NISSAN FUEL EFFICIENCY

INNOVATION THAT GIVES YOU MORE CAR AND MORE SAVINGS.

What if you could get excellent fuel economy in a roomy, comfortable car that's lots of fun to drive? With Versa® Note®, you can. We got there by developing everything from exterior aerodynamics that whisper through the wind, to an advanced 1.6-litre 4-cylinder engine, to a virtually gearless Xtronic CVT® transmission that maximizes efficiency and performance. It's all part of Nissan's commitment to creating more environmentally friendly transportation for everyone.

6.0 L/100 km (47 MPG) highway,¹ so you can breeze past the pump with ease

4 Low rolling resistance tires that use less energy to move, so you use less fuel

.298 Drag coefficient, so Versa® Note® moves through the air with less effort
CD

With best-in-class interior volume,¹ Versa® Note® is surprisingly spacious and exceptionally accommodating. With Push Button Ignition, it's one touch and go, without ever taking out your keys. Available features like a leather-wrapped steering wheel, double-stitched upholstery, Fine Vision electroluminescent gauges, and silver and chrome accents add a touch of class. Add in streaming Bluetooth® that lets you DJ from any seat for extra fun.² And top it off with available heated front seats to make every trip as cozy as it is cool.

NISSAN DIVIDE-N-HIDE® ADJUSTABLE FLOOR INNOVATION THAT GOES WITH THE FLOW.

Wouldn't it be cool if your car could adapt in a snap? Say, for that vintage coffee table, or a day's haul from the farmer's market? When living in the moment is all part of the plan, Versa® Note® has your cargo needs covered with the super-versatile available Divide-N-Hide® Adjustable Floor. Get creative with multiple configurations and 532.4 litres (18.8 cubic feet) of cargo space. Rear 60/40 split seats let you fit friends and oversized items. Or fold down both sides to create a flat cargo area. No matter what's on the agenda, Versa® Note® is ready when you are.

Cargo shown for display purposes only. Cargo and load capacity limited by weight and distribution. Always secure all cargo.

Load it all in.

With the rear seats folded down, the Divide-N-Hide® Adjustable Floor creates a flat cargo area.

Stow on the go.

Lower the floor to accommodate taller items at a moment's notice – no removal required.

Protect from prying eyes.

Lift up the adjustable floor and you'll find a convenient hiding place that helps keep valuables out of sight.

NissanConnectSM

YOUR WORLD, SERVED UP.

With available NissanConnectSM with Mobile Apps, your Versa[®] Note[®] becomes your smartphone's best friend. Which means no more separation anxiety for you. Because now, your own hand-picked music, latest tweets, TripAdvisor[®] tips, Facebook[®] events, and more all come along for the ride, working seamlessly together through your smartphone and Versa[®] Note[®]'s available colour touch-screen.¹

Your Versa[®] Note[®] also keeps you in the loop with the available Nissan Navigation System (featuring voice recognition),² hands-free text messaging,³ Bluetooth[®] hands-free calling and streaming audio,⁴ plus an iPod[®]/USB input.⁵

¹Driving is serious business. Only use NissanConnectSM Mobile Apps when safe to do so. App availability is dependent upon vehicle model, trim level, packaging, and/or options. See Nissan.ca/NissanConnect for complete app availability details. Never program while driving. GPS mapping may not be detailed in all areas or reflect current road status. Compatible smartphone required. Cellular network and GPS signals not available in all areas and/or at all times. Cellular technology is evolving, and changes to cellular networks provided by independent companies are not within Nissan's control. Nissan is not responsible for associated costs that may be required for continued operation due to cellular network termination (including equipment upgrades, if available, or roaming charges on alternative networks). Should cellular provider terminate/restrict service, service may be terminated without notice and with no liability to Nissan and its agents or affiliates. Subscription Agreement required and terms and conditions of Subscription Agreement apply. See Nissan.ca/NissanConnect for details. Text rates and/or data usage may apply. ²Never program while driving. GPS mapping may not be detailed in all areas or reflect current road status. ³Use the text messaging feature after stopping your vehicle in a safe location. If you have to use the feature while driving, exercise extreme caution at all times so full attention may be given to vehicle operation. Compatible smartphone required.

