### PREMIUM ALL-WEATHER FLOOR LINERS

Premium all-weather floor liners were designed to cover the interior carpet, providing maximum protection against the elements that other mats cannot offer. Their unique and durable design features a non-slip surface for added comfort and a long-lasting premium look. Remove carpet mats prior to installation.

### HYUNDAI WARM-UP SYSTEM

Keep the inside of your car warm in winter months without using a drop of fuel! The Hyundai Warm-up System includes an interior cabin heater, block heater, a fully programmable display unit, as well as an integrated battery charger.

### SIDE STEPS – OVAL TUBES

These oval side steps were designed to complement the design nature of your Hyundai. They are as attractive as they are functional. Finished in stainless steel, these oval side steps include step pads for secure footing and will look good for years to come.

### TRAILER HITCH KIT

Designed to meet your towing needs, a Hyundai hitch can accommodate a wide variety of hitch-mounted accessories. Kit includes trailer hitch, ball mount and end cap (chrome ball shown not included).

### CROSS RAILS

This durable, quick-locking cross rail system lets you transport cargo easily, without sacrificing interior room.

<sup>TM</sup>®The Hyundai name, logos, product names, feature names, images and slogans are trademarks owned by Hyundai Auto Canada Corp. Specifications, features, illustrations, accessories, materials and equipment and all other information shown in this brochure are based on the latest information available at the time of publication. Although descriptions are believed to be correct, accuracy cannot be guaranteed. Hyundai Auto Canada Corp. reserves the right to make any changes or modifications at any time, without notice or obligation, including, without limitation, in colour, specifications, features, accessories, materials, equipment and models. Some vehicles are shown with optional equipment. All Hyundai warranties have no deductible. <sup>1</sup>Hyundai's Comprehensive Limited Warranty coverage covers most vehicle components against defects in workmanship under normal use and maintenance conditions. <sup>2</sup>Hyundai's 24-Hour Roadside Assistance Program is a limited service and does not cover certain costs or expenses. Roadside Assistance is not a warranty. <sup>3</sup>Autonomous Emergency Braking (AEB) is designed to detect vehicles that are directly in front of the Santa Fe Sport. AEB will not detect all vehicles and objects. AEB may not work on winding or hilly roads, during certain weather conditions such as rain, snow, fog and any other times of limited visibility. AEB initiates full braking at speeds between 8 and 75 km/h (vehicle detection) or 8 to 65 km/h (pedestrian detection). AEB will not detect all pedestrians under certain conditions. See Owner's Manual for detailed descriptions of example condition in which AEB may not detect a pedestrian. AEB is not a substitute for safe driving. Always check your surroundings when driving. See Owner's Manual for further details and limitations. <sup>4</sup>Never rely completely on Blind Spot Detection (BSD) and be sure to use proper lane changing procedures. BSD will not detect every object or vehicle and will not prevent accidents. Always look over your shoulder and use your mirrors to confirm clearance. See Owner's Manual for further details and limitations. <sup>5</sup>Never rely exclusively on the Rear Cross-Traffic Alert. Always look over your shoulder and use your mirrors to confirm rear clearance. There are limitations to the function, detection, range and clarity of the system. The system may not detect every vehicle. This system does not detect stationary objects. Vehicle must be in reverse and has to be traveling at 10 km/h or less. See Owner's Manual for further details and limitations. <sup>6</sup>Adaptive Cruise Control (ACC) with stop/start capability is not a collision avoidance or warning device. ACC is for highway use only and should not be used in poor weather, heavy or varying traffic, or on winding or slippery roads. Driver remains responsible to slow or stop the vehicle to avoid a collision. Acceleration after the vehicle comes to a complete stop will only occur when the lane markings has been stopped for less than three seconds. See Owner's Manual for further details and limitations. <sup>7</sup>The Lane Departure Warning System operates when vehicle speed exceeds 70 km/h and only when the lane markings are clearly visible on the road and detected by the system. It will not prevent loss of control. See Owner's Manual for further details and limitations. The SiriusXM™ name is a trademark of SiriusXM Satellite Radio Inc..
