# Golf R

America's Best  
Bumper-to-Bumper  
Limited Warranty\*\*

## The People First Warranty\*

6 Years/72,000 Miles · Transferable  
Bumper-to-Bumper · Limited Warranty

Volkswagen

\*6 years/72,000 miles (whichever occurs first) New Vehicle Limited Warranty on MY2018 and newer VW vehicles, excluding e-Golf. See owner's literature or dealer for warranty exclusions and limitations. \*\*Claim based on manufacturers' published data on length and transferability of car and SUV Bumper-to-Bumper/Basic warranty only. Not based on other separate warranties.

# The perfect formula for performance.

This hatchback takes fun to drive to the next level. First, you can choose from five fun standard exterior colors, or watch your wow factor multiply and pick from 40 special-order colors available through VW Spektrum.\* Then, pair your paint with LED headlights and a turbocharged engine and watch driving become an art form.

\*Exterior color options will vary based on model, trim level, and package combination, and may increase price. Order-only colors take extra time and are subject to factory constraints.

### **288-hp 2.0L TSI® turbocharged engine**

Boasting tons of turn-twisting torque and a powerful 4-cylinder 288-hp engine, the Golf R comes ready to fire on all cylinders.\*

### **DCC® adaptive chassis control**

With three settings of suspension firmness to choose from, DCC adaptively controls the damper valves of the Golf R with a refined control algorithm. Taking input signals from wheel sensors and front and rear acceleration sensors, DCC adjusts the optimal damping force, selectively applying force to the four wheels individually.

### **7-speed DSG® automatic transmission with Tiptronic® and Sport mode**

Faster shifting than a manual transmission, the available 7-speed DSG automatic transmission lets you quickly upshift and downshift using paddle shifters located within a finger's reach on the steering wheel. It's accelerated shifting.

### **4MOTION® all-wheel drive**

The 4MOTION all-wheel-drive system transfers torque between the front and rear wheels. In normal driving conditions, power is delivered to the front wheels. But 4MOTION can also send torque to the rear axle when it's needed. Talk about a power move.

#### FEATURES

---

- XDS® Cross Differential System
- 3-mode Electronic Stability Control
- Progressive power steering with variable assistance
- R-design front grille, bumpers, and side skirts
- LED headlights with LED Daytime Running Lights (DRL)
- LED taillights
- Quad-tip exhaust system
- 19" two-tone machined alloy wheels

#### AVAILABLE FEATURES

---

- 19" split 5-spoke gloss black alloy wheels

\*Always obey local speed and traffic laws.

Mars Red

Magma Orange

TNT Orange

Ginster Yellow

Futura Yellow Metallic

Curry Yellow

Traffic Purple

Dark Burgundy Pearl

Raspberry Red

Oxide Red

Hot Chili Pearl

Copper Orange Metallic

Bordeaux Red Pearl

# VW Spektrum

When you hop into your 2019 Golf R, you'll be blazing new trails — of color. This year, you can pick from five standard hues, or expand your palette with VW Spektrum — a dizzying rainbow of 40 special-order available colors.\* With that many options, you're sure to find one that speaks your language. Now all you have to do is decide.

## 19" Black Alloy Wheel Package

The design of this 19" wheel package really pays homage to the edgier side of the Golf R. Painted a glossy black, these wheels have five split spokes centered around the VW logo.

\*Exterior color options will vary based on model, trim level, and package combination, and may increase price. Order-only colors take extra time and are subject to factory constraints.

Squirrel Gray

Dust Gray

## Hot off the assembly line.

If you like it hot, you'll love the 2019 Golf R. Leather seating surfaces, a sleek 8" glass touchscreen display, and Volkswagen Digital Cockpit keep the cabin state of the art. And to keep you in a state of feeling confident, check out your heads-up Performance Monitor for real-time driving stats.

### Performance Monitor

View your vitals in real time with three digital gauges monitoring performance information, like multi-direction G-force meter,\* boost pressure, and engine power usage.

### Volkswagen Digital Cockpit

This display is a true breakthrough. Instead of the traditional instrument cluster, information can be displayed digitally in high resolution.

### FEATURES

---

- 8" touchscreen navigation system
- Driving Mode Selection
- Volkswagen Car-Net® App-Connect\*\*
- R-design leather seating surfaces
- 12-way power-adjustable driver seat
- Interior ambient lighting
- Fender® Premium Audio System

# Don't pass up a chance for greater peace of mind.

Driver Assistance features can help give you more confidence on your drive.

## Rear Traffic Alert\*

Rear Traffic Alert comes in handy when you're backing up. It has sensors that can alert you to vehicles crossing in your path when in reverse, and can even help brake the vehicle if needed.

## High Beam Control (Light Assist)\*

High Beam Control (Light Assist) helps provide better visibility on dark roads by turning on your high beams at certain speeds. A camera mounted at the base of the rearview mirror turns your high beams on when conditions warrant it on dark or poorly lit roads. It then turns them off again if another car approaches or drives in front of you.

