellent view of the world around you, thanks to a high seating position, expansive glass area and standard heated power adjustable exterior mirrors.

**1** Switches for the Bluetooth® hands-free phone connectivity, cruise control, and audio systems are conveniently mounted on SRX's steering wheel, so you can make most adjustments without taking your hands off the wheel.

**2** SRX's electronic Driver Information Centre performs a wide range of functions, which include displaying Turn-by-Turn Navigation directions downloaded from OnStar®.\*

\*Visit [onstar.ca](http://onstar.ca) for coverage map, details and system limitations. Services vary by model and conditions.

At Left: SRX interior, shown in Ebony with Ebony accents and available features.

## LIVE ON CLOUD 10.

In the spacious SRX cabin, a thoughtful design, premium materials and advanced technologies combine to create an experience of exceptional luxury. The seating areas are upholstered with supple leathers as standard equipment, and the warmth of genuine Sapele Pommele wood trim is available to accent the doors, console, steering wheel and transmission shifter. Bluetooth® is also standard, as is an excellent eight-speaker Bose® audio system and a USB port for your iPod® or other MP3 player. A dual-player rear DVD entertainment system, 10-speaker Bose® Cabin Surround® audio system and an HDD-based Navigation System\* are also available. Every SRX also comes with the outstanding digital sound of SiriusXM Satellite Radio™\*\* and, of course, OnStar®.

\* At time of print, detailed map coverage is available for most major urban areas of the United States and for certain metropolitan areas of Canada (Vancouver, Calgary, Edmonton, Winnipeg, Windsor, London, Toronto, Ottawa, Montreal, Quebec City and Halifax). Coverage is significantly limited outside these areas.

\*\* Available in 10 Canadian provinces and the 48 contiguous United States. Monthly subscription sold separately after trial period. Visit [xmradio.ca](http://xmradio.ca) for details.

**1 The available UltraView roof** is roughly twice the size of conventional sunroofs. It features a power sunshade to help keep glare to a minimum on bright days.

**2 With features like voice recognition**, 3-dimensional imaging, a pop-up touchscreen and a 40 GB Hard Drive, SRX's available Navigation System is one of the most advanced you can buy today.\*

**3 Imported from Africa**, SRX's Sapele Pommele wood trim features an intricate grain pattern and a rich, warm colour. It's included on models with the Luxury Collection, Luxury and Performance Collection or Premium Collection.

At Left: SRX interior, shown in Shale with Brownstone accents.

## EXCITEMENT IS IN ITS DNA.

SRX shares more than just a heritage with Cadillac's CTS-V Coupe race cars. SRX's road manners were refined at some of the world's most daunting race tracks, including Germany's famous Nürburgring, resulting in an invigorating blend of ability, responsiveness and high-speed stability. For 2012, the SRX experience is even more rewarding, thanks to a new 3.6-litre V6 engine that generates a prodigious 308 horsepower. To make the most of this thrust, the 6-speed automatic transmission includes Driver Shift Control that lets you choose your own gears to help optimize performance. Efficiency is another of SRX's many strengths, with a highway fuel consumption rating of just 8.3 L/100 km.\*

\* 2012 SRX FWD fuel consumption ratings based on GM testing in accordance with approved Transport Canada test methods. Your actual fuel consumption may vary.

**1 The available FE3 Sport Suspension** features a real-time damping system that can adjust the shock absorbers every 2 milliseconds.

**2 The 20.8 km-long Nürburgring Nordschleife racetrack** where SRX was tested and tuned is regarded as one of the most demanding racetracks in the world.

