Body Side Moldings

Color-matched body side moldings help protect your doors from scratches, dents and chipping, while adding a touch of style to your vehicle's appearance. All body side moldings feature a high quality factory finish and are engineered specifically for your Corolla, ensuring a precise fit.

A | Paint Protection Film^{1,2}

Help protect your Corolla's factory paint from sand, stones, insects and other road debris that can chip and scratch the finish. Constructed from a durable, colorless urethane film that is nearly invisible, it can be applied to the frontal impact areas of the vehicle including the hood, fenders, and front bumper to help maintain a like-new appearance. While it goes on quickly, installation by a trained Toyota Technician ensures a precise fit and finish.

B | Door Edge Guards

Color-matched Genuine Toyota door edge guards help protect your Corolla's vertical door edges from dings and chips. They offer economical protection and help preserve your vehicle's like-new appearance while seamlessly blending into its sleek, streamlined style.

C | Rear Bumper Protector

Preserve your Corolla's like-new appearance with this durable black rear bumper protector, which helps keep the top surface of your rear bumper free of scrapes and scratches. The rear bumper protector's raised tread pattern provides a custom look while the skid-resistant surface helps provide protection.

A | Mudguards

Help protect your paint from damaging stones, tar – and, yes, mud – with a set of front and rear mudguards. Designed to integrate with your Corolla's styling, these durable mudguards feature corrosion-resistant hardware and are constructed from material that stands up to the rigors of everyday driving.

B | Rear Spoiler

Add a sporty touch to your Corolla with the color-matched rear spoiler. Beyond its good looks, the spoiler is crafted from lightweight durable material and is precisely sculpted to augment the lines of your Corolla.

A

C

C | Alloy Wheel Locks

Constructed of forged, hardened steel with triple-nickel and zinc plating, these inexpensive and easy-to-install wheel locks help provide dependable protection against theft. In addition to saving the potential time and expense of replacing wheels and tires, these locks also help avoid damage that can occur during a theft attempt.

B

A | Cargo Tote

The collapsible soft-sided cargo tote is designed to hold a variety of smaller everyday items, helping to ensure they don't shift around or tip over in your cargo area. For added convenience, the tote includes removable divider panels that hold items upright. It also features two carrying handles for easy loading and unloading, folds flat when not in use, and pops up easily when needed.

B | Cargo Net - Envelope

The stretchy mesh netting of this cargo net helps keep all sorts of everyday items from rolling around or tipping over during transit. The envelope-style net can be quickly attached to or detached from the defined points in the trunk, and it stores flat when not in use.

C | Carpet Trunk Mat

Considering everything that gets tossed in the trunk, it's wise to help protect the trunk area from premature wear and stains. This trunk mat is made from durable nylon carpet that resists fading. It also features an embroidered Corolla logo patch.

A

B

C

A | Carpet Floor Mats³

Designed for an exact fit, the carpet floor mats are constructed of durable nylon carpet and include an embroidered Corolla logo patch. They help protect your Corolla's original carpet from premature wear and tear. Retention clips (on the driver's side) and nibbed backing on all mats help keep them in position. The floor mats are also removable and easy to clean.

A

B | Door Sill Enhancements

The door sill enhancements replace your factory door scuff plates and provide a stylish look to your Corolla. Featuring a brushed stainless steel overlay with the Corolla logo, the door sill enhancements add a touch of style.

B

C

C | Auto-Dimming Mirror

Helping to reduce the glare of headlights from behind your Corolla, the auto-dimming mirror automatically reduces the reflection rate of your inside mirror to dampen glare and help improve your rear view during nighttime driving.

A | First Aid Kit

This handy first aid kit can help you tend to many minor injuries. The kit includes insect-sting pads, adhesive bandages, butterfly strips, stretch bandages with fasteners, scissors, an emergency blanket and more. Designed with Velcro® mounting strips, the soft, zippered case can be placed inside the cabin or trunk and will remain firmly and quietly in place during normal driving.

B | Ashtray Cup

This self-contained ashtray fits snugly inside your Corolla's cup holder. Featuring a hinged lid and UV-protected cup, it helps minimize odors and flyaway ash. The unit is removable for portability and easy cleaning.

C | Emergency Assistance Kit

Don't let minor problems stop you in your tracks. This ultra-functional emergency assistance kit contains tools and supplies to help you handle minor situations that may occur on the road. The kit includes booster cables, a hose clamp and tape, work gloves, survival blankets, a flashlight/lantern, a water bag and more. The kit also features a retention strap to help keep it secure and is specially packaged to eliminate rattling while driving.

