SERVICE & PARTS DEPT. HOURS

7:30 AM to 9:00 PM

Monday - Saturday

In general, this maintenance schedule is based upon having your Subaru serviced every **7,500 miles** or **7.5 months**. Conventional oil changes are **recommended** every 3,750 miles or 3 months due to our area's climate. Synthetic oil changes are recommended every **7,500 miles** or **7.5 months**. Although the various services detailed show mileage intervals only, the time element is important as well and should be a consideration as you schedule your preventive maintenance visits. As always, we recommend checking fluids between services.