**3 SRX's new 3.6L V6 engine** includes such leading-edge features as Direct Injection and Variable Valve Timing (VVT).

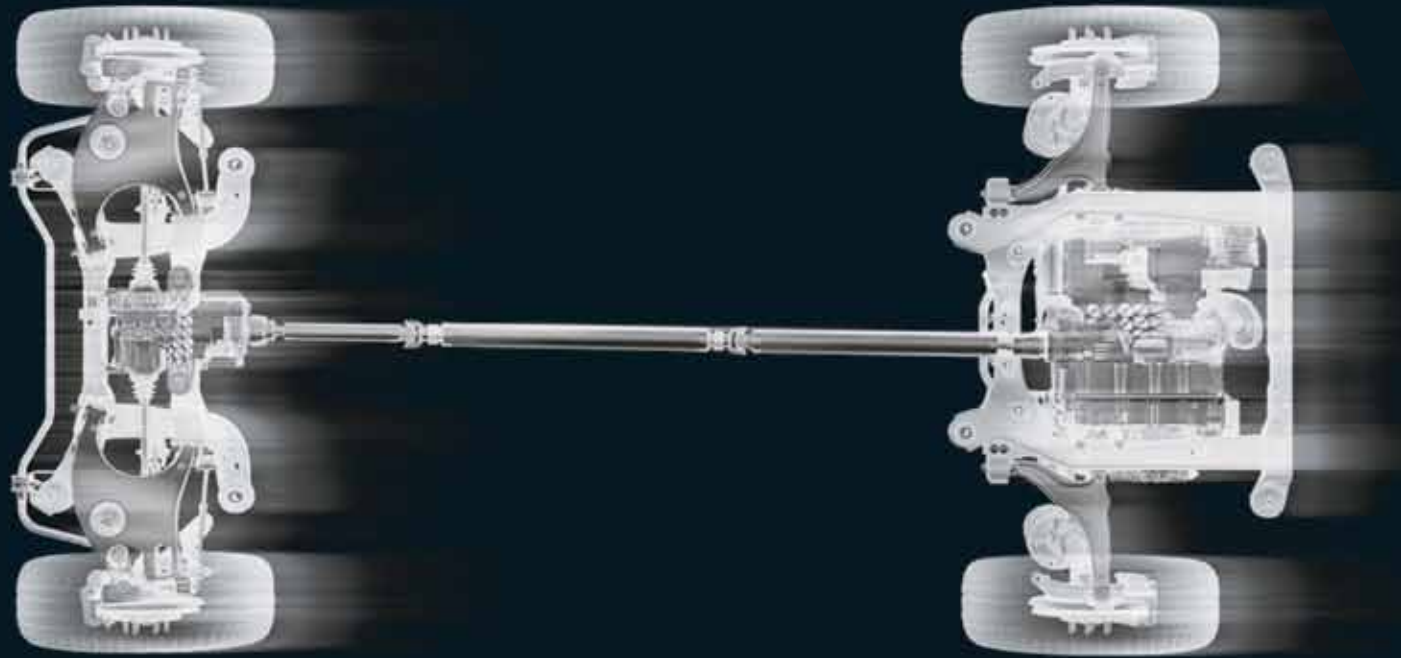

At Far Right: SRX, shown in Radiant Silver Metallic with available features.

## EQUIPPED TO WEATHER THE STORM.

For an extra measure of surefootedness in slippery driving conditions, the Cadillac SRX can be equipped with an All-Wheel-Drive (AWD) system that's among the most sophisticated of its kind in the world. Developed with industry leaders Haldex, the SRX system doesn't simply adjust power distribution between the front and rear wheels as conventional systems do. It also transfers power across the rear axle to the wheel with more grip, thanks to an integrated electronic limited-slip differential. The result is better vehicle balance, increased control and more confidence at all speeds, regardless of whether the road you're on is dry, wet or snow-covered.