A | VIP Security⁴

The VIP RS3200 Plus (Vehicle Intrusion Protection) is a complete vehicle security system with an alarm and glass breakage sensor for vehicles that already have keyless entry with remote lock/unlock. When equipped with the VIP RS3200 Plus, the vehicle's security system is activated immediately if the glass is broken or if forced entry of a side door (or the trunk) is attempted. A wide range of security and convenience features include: automatic rearming and relocking, door ajar warning, interior light activation, panic alarm, rolling code technology and disabling of the starter.

B | BLU LOGIC[®] Hands-Free System⁵

Enjoy the ultimate convenience of hands-free cell phone use—and comply with regulations restricting use of cell phones while driving—courtesy of the BLU LOGIC[®] Hands-Free System. BLU LOGIC integrates with your factory audio system speakers, allowing you to answer incoming calls with the push of a button, while outgoing calls are as simple as speaking into the fixed microphone provided.

C | Remote Engine Starter

When the weather outside is less than accommodating, a Remote Engine Starter allows you to set your Corolla's cabin to the ideal temperature before it's time to get in. This convenient accessory lets you start the engine and activate the air conditioner, heater, defroster and defogger at their last settings, all from a more comfortable location. It's fully integrated into your factory security/keyless entry system, so there's no need for an additional remote control key fob.

A

B

C

A | TRD Strut Brace

Help reduce flex and increase handling precision with a strut brace, which mounts inside your engine compartment to increase chassis rigidity. It's manufactured from lightweight, high-strength TIG-welded extruded aluminum and powder coated in a TRD red titanium-colored coating for maximum protection and durability.

B | TRD Rear Sway Bar

Engineered by TRD to enhance the Corolla's handling characteristics, the rear sway bar helps provide a flatter, more firm cornering stance and helps deliver greater control. Manufactured from high-quality spring steel for increased stiffness and durability, the sway bar features a gloss red powder coat finish designed to resist corrosion and help protect against road damage.

C | TRD Lowering Springs

Featuring TRD's proprietary spring rate—linear in front, progressive in rear—TRD lowering springs lower your vehicle's center of gravity by 0.5-inch in front and 1.5-inch in rear. The result is enhanced on-road performance through quicker turn-in, enhanced steering response and improved cornering ability. The lowering springs have been rigorously tested through the slalom and engineered to help ensure against rattles, clunking or rubbing—even when pushed to the limit.

D | TRD 18-in Alloy Wheels⁶

Upgrade your factory wheels to the “big rim” look with one of these TRD 18-inch low-pressure cast alloy wheels, available in a 5-spoke design (your choice of silver or black matte finishes) and a 9-spoke design. These stunning wheels reflect TRD's engineering requirements—incorporating the proper weight, offset brake clearance for fit, finish, and reliability—to create the optimal wheels for your Corolla.

TRD

A | TRD Oil Filter

Spoil your vehicle with premium engine protection, courtesy of the TRD high-performance oil filter. TRD oil filters use three plies of 100% synthetic glass/polyester blend filtration media for optimal efficiency.

B | TRD Oil Cap

They may go on like the stock oil cap, but these highly polished forged billet aluminum TRD oil caps provide a customized race-ready look that's anything but stock. Finished with a high-luster coating, you can be confident they will maintain their appearance for years to come. Available in two styles. Simple, twist-on application.

C | TRD Air Filter

Providing engine protection and potentially increasing engine output, the TRD high-performance air filter features a unique, oiled four-ply cotton gauze design that maximizes the filter's media area for superb filtration and enhanced airflow. A rugged polyurethane body holds the filter element, which is enclosed in durable epoxy-coated mesh and an elastomeric seal for a precision, leak-free fit. It's also washable, reusable and designed to last the lifetime of your Corolla.

Disclaimers

1. Paint protection film for the leading hood edges/fenders and front bumper sold as two separate packages.
2. Toyota Genuine Accessory Warranty will apply when the installation is completed by a trained Toyota Technician. If another installer does perform the installation, the "Parts-Only" warranty, 12 months, will be applicable instead.
3. To avoid interference with pedal operation: Each mat must be secured with retention hooks (clips). Do not install a floor mat on top of an existing floor mat. This floor mat was designed specifically for use in this model and model year vehicle and SHOULD NOT be used in any other vehicle.
4. Available for vehicles with factory remote keyless entry.
5. Performance of BLU Logic compatible phones will vary based on phone software version, coverage, and your wireless carrier. See www.blulogicupdate.com for more details.
6. 18-inch performance tires are often expected to experience greater tire wear than conventional tires. Tire life may be substantially less than 24,000 miles depending upon tires used and driving conditions.