## Adaptive Cruise Control (ACC)\*

Adaptive Cruise Control (ACC) helps the vehicle maintain a preset speed and distance from the car in front of you. When activated, if the car in front of you speeds up or slows down, the sensors can detect the change and your car follows suit.

## Lane Keeping System (Lane Assist)\*

When moving, the Lane Keeping System (Lane Assist) can sense if you start to drift into another lane without using the turn signal. Within the limits of the system, Lane Assist can help steer to help keep you in the current lane.

## Blind Spot Monitor\*

When driving, if you attempt to change lanes, the Blind Spot Monitor can help alert you to cars that may be in your blind spot. The Active Blind Spot Monitor can also counter-steer within the limits of Lane Assist to help keep you in your lane if you attempt to change lanes when a vehicle is in your blind spot.

Rear Traffic Alert\*

## Park Distance Control\*

Park Distance Control has sensors that can help you back out of or drive into a parking spot. Audible signals and the optical parking system on the display indicate how much space you have behind and, on some vehicles, in front of the vehicle when parking. If you get too close, the system beeps as a warning. Maneuver Braking (included with Park Distance Control) can apply emergency braking force automatically to help mitigate and in best case prevent collisions with stationary obstacles while you maneuver the vehicle in reverse gear.

## Forward Collision Warning and Autonomous Emergency Braking (Front Assist)\*

The Forward Collision Warning (included in Front Assist) system can help monitor traffic and can alert you acoustically and visually to a potential front-end collision with the vehicle moving ahead. If it senses that a collision is imminent, Autonomous Emergency Braking (included in Front Assist) can support the driver with increased brake pressure or, if the driver does not react at all, it can apply the brakes automatically. Pedestrian Monitoring (included in Front Assist) feature can warn of pedestrians crossing in front of the vehicle and, under certain circumstances, can brake automatically to help prevent or mitigate the outcome of a collision with a pedestrian if the driver doesn't respond adequately to the warnings.

### Cost of ownership

The 6 years or 72,000 miles New Vehicle Limited Warranty reduces the cost of owning a Volkswagen!

### Peace of mind

Every Volkswagen is designed with quality in mind. So our 6 years/72,000 miles (whichever occurs first) New Vehicle Limited Warranty isn't just extensive, it's proof of our confidence.\*

### Coverage

You're covered by the warranty for 6 years or 72,000 miles (whichever comes first).\*

### The smart choice

Considering the length of the virtual bumper-to-bumper coverage and the ability to transfer the remainder of the coverage to the next owner, The People First Warranty beats the competition every time.\*

### Transferable

Your vehicle remains covered even if transferred to a new owner. So long as the vehicle is less than 6 years old and has traveled fewer than 72,000 miles, the remainder of the warranty coverage transfers to the subsequent vehicle owner.\*

### Bumper-to-Bumper Limited Warranty

In general, the warranty provides practically bumper-to-bumper coverage for repairs to correct a defect in manufacturer's material or workmanship (i.e., mechanical defects).\*

\*6 years/72,000 miles (whichever occurs first) New Vehicle Limited Warranty on MY2018 and newer VW vehicles, excluding e-Golf. Remainder of warranty coverage transfers to subsequent vehicle owner. See owner's literature or dealer for warranty exclusions and limitations. \*\*Claim based on manufacturers' published data on length and transferability of car and SUV Bumper-to-bumper/Basic warranty only. Not based on other separate warranties. \*Claim based on 5 years/75,000 miles cost of ownership analysis comparing 6 years/72,000 miles (whichever occurs first) limited warranty and 3 years/36,000 miles (whichever occurs first) limited warranty.

Specifications, standard features, options, fabrics, and colors are subject to change without notice. Some features may be unavailable when your vehicle is built. Some vehicles are pictured with options that may be available at extra cost or may not be available on some models. Ask your dealer about the availability of options and verify that the vehicle you select includes the equipment you ordered. Tires are supplied and warranted by their manufacturer. "Volkswagen," the Volkswagen logo, and "Golf R" are registered trademarks of Volkswagen AG. "Bluetooth" is a registered trademark of Bluetooth SIG, Inc. Volkswagen navigation depends on the signals from the worldwide Global Positioning Satellite network. The vehicle's electrical system, and existing wireless and satellite technologies, must be available and operating properly for the system to function. The system is designed to provide you with suggested routes to location addresses, destinations, and other points of interest. Changes in street names, construction zones, traffic flow, points of interest, and other road system changes are beyond the control of Volkswagen of America, Inc. Complete detailed mapping of lanes, roads, streets, toll roads, highways, etc., is not possible, therefore you may encounter discrepancies between the mapping and your actual location. Please rely on your individual judgment in determining whether or not to follow a suggested navigation route. Periodically, the mapping is updated and an update will be required in order to maintain the latest navigation information available to us. Updates will be available for purchase from time to time at additional cost. For further information regarding any Volkswagen model, please call 1-800-DRIVE-VW or just look us up at [vw.com](http://vw.com).
