# 4RUNNER / SEQUOIA

TOYOTA

# With 4Runner, the trail doesn't end until you tell it to.

Toyota trucks are made for the kinds of conditions you'll find in Canada. We know that because they have been tested all over the world, in some of the toughest conditions imaginable. That spirit continues with the 2016 4Runner. Even on uncharted roads, the 4Runner performs with the confidence of an SUV that's driven there a hundred times over. It offers outstanding power thanks to a 270 hp V6 engine, a reinforced body-on-frame construction, and a towing capacity of up to 2,268 kg (5,000 lb.). And with three unique styles to choose from, including an SR5, Limited, and Trail Edition – there's a model suited to every type of explorer. The 2016 4Runner is created ready. Ready to impress, ready to discover what's around every corner, and ready to conquer what's found – today and tomorrow.

**4RUNNER LIMITED** Available with 5-passenger or 7-passenger seating, the Limited model features its own distinctive look with a striking chrome-plated grille insert and 20-inch aluminum alloy wheels.

**FRONT COVER**  
4Runner SR5 V6 Trail Edition shown in Barcelona Red Metallic.  
Sequoia Platinum shown in Silver Sky Metallic.

4Runner SR5 V6 Limited  
shown in Blizzard Pearl.

4Runner SR5 V6 Trail Edition  
shown in Barcelona Red Metallic.

The 4Runner has been carefully and thoughtfully designed for every unpredictable moment that lies ahead. Featuring available Full-Time 4-Wheel Drive and Electronic Locking Rear Differential, you'll feel the power and control that will allow you to take on every type of trail. Features like the Downhill Assist Control (DAC)<sup>10</sup> and Hill-Start Assist Control (HAC)<sup>10</sup> provide added traction when handling steep hills and descending slopes. And because the 4Runner focuses on enjoying every exciting moment, the sophisticated interior is loaded with advanced technology and convenient features at your fingertips. An adventure spent planning every next move isn't an adventure. That's why we've designed the 4Runner today to be fully prepared for whatever tomorrow brings.

**Rugged on the outside,  
comfortable on the inside.**

**DISPLAY AUDIO SYSTEM<sup>4</sup>** The Display Audio System<sup>4</sup> features a 6.1-inch touch-screen with Bluetooth<sup>®3</sup> wireless music streaming, and a unique "text-to-speech" feature that converts text messages from your phone into voice messages, which play through the vehicle's speaker system.

Multi-Terrain Select

Power Rear Liftgate Window

# Sequoia. Redefining the phrase 'up for anything'.

Sequoia offers the toughness of a truck in the body of a versatile and sophisticated SUV, giving you the freedom to experience whatever the next turn has in store. Sequoia features a powerful 5.7 litre i-FORCE V8 engine with independent double wishbone front and rear suspension, allowing both responsive handling and a smooth ride, whether you're tackling the unpredictable urban landscape or unforgiving rural trails. And thanks to an integrated towing hitch and Trailer Sway Control, it can haul up to 3,220 kg (7,100 lb.) with confidence. Built to last. Trusted worldwide. No wonder the Sequoia will let you travel more roads than you ever thought possible, leading to greater possibilities tomorrow.

Magnetic Grey Metallic.*

Premium Features

Rear Seat Entertainment System

Automatic Power Liftgate

Power Flat Folding 3<sup>rd</sup> Row Bench Seat

Sequoia SR5 shown in Silver Sky Metallic.

# Rough it, comfortably.

The Sequoia is designed to impress everyone it meets. Inside, you'll find incredible comfort with a sophisticated Tri-Zone Climate Control System for front and rear passengers, and a spacious premium cabin that seats up to eight travellers depending on the trim level. If you're hauling more gear than people, Sequoia's second- and third-row seats fold flat to reveal 3,400 litres (120.1 cu.ft.) of cargo space. And for added comfort

on the road, an available Blind Spot Monitor<sup>9</sup> notifies the driver when vehicles are driving to your side and rear in areas out of view. There are also Front and Rear Parking Assist Sonars that use sensors to alert you of the position of objects and their proximity to the vehicle. Putting passengers at ease is something Sequoia does best, making every journey even more enjoyable than expected.

**PREMIUM FEATURES** The Platinum model hosts an array of premium features like heated front- and second-row perforated leather cabin seats, a second-row centre console, driver's seat memory system, JBL® audio system, and a woodgrain and leather-wrapped steering wheel.

**REAR SEAT ENTERTAINMENT SYSTEM** Sequoia is available with a rear seat Blu-ray disc player with a 9-inch display for those extra-long road trips.