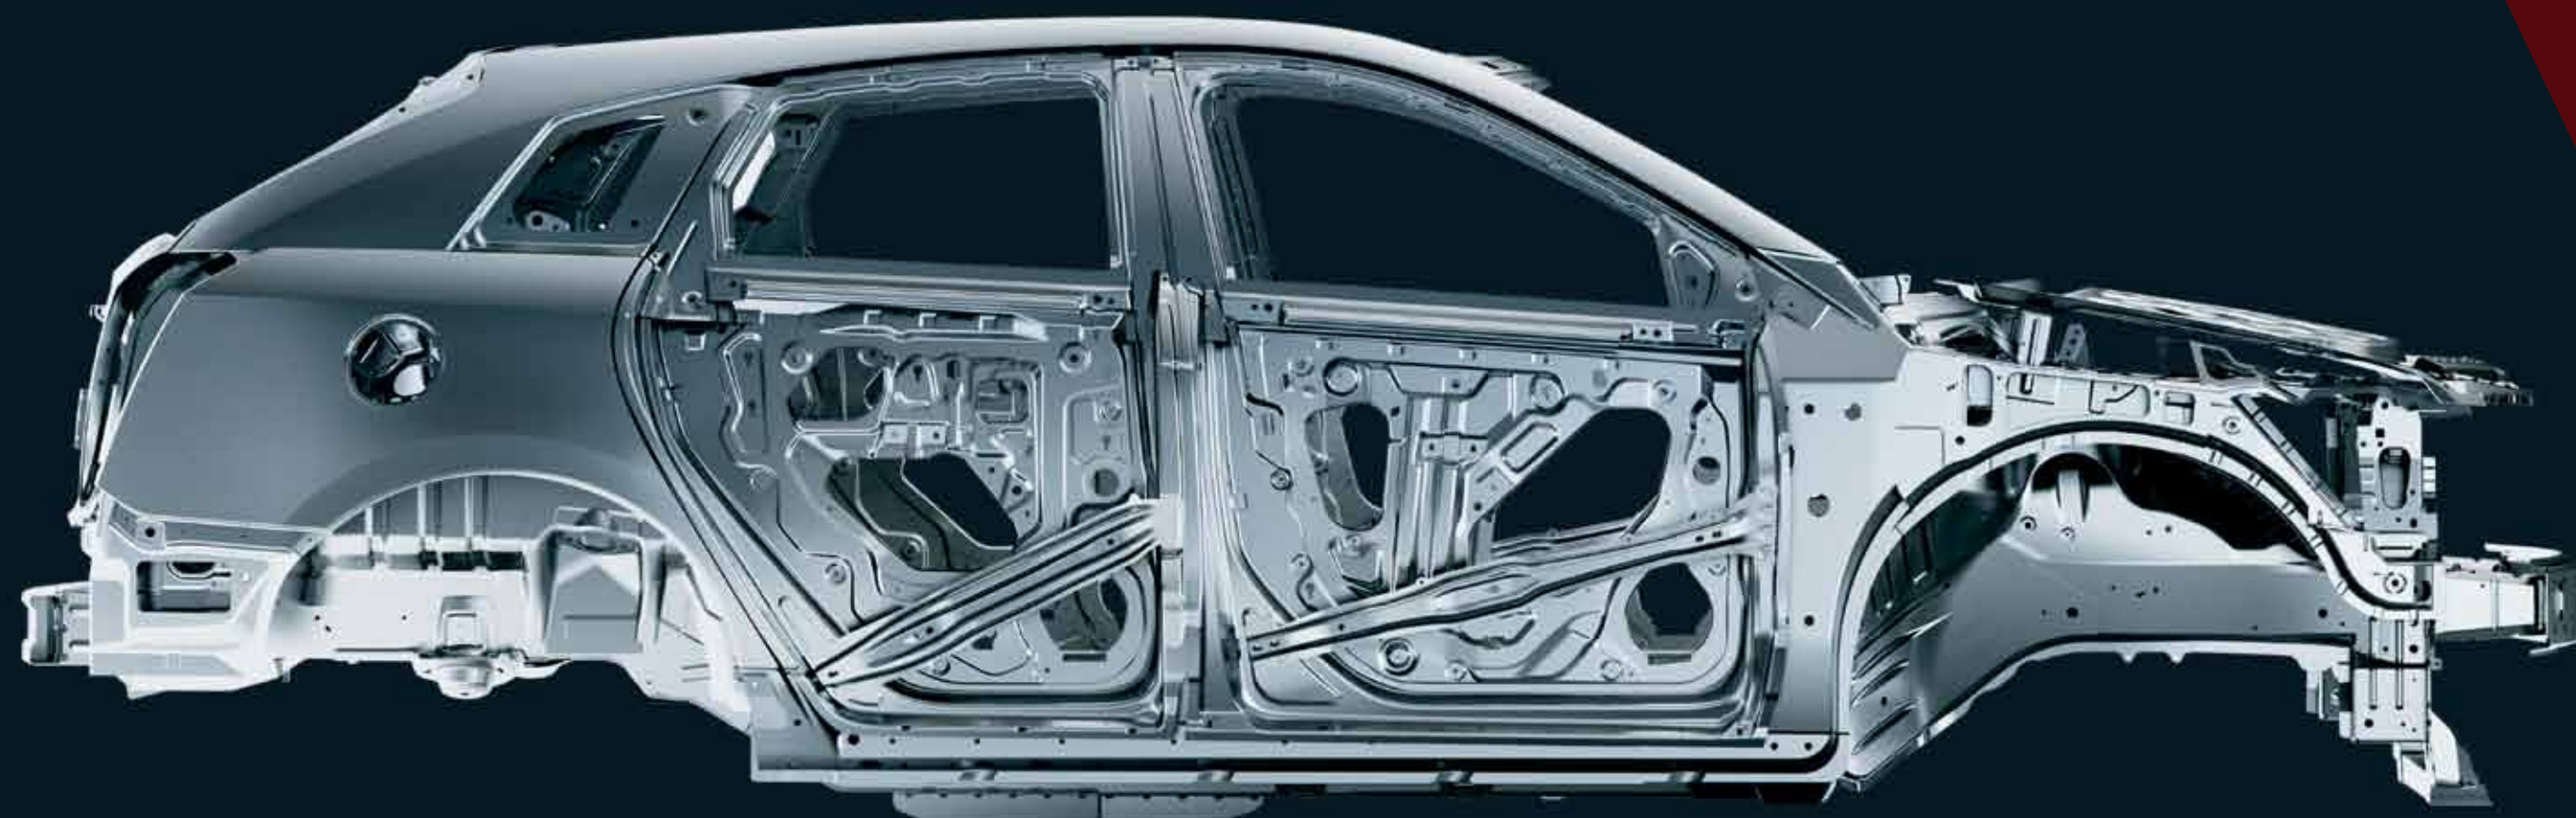

1

**1 Electronic sensors monitor** a wide range of vehicle and driving conditions and redistribute power as necessary to maintain momentum and vehicle balance.

**At Right:** SRX, shown in Xenon Blue Metallic with available features.

## YOUR HIGH-TECH BODYGUARD.

Should danger arise, SRX is designed to provide advanced protection for you and your family. A host of electronic systems – including ABS, traction control, the StabiliTrak® electronic stability control system, trailer sway control and Hill Hold Assist – help you stay in control and out of trouble. In the event that a crash can't be avoided, features like front and rear crush zones, a robust steel safety cage and six standard airbags help keep your risk of injury to a minimum. Your SRX is even equipped to continue to assist you after the crash is over. OnStar®'s Automatic Crash Response feature will automatically provide Advisors at the OnStar® Centre with information about your situation, including your precise location, so they can dispatch the emergency services you may need.\*

\* Visit [onstar.ca](http://onstar.ca) for coverage map, details and system limitations. Services vary by models and conditions. OnStar® acts as a link to existing emergency service providers.

**1** For your protection, dual-stage front airbags, front seat-mounted side-impact airbags and front-to-rear head curtain side-impact airbags are standard on every SRX.

