

EXCELLENCE  
BY SWEDEN

## The spirit of space

Space.  
The pure essence of Scandinavian design.  
A void to fill.  
Or not at all.  
A place to respect and pursue.  
Whether it's within, or beyond.  
Somewhere where you can relax, replenish and reflect.  
Where the pulse goes down, and you can think clearly again.  
Where you can be you, listening to your inner voice.  
With eyes closed, body relieved, prepared for your next move.  
In the rear seat of your Volvo XC90 or S90 Excellence.

## Volvo XC90 Excellence. The essence of exclusivity

This luxury SUV is the pinnacle of human-centric, Scandinavian design. Space and elegance combine with the opulence of a first-class lounge to provide sophisticated travel.

The lavish interior has been carefully crafted to provide an atmosphere of tranquillity and luxurious seclusion for you and your guests. The Volvo Excellence is available in two variants – with four seats, or with three seats and an adjustable lounge console.

## Scandinavian craftsmanship

Genuine materials. Meticulous craftsmanship. A sensory experience into the smallest detail. As a true connoisseur, you'll feel instantly at home in the exquisite cabin of your Volvo Excellence.

◀ The individual Excellence seats feature a Perforated Fine Nappa Leather upholstery with a Scandinavian style rhomb pattern.

The crystal glass gear-lever is handmade by Orrefors Sweden.

◀ Decor panels in handmade Linear Walnut for an exclusive sense of warmth and craftsmanship.

Handmade glasses in genuine crystal by the renowned Swedish glass makers at Orrefors.

## Comfort and control

Wherever you're seated, you can enjoy a first-class lounge experience in an individual Fine Nappa Leather seat with advanced ventilation and massage functions. Exclusive amenities such as folding leather-clad tray tables and a rear seat refrigerator are within easy reach. This is your own place to relax, re-think and re-energize.

Pop-up touch screen for convenient control of the rear seat amenities.

3-level integrated ventilation  
in seat and backrest

5-programme integrated  
massage in the backrest

3-level seat  
heating

Fully power-operated  
seat adjustments

Power multi-directional  
lumbar support

Power seat cushion  
extensions for thigh support

Power adjustable  
side bolsters

Volvo Excellence is the ideal place for privacy and relaxation. Adding to convenient travelling, the leather-clad rear centre console features storage, folding tray tables and illuminated crystal glass holders.

Rear seat refrigerator for two 750ml bottles and two Orrefors crystal glasses.

Maroon Brown – the Volvo Excellence Charcoal interior.

In the three-seat Volvo Excellence Lounge, an adjustable lounge console with heated footrest and lockable storage creates an even more exclusive rear seat experience. And helping you to spend travel time more effectively, it provides a foldable integrated 13-inch tablet.

## Silence and sound

Sound, how good it may be, is nothing without silence. Silence leaves room for your own thoughts and creates a relaxing atmosphere. Extensive sound insulation allows you to enjoy exactly this. And when you're in the mood for the music of your choice, the Bowers & Wilkins audio system will make every single note come through clearly and distinctly. Nothing added, nothing removed. Simply true sound.

One of the world's finest in-car audio systems by Bowers & Wilkins transforms the Volvo Excellence cabin into a concert hall. Designed to deliver the full musical experience, the high-end loudspeakers will surround you with a detailed, unadulterated sound you will feel.

## Clean air

Space and air are for everyone inside your Volvo Excellence. The four-zone climate system with ionic air cleaner gives the interior air an invigorating freshness, while the panoramic roof adds to the impression of light and space. And for those outside, our powerful T8 Twin Engine powertrain with a plug-in hybrid technology allows full-electric drive with zero emissions.

## Innovation driven by people

At Volvo Cars, we innovate for people. Every car, every technology and every design is the result of our passion to make life easier and better for you. This also allows us to help solve some of the challenges of modern life, making it less complicated and more enjoyable.

For example, we have made a unique commitment that from 2019 every new car we launch will feature an electric motor – a major step towards a more sustainable future. And within the area of connectivity, our vision is that by 2025 every new Volvo will help its owner reclaim one week of quality time per year.

Of course, we also have a progressive vision for the future of safety. We believe that, by 2020, no one should be killed or seriously injured in a new Volvo car. We will achieve this through our unique approach to safety, which builds on real-life research to create innovations that better protect people.

Collectively, this is what drives us forward as a company and is why we're investing in the future, a future where innovation is designed around you.
