Volkswagen Original Accessories

Ready for anything.
Custom-tailor your Passat.

When it comes to accessorizing a Volkswagen, only the best will do. Built to the same quality standards we build our cars and SUVs to, our accessories are custom-fitted to each vehicle and designed to go the distance.

Many accessories can also be included in your lease and financing arrangements, and easily included in your payments to suit your needs.*

Volkswagen Original Accessories are protected by the new vehicle 4-year/80,000 km limited warranty if they're installed prior to vehicle delivery. Or if purchased afterwards, accessories qualify for the balance of the new vehicle warranty coverage or a 1-year/20,000 km limited warranty, whichever is greater.**

Items, specifications, availability, standard features, options, fabrics and colours are subject to change without notice. Volkswagen Canada is not responsible for errors in typography or photography. Some features may be unavailable when your vehicle is built or available at extra cost. Although we endeavour to ensure that the information is accurate, as errors may occur from time to time, customers should contact their local Volkswagen dealer for details. Tires are supplied and warranted by their manufacturer. The vehicle is sold equipped with four all-season tires. However, please remember that the use of winter tires may be mandatory in your province or territory. Airbags are supplemental restraints only and will not deploy under all accident scenarios. Always use safety belts and seat children only in the rear seats, using restraint systems appropriate for their size and age. The navigation system depends upon signals from the GPS network and is designed to provide you with suggested routes only. Discrepancies may occur between the mapping and the actual location due to changes in street names, construction or other road system changes which are beyond the control of Volkswagen Canada. Please rely on your individual judgment in determining whether or not to follow a suggested navigation route. Fuel consumption ratings are estimates based on Natural Resources Canada's (NRCAN) fuel consumption criteria and testing methods for 2017 model year vehicles and are provided for comparison purposes only. Please note that comparisons to seemingly similar vehicles pre-2015 model year will show discrepancies due to the difference in NRCAN approved calculation methods for 2014 model year and older vehicles. Please refer to NRCAN's Fuel Consumption Guide 2017 for estimated fuel consumption figures. Actual fuel consumption will vary based on driving conditions, driver habits and the vehicle's condition, weight carried and additional equipment.