# ONSTAR®:

## DRIVE CONNECTED.

Among the many powerful reasons for choosing SRX over a competitive luxury crossover, OnStar® is one of the very best. Unmatched by any competitive luxury manufacturer, OnStar® is standard on every SRX model with 1 year of the Directions & Connections Plan with Turn-by-Turn Navigation\* and the OnStar RemoteLink™ mobile app. Described below are some of the remarkable services OnStar® can perform to enhance your safety, security and convenience.

\* Visit [onstar.ca](http://onstar.ca) for coverage map, details and system limitations. Services vary by models and conditions. OnStar® acts as a link to existing emergency service providers.

### STOLEN VEHICLE ASSISTANCE

In the unlikely event that your SRX should be stolen, OnStar® can help recover it. Using GPS technology, OnStar® can locate your vehicle and track its movements. OnStar® can relay that information to authorities who can use it to recover your SRX quickly and safely.

### REMOTE VEHICLE DIAGNOSTICS

OnStar® can provide you with the information you need to keep your new SRX in top condition. Every month, the system can run a series of diagnostic and maintenance checks and send you a comprehensive report via email.

### TURN-BY-TURN NAVIGATION

When it comes to user-friendliness, OnStar®'s Turn-by-Turn Navigation has no equal. By pressing a single button, you can make a voice connection to an OnStar® Advisor and tell him or her where you want to go. Within seconds, clear, audible directions are downloaded to your SRX. Turn-by-Turn Navigation will even help get you back on track automatically if you take a wrong turn.

### HANDS-FREE CALLING

OnStar®'s built-in wireless calling feature helps you make mobile calls legally and conveniently. It also provides a clear and reliable connection, even in areas where cellular reception is limited.

### AUTOMATIC CRASH RESPONSE

Any time integrated crash sensors indicate that a collision has taken place, the vehicle immediately sends that information to the OnStar® Centre. An OnStar® Advisor will call immediately to see if you need help. If you're unable to respond, the Advisor can determine your exact location via GPS and dispatch the appropriate emergency services.\*

### ONSTAR REMOTELINK™

A new feature for 2012, the OnStar RemoteLink™ app makes it easy to connect to OnStar®, even when you're not in your car. OnStar RemoteLink™ allows you to perform a series of functions remotely from your iPhone® or select Android™ devices. Once you download and register the app at [onstar.ca](http://onstar.ca), you can access all the following functions regardless of where you may happen to be:

- Lock/unlock your doors
- Start your engine remotely (if so equipped)
- Activate your horn and lights to help you find your vehicle
- View real-time fuel information (range to empty, fuel remaining, current fuel consumption and lifetime fuel consumption)
- Check your tire pressure and remaining oil life
- Access your OnStar® account information
- Contact an OnStar® Advisor, Roadside Assistance or your preferred Cadillac dealer.

## CADILLAC SHIELD:

### THE NEW STANDARD OF LUXURY OWNERSHIP

At Cadillac, we believe our owners deserve the very best. That's why when we set out to create the ultimate customer experience, designing and engineering great vehicles was just the beginning; we were also looking to create an experience comparable with those provided by the world's greatest luxury brands. Every vehicle we sell is backed by the Cadillac Shield, the most comprehensive suite of owner benefits offered by any luxury automotive brand in the world. From innovations like Remote Vehicle Diagnostics and advanced mobile apps to the extraordinary value of our no-charge Premium Care Maintenance Program, Cadillac Shield sets a new standard of luxury ownership.

### CADILLAC WARRANTY

Every Cadillac is covered by a 4-year/80,000 km Limited Warranty\* which covers repairs on your entire vehicle, including parts and labour, to correct problems in materials and workmanship. A 5-year/160,000 km Powertrain Component Limited Warranty\* is also included that covers select powertrain components.