NISSAN AROUND VIEW[®] MONITOR⁶

IF YOU WANT PARKING ANY EASIER, YOU'LL HAVE TO VALET.

A rearview monitor is great when backing up – but when it comes to parking, it's nice to see more than just what's behind you. That's why Versa[®] Note[®] offers the Around View[®] Monitor.⁶ Four cameras give you a virtual 360° bird's-eye view of your vehicle, with selectable split-screen close-ups of the front, rear, and curbside views, so you can get a better look.⁷ Now that's smart.

Text rates and/or data usage may apply. ⁴Availability of specific features is dependent upon the phone's Bluetooth[®] support. Please refer to your phone Owner's Manual for details. Bluetooth[®] word mark and logos are owned by Bluetooth SIG, Inc., and any use of such marks by Nissan is under licence. ⁵Driving is serious business and requires your full attention. If you have to use the connected device while driving, exercise extreme caution at all times so full attention may be given to vehicle operation. ⁶Available feature. Parking aid/convenience feature. Cannot completely eliminate blind spots. May not detect every object and does not warn of moving objects. Always check surroundings and turn to look behind you before moving vehicle. ⁷Virtual composite 360° view. The Apple App Store logo is a registered trademark of Apple, Inc. All rights reserved. NISSAN SAFETY SHIELD® PHILOSOPHY

SURROUND YOURSELF WITH CONFIDENCE.

What if you had the confidence you need for every part of your drive? The Nissan Safety Shield® is a comprehensive approach to safety that guides the engineering and development of every vehicle we make. The features described here are just some of many on your Nissan, helping to protect you and yours by focusing on three key areas: keeping an eye on your vehicle's systems and the surroundings, assisting in handling unexpected situations, and helping to keep you safe in the unfortunate event of an accident.

6 Standard Airbags. When a collision is unavoidable, Nissan's Zone Body construction helps absorb the impact while the advanced seat belt and airbag systems help protect passengers.¹

Anti-lock Braking System helps you maintain steering control around obstacles while braking heavily.

Available Around View® Monitor gives you a 360° view of your surroundings for easier, safer parking.^{2,3}

Available RearView Monitor helps you see what's directly behind you when you're backing up or parking.²

snug-kids®. Nissan safety engineers have dedicated thousands of hours to evaluating hundreds of child restraints in Nissan vehicles. The result: an industry first, The Snug Kids® Child Safety Seat Fit Guide. This guide lists child seats that fit the rear seats of Nissan vehicles, as well as offers invaluable tips on correct installation. Look for the latest Fit Guide at Nissan.ca/en/owners

Vehicle Dynamic Control (VDC). Also known as stability control, VDC monitors your steering and braking to help you maintain your steered path under certain conditions by reducing engine output and/or applying brake pressure to specific wheels.⁴

Traction Control System (TCS). When TCS senses drive-wheel spin, it responds by reducing throttle or applying brake pressure to help maintain traction.

Electronic Brake force Distribution/Brake Assist. EBD is designed to send extra force to the rear brakes when there's additional weight in the back. If you need to slam on the brakes, Brake Assist detects how hard you're braking, and if it senses you are in an emergency, it will automatically help to apply maximum braking force.⁵

SAFETY SHIELD

¹Airbags are only a supplemental restraint system; always wear your seat belt. Even with the occupant-classification sensor, rear-facing child restraints should not be placed in the front-passenger's seat. Also, in addition to any other requirement of applicable law, all children 12 and under should ride in the rear seat properly secured in child restraints, booster seats, or seat belts, according to their size. Airbags will only inflate in certain accidents; see your Owner's Manual for details. Inflated airbags shown for illustration purposes only, actual coverage area may differ. Airbags deflate after deployment. ²Parking aid/convenience feature. Cannot completely eliminate blind spots. May not detect every object and does not warn of moving objects. Always check surroundings and turn to look behind you before moving vehicle. ³Virtual composite 360° view. ⁴VDC, which should remain on when driving except when freeing the vehicle from mud or snow, cannot prevent accidents due to abrupt steering, carelessness, or dangerous driving techniques. ⁵Brake Assist is only an aid to assist the driver and is not a collision warning or avoidance device. It is the driver's responsibility to be in control of the vehicle at all times.