**AUTOMATIC POWER LIFTGATE** Closing the available power liftgate is equally convenient. You can press a button inside the cargo area, on the dash, or use the key fob and it will close automatically.

# With 4Runner and Sequoia, there's safety in numbers.

When it comes to our vehicles, we never stop improving our unquestionable safety and reliability, proven by the fact that over 85% of vehicles sold in Canada in the past 20 years are still on the road today.\* You'll discover peace of mind everywhere you look in the 4Runner and Sequoia, with an array of active and passive safety features such as 8 standard airbags<sup>1</sup> including dual-stage driver and front passenger airbags, driver and front passenger knee airbags, front seat-mounted side airbags, and roll-sensing front and rear head/side curtain airbags. 4Runner and Sequoia also come standard with the Star Safety System,<sup>TM</sup> our advanced integration of safety technologies that includes Vehicle Stability Control,<sup>6</sup> Traction Control, Anti-lock Brake System, Electronic Brake-Force Distribution, **STAR SAFETY SYSTEM**<sup>TM</sup> Brake Assist,<sup>7</sup> and Smart Stop Technology.<sup>8</sup>

## New Vehicle Warranty Summary – No deductibles – no transfer fees

### COMPREHENSIVE COVERAGE 3 years or 60,000 km.

This warranty includes 24 hour Roadside Assistance and other benefits, as well as coverage of repairs on any part of the vehicle that is defective in material or workmanship under normal use and maintenance. Different warranties apply to original tires.

### POWERTRAIN COMPONENTS 5 years or 100,000 km.

This warranty covers repairs to powertrain components that are defective in material or workmanship under normal use and maintenance.

### MAJOR EMISSION CONTROL COMPONENTS 8 years or 130,000 km.

This warranty covers repairs to specified major emission components that are defective in material or workmanship under normal use and maintenance.

### CORROSION PERFORATION 5 years/unlimited distance.

This warranty covers any sheet metal found, under normal use, to have developed a perforation from corrosion due to defects in material or workmanship.

## Disclaimers

(1) All Toyota vehicles shown in this brochure have Supplemental Restraint Systems (SRS). For important safety information about the Supplemental Restraint System in a particular vehicle, please see the Owner's Manual or contact your local Toyota Dealer. (2) Fuel efficiency estimates were determined using approved Government of Canada Test Methods. Actual fuel consumption will vary based on driving habits and other factors. (3) Do not use the hands-free phone system if it will distract you. A compatible Bluetooth®-enabled phone must first be paired. Phone performance depends upon software, coverage and carrier. (4) Driving while distracted can result in loss of vehicle control. Always drive safely, obey traffic laws and focus on the road and traffic conditions while driving. (5) Availability and accuracy of the information provided by the navigation system is dependent upon many factors. Use common sense when relying on information provided. Services and programming subject to change. Services not available in every city or roadway; updates may be available at an additional cost from your Dealer. Please see your Navigation System Owner's Manual and your Toyota Dealer for further details. (6) Vehicle Stability Control (VSC) is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe driving practices. Factors including speed, road conditions and driver steering input can all affect whether VSC will be effective in preventing a loss of control. (7) Brake Assist is designed to help the driver take full advantage of the benefits of ABS. It is not a substitute for safe driving practices. Braking effectiveness also depends on proper brake-system maintenance and tire and road conditions. (8) Smart Stop Technology operates only in the event of certain simultaneous brake and gas pedal applications. When engaged, the system will reduce engine power to help the brakes bring the vehicle to a stop. Factors including speed, road conditions, and driver input can all impact stopping distance. Smart Stop Technology is not a substitute for safe and attentive driving and does not guarantee instant stopping. (9) Do not rely exclusively on the Blind Spot Monitor System. It is not a collision-avoidance system or a substitute for safe and attentive driving. (10) DAC is designed to help the driver maintain vehicle control and speed on steep downhill descents. HAC is designed to help minimize backward rolling on steep ascents. This system is not a substitute for safe driving judgment and practices. Factors including speed, grade, surface conditions and driver input can all affect whether DAC and HAC will be effective in preventing a loss of control. (11) ®Aeroplan and the Aeroplan logo are registered trademarks of Air Canada Inc.

Details on the above features can be found in the Owner's Manual or contact your local Toyota Dealer.

**Toyota Canada Inc.** Every effort has been made to ensure the specifications and equipment shown are accurate based on information available at time of printing. In some cases, certain changes in production capacity, standard equipment, options or product delays may occur which would not be reflected in this brochure.