### PREMIUM CARE MAINTENANCE

Standard on every new Cadillac is the no-charge Cadillac Premium Care Maintenance Program, which covers select required maintenance services during the first 4 years or 80,000 km of ownership.\*

### ROADSIDE ASSISTANCE

Any time you require assistance during the 5-year/160,000 km Powertrain Component Limited Warranty period\* regardless of where you may be in Canada or the contiguous United States, Roadside Assistance is at your disposal 24 hours a day, 7 days a week, 365 days a year.

### COURTESY TRANSPORTATION

Whenever your Cadillac requires scheduled maintenance or warranty repair service during the warranty period, your dealer will provide you with shuttle transportation for daily service or an alternate car (or reimbursement for rental or other transportation expenses) for overnight service.

\* Whichever comes first, fully transferable. See dealer for complete details.

\*\* Visit [onstar.ca](http://onstar.ca) for coverage map, details and system limitations. Services vary by model and conditions. OnStar® acts as a link to existing emergency service providers.

### SECURITY BY ONSTAR

In the unlikely event that your Cadillac is stolen, OnStar® can locate it via GPS. An Advisor can then send a Stolen Vehicle Slowdown® or Remote Ignition Block signal (working in conjunction with police) to help authorities safely recover your vehicle.\*\*

### NAVIGATION BY ONSTAR

Just push the OnStar® button and ask the Advisor for directions to your destination. OnStar® will download directions to your Cadillac and a voice will call out every turn.\*\*

### DIAGNOSTICS BY ONSTAR

With best-in-class diagnostics from OnStar® you can run regular remote checks on an extensive variety of vehicle systems. You can also receive updates via email or the OnStar RemoteLink™ app for iPhone® or select Android™ phones.\*\*

### CONNECTIONS BY ONSTAR

With the OnStar RemoteLink™ app, you can access and control select vehicle information and features from anywhere you have mobile phone service.\*\*

### EMERGENCY BY ONSTAR

In the unfortunate event of a crash, OnStar® can automatically dispatch emergency services to your exact location, even if you're unable to respond to calls or request assistance.\*\*

### ACQUISITION OPTIONS

In addition to the many exclusive privileges of Cadillac ownership, General Motors of Canada has created a range of supplementary support programs to enhance your ownership experience. Some of these programs assist you in purchasing the Cadillac of your choice. Others help protect you and your new Cadillac over the long term.

### PURCHASING:

- **Purchase Financing or Leasing** – on-the-spot financing at your GM dealership†
- **The GM Card** – GM cardholders may redeem up to \$3500 GM Card® Earnings (subject to Vehicle Redemption Allowances) toward the Total Purchase Price on eligible new GM vehicles.†† For full program details please visit [thegmcard.ca](http://thegmcard.ca)

† Subject to eligibility. †† Program subject to change.

### ADDITIONAL OWNERSHIP PROGRAMS:

- **GM Protection Plan (GMPP)** – the only extended service plan backed by the resources and commitment of General Motors, GMPP may be purchased at the time of sale or subsequently during the New Vehicle Limited Warranty period.‡

‡ Conditions and limitations apply.

### INFORMATION RESOURCES:

You can obtain more information about Cadillac vehicles and programs from your Cadillac dealer, or at these information centres:

- The Cadillac website at [cadillac.ca](http://cadillac.ca)
- The Cadillac Contact Centre at 1-888-446-2000 (1-800-263-3830 for TDD users).

### A WORD ABOUT THIS BROCHURE

Some of the equipment shown or described throughout this brochure may be available at extra cost. We have tried to make this brochure comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colours, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this brochure and other printed materials provided at the dealership or affixed to vehicles are approximates based upon design and engineering drawings and prototypes and laboratory tests. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been adapted since the time of printing, please check with your Cadillac dealer for complete details. General Motors of Canada Limited reserves the right to lengthen or shorten the model year for any product, for any reason, or to start and end model years at different times.

