

WENTWORTH MOTORS CAR SHOW

After much consideration and 10 fun filled years of fantastic cars, food, prizes and making new friends we have decided not to have our car show any longer. We want to thank everyone who participated in the annual event. We started out our first year with 25 vehicles and last year was the biggest show ever with 125 vehicles. On behalf of all of us here at Wentworth Motors we wish everyone a safe and enjoyable car show season.

People have asked why we don't have the prices on our used vehicles and the answer is quite simple. We want to be able to tell the story about the vehicle not just the price. Most of our used vehicles are very clean, one owner, clean Carfax with regular maintenance records. We will provide you with all the information you need to make a well-informed purchase. There is more to buying a vehicle than the price. You're buying the vehicle, the history, the salesperson as well as the dealership. Since 1981 we have been providing quality used vehicles that are not only high quality but are also affordable. The most important reason we don't put prices on our vehicles is that it creates contact between the customer and the dealership. In the fast paced, technology-based world that we live in, we enjoy having customers visit our dealership. We love conversing with our customers and making sure that we are providing the best services we can to our customers. We love meeting new people, making new friends and welcoming you to our family here at Wentworth Motors.
