Camry 2012 Accessories

Over the past 25 years, Camry has become the standard for quality, and in every respect the reinvented 2012 Toyota Camry is designed to uphold that legendary standard. Now that you own one of these ever-popular sedans, it's easy to make it your own with Genuine Toyota Accessories. Whether you're interested in performance, styling or protection, you'll find everything you're looking for within these pages.

toyota.com/accessories

Rear Spoiler

Give your Camry a bit of attitude with an eye-catching rear spoiler. Mounted to the rear deck lid, the spoiler is factory color-matched and features a Camry-specific design that complements the sedan's sleek lines.

A | Alloy Wheel Locks

Constructed of forged, hardened steel with triple-nickel zinc plating, these inexpensive and easy-to-install wheel locks help provide dependable protection against theft. In addition to saving vehicle owners the potential time and expense of replacing their wheels and tires, these locks also help avoid the additional damage that can occur during theft.

B | Mudguards

Help protect your paint from damaging stones, tar – and, yes, mud – with a set of front and rear mudguards. Designed to integrate with your Camry's styling, these durable mudguards feature corrosion-resistant hardware and are constructed from material that stands up to the rigors of everyday driving.

C | 17-In. 10-Spoke Liquid-Metal-Finish Wheels

Providing a sportier option for the factory wheels, these 17-in. 10-spoke aluminum alloy wheels feature a liquid-metal finish. Constructed from lightweight aluminum alloy that helps optimize fuel economy, these wheels are tested to strict Toyota durability standards for maximum performance and are road-tested by factory engineers to help ensure the best, smoothest ride possible.

A | Rear Bumper Appliqué

The top of your rear bumper can take a beating when loading and unloading cargo. Help protect it from scrapes and scratches with this nearly invisible appliqué. Subtly finished with a small Toyota logo, the appliqué features high-grade urethane construction and a UV-resistant topcoat.

B | Body Side Moldings

Help protect your Camry from careless door swings, renegade shopping carts and other unfortunate parking lot mishaps with body side moldings. These color-matched moldings help maintain your Camry's resale value while adding a touch of elegance to its exterior.

A

C

C | Paint Protection Film¹

Like a clear suit of armor, this paint protection film helps guard your Camry's paint from sand, small stones, insects and other debris. Made from nearly invisible urethane material, the film resists discoloration and is available for the leading edge of the hood, fenders and front bumper. Must be applied at the factory or your dealership by a trained technician.

B

A | Doorsill Enhancements

To add even more refinement to your Camry, upgrade your factory door scuff plates with these custom-fit doorsill enhancements. Engineered with a stainless steel overlay mounted to a durable backing, these doorsills feature an embossed Camry logo and acrylic window — a combination that’s as protective as it is stylish.

B | Illuminated Doorsill Enhancements²

Don’t just get into your Camry — make an entrance. Crafted precisely to replace the Camry’s factory door scuff plates, these stylish doorsills feature a stainless steel finish and LED lights that illuminate an ice-blue Camry logo whenever the front doors are opened.

C | First Aid Kit

This handy first aid kit can help you tend to many minor injuries. The kit includes insect-sting pads, adhesive bandages, butterfly strips, stretch bandage with fasteners, scissors, an emergency blanket and more. Designed with Velcro® mounting strips, the soft, zippered case can be placed inside the cabin or cargo area and will remain firmly and quietly in place during normal driving.

A

C

E

E | Cargo Net

The stretchy mesh netting of this cargo net helps keep all sorts of everyday items from rolling around or tipping over during transit. The envelope-style net can be quickly attached to or detached from the grocery hooks and tabs in the trunk, and it stores flat when not in use.

F | Ashtray Cup

This self-contained ashtray fits snugly inside Camry’s cup holder. Featuring a hinged lid and UV-protected plastic cup, it helps minimize odors and flyaway ash. The unit is removable for portability and easy cleaning.

F

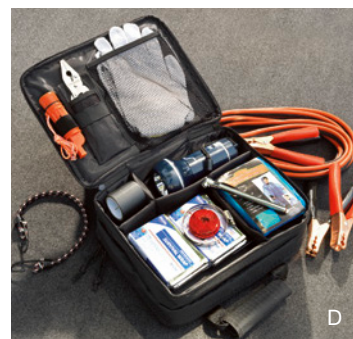

G

G | Cargo Mat

Considering everything that gets tossed in the trunk, it’s wise to help protect the trunk area from premature wear and stains. This cargo mat is made from durable nylon carpet that resists fading. It’s finished in Charcoal Gray to match the trunk interior and features an embroidered Camry logo patch.

D | Emergency Assistance Kit

Don’t let minor problems stop you in your tracks. This ultra-functional emergency assistance kit contains tools and supplies to help you handle minor situations that may occur on the road. The kit includes booster cables, a hose clamp and tape, work gloves, survival blankets, a flashlight/lantern, a water bag and more. The kit also features a retention strap to help keep it secure and is specially packaged to eliminate rattling while driving.

D

H | Carpet Floor Mats³

Custom-tailored for an exact fit, this set of four carpet floor mats helps protect the Camry’s original carpet from wear and tear. The mats are constructed of durable nylon and include an embroidered Camry logo patch. A ribbed backing and quarter-turn fasteners help keep them in position. The mats are also removable and easy to clean.

I | All-Weather Floor Mats³

Protect your Camry’s original factory carpet with a set of durable all-weather floor mats. These solid one-piece mats feature a ribbed channel design that helps contain moisture, grease, dirt and other debris. Embellished with a Camry logo, the mats are constructed from a high-quality 100% recyclable thermoplastic polymer material that resists fading and cracking. Plus, they’re held firmly in place with a ribbed backing and quarter-turn fasteners.

Electronic Accessories

A | Glass Breakage Sensor (GBS)⁴

The Glass Breakage Sensor (GBS) uses a highly sensitive microphone that can detect the specific frequencies of glass being struck or broken. If the GBS detects an object striking the glass, a warn-away alarm will sound. In the event glass breakage is detected, the security system will be activated immediately and disable the starter. The GBS is capable of ignoring noises other than those associated with glass, and the sensitivity is adjustable, helping reduce false alarms.

A | Toyota Vehicle Intrusion Protection (TVIP) RS3200 Plus⁴

Toyota Vehicle Intrusion Protection (TVIP) is a complete vehicle security system for vehicles with factory remote lock/unlock keyless entry. The system offers three different alarm functions: break-in alarm, warn-away alarm and panic alarm. The security feature also includes remote arming and disarming, automatic rearming and relocking, passive arming, door-ajar warning, interior light activation, rolling code technology and disabling of the starter.

B | Remote Engine Starter

When the weather outside is less than accommodating, a Remote Engine Starter allows you to set your Camry's cabin to the ideal temperature before it's time to get in. This convenient accessory lets you start the engine and activate the air conditioner, heater, defroster and defogger at their last settings, all from a more comfortable location. It's fully integrated into your factory security/keyless entry system, so there's no need for an additional remote.

Always Go With Genuine Toyota Accessories

When it comes time to make your Toyota your own, remember only Genuine Toyota Accessories are designed, tested and approved specifically for your Toyota vehicle. Plus, when you purchase them at the same time as your new vehicle, Genuine Toyota Accessories are backed by Toyota's 3-year/36,000-mile New Vehicle Limited Warranty, valid at any Toyota dealership nationwide.