### A WORD ABOUT ASSEMBLY

Cadillac vehicles are equipped with engines and components produced and assembled by different operating units of General Motors, its subsidiaries and suppliers and these engines and components may change or be obtained from different sources from time to time. All such engines and components are approved for use in Cadillac vehicles. Certain equipment ordered may be unavailable at the time of assembly and we suggest that you verify that your vehicle includes the equipment you ordered, or if there are changes, that they are acceptable to you.

### A WORD ABOUT CORROSION

Cadillacs are designed and built to resist corrosion. All body sheet metal components are warranted against rust-through corrosion for 6 years. There is no deductible for rust-through repairs. Application of additional rust-inhibiting materials is not required under the corrosion coverage and none is recommended.

### TRADEMARKS

The marks appearing in this Cadillac brochure including, but not limited to: General Motors, GM, Cadillac, the Cadillac badge, Cadillac Shield, SRX and their respective logos, emblems, slogans and vehicle model names and body designs; and other marks such as E-Z Key, StabiliTrak and Twilight Sentinel are trademarks of General Motors and/or General Motors of Canada Limited, its subsidiaries, affiliates or licensors.

# 2012 SRX FEATURES & OPTIONS

SAFETY AND SECURITY	SRX FWD	SRX AWD
<b>AIRBAGS</b>		
Driver and front-passenger, dual-stage, frontal with passenger detecting system and automatic passenger airbag suppression	S	S
Driver and front-passenger, seat-mounted side-impact	S	S
Front-to-rear, head curtain side-impact	S	S
<b>DOOR LOCKS</b>		
Rear-door, child-security, power with instrument panel switch	S	S
<b>ONSTAR® SYSTEM</b>		
OnStar® In-Vehicle Communications and Assistance Service, includes 1-year of the Directions & Connections Plan with Turn-by-Turn Navigation* and OnStar RemoteLink™	S	S
<b>SAFETY RESTRAINTS</b>		
LATCH (Lower Anchors and top Tethers for Children), rear seats in 3 positions	S	S
3-point belts for all seating positions with front safety belt pre-tensioners	S	S
<b>SECURITY SYSTEM</b>		
Content theft alarm, audible/visible, programmable	S	S
<b>STABILITRAK®</b>		
StabiliTrak® electronic stability control system with trailer sway control	S	S
<b>THEFT-DETERRENT SYSTEM</b>		
Electronic immobilizer	S	S
<b>TRACTION CONTROL</b>		
Electronic, full-function, all-speed with on/off switch	S	S
<b>MECHANICAL</b>		
<b>BRAKES</b>		
Power, 4-wheel vented discs	S	S
4-wheel, 4-channel Anti-lock Braking System (ABS) with Panic Brake Assist, Dynamic Rear Brake Proportioning and Hill Hold Assist	S	S
<b>DIFFERENTIAL</b>		
Rear, limited-slip, electronic	—	S
<b>DRIVE</b>		
Front-Wheel Drive	S	—
All-Wheel Drive	—	S
<b>ENGINES</b>		
3.6L V6 VVT with Direct Injection		
308 horsepower @ 6800 rpm and 265 lb.-ft. of torque @ 2400 rpm	S	S
Block heater	O	O
<b>EXHAUST SYSTEM</b>		
Dual, stainless steel with chrome tips	S	S
<b>STEERING</b>		
Power-assisted, hydraulic, rack-and-pinion	S	S
Power-assisted, hydraulic, rack-and-pinion ZF Servotronic® steering gear system, variable-effort	O <sup>1</sup>	O <sup>2</sup>
<b>SUSPENSION</b>		
4-wheel independent	S	S
Sport, with computer-controlled continuously-variable real-time damping	—	O <sup>3</sup>
<b>TRANSMISSION</b>		
6-speed automatic with Driver Shift Control	S	S
<b>VEHICLE STARTER SYSTEM</b>		
Remote, adaptive	O <sup>4</sup>	O <sup>5</sup>
<b>TRAILERING PACKAGE</b>		
Includes engine oil cooler, trailer hitch receiver, trailer hitch close out and wiring - maximum capacity 1588 kg (3500 lb.)	O	O

INTERIOR	SRX FWD	SRX AWD
<b>CARGO AREA</b>		
Retractable cargo security shade	O <sup>6</sup>	O <sup>7</sup>
Cargo mat	S	S
U-Rail rear cargo system	O <sup>8</sup>	O <sup>9</sup>
Pet guard and luggage barrier net	O	O
<b>CLIMATE CONTROL</b>		
Automatic, dual-zone electronic climate control	S	S
Air filtration system	S	S
Automatic air circulation/quality and humidity sensor	O <sup>4</sup>	O <sup>5</sup>
Automatic, tri-zone electronic climate control	—	O <sup>10</sup>
<b>CONSOLES</b>		
Front centre floor console with storage and dual cupholders	S	S
Overhead, includes universal home remote transmitter <sup>11</sup>	S	S
<b>CRUISE CONTROL</b>		
Steering wheel-mounted	S	S
<b>INSTRUMENTATION</b>		
Analogue gauges (includes speedometer, tachometer, coolant temperature, fuel efficiency and fuel gauges)	S	S
Driver Information Centre (includes odometer, 2 trip odometers, instantaneous fuel consumption, average fuel consumption, exterior temperature display, GM Oil Life Monitoring System, programmable features and message centre)	S	S
Tire pressure monitoring system	S	S
<b>LIGHTING</b>		
Illuminated entry/exit, front map and cargo area	S	S
Ambient lighting with LED light pipes, spotlights and illuminated front door sill plates	O <sup>4</sup>	O <sup>5</sup>
<b>LOCKS</b>

SRX AWD		2015 (4442)

‡ Includes weight of trailer, cargo, passengers and equipment. All towing recommendations are subject to change. Trailer tongue should be 10% of the maximum trailer weight but should not exceed the load rating specified for that vehicle, engine or hitch combination. See your dealer or refer to the SRX Owner's Manual for details.

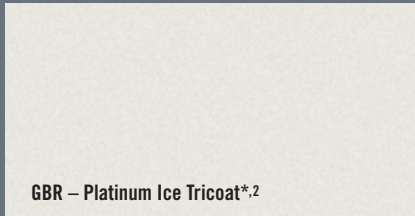

INTERIOR FABRIC COLOURS

LEATHER

EXTERIOR COLOURS

Exterior colours may be subject to change during the 2012 model year. Please check with your sales consultant or visit cadillac.ca for latest colour availability on SRX. The exterior and interior colours in this brochure are as close to the actual vehicle production colours as the printing process allows. For more accurate colour samples, ask your Cadillac sales consultant to see the dealer showroom vehicle colour display.

SRX

EXTERIOR/INTERIOR COLOUR COMPATIBILITY

INTERIOR COLOURS				
EXTERIOR COLOURS	Ebony with Ebony Accents	Titanium with Ebony Accents	Shale with Ebony Accents	Shale with Brownstone Accents
GAN – Radiant Silver Metallic	•	•	•	
GAO – Gold Mist Metallic			•	•
GAR – Black Ice Metallic*	•	•	•	•
GBA – Black Raven	•	•	•	•
GBE – Crystal Red Tintcoat*.1	•	•	•	•
GBR – Platinum Ice Tricoat*.2	•	•	•	•
GBV – Flannel Grey Metallic	•	•	•	
GHA – Mocha Steel Metallic	•	•	•	•
GTS – Xenon Blue Metallic	•	•	•	•

\* Available at extra cost.  
1 – Tintcoat is a premium two-layer paint application with the addition of a tinted clearcoat, lending the finish an extra depth and brightness.  
2 – Tricoat is a meticulous three-layer process that results in a dramatic hue-shifting colour reminiscent of a show-car finish.

WHEELS

- A – 18" x 8" 7-spoke painted aluminum wheels (RT4)
