NOW YOU CAN TAKE EVERYTHING EVERYWHERE.

Sienna can make the most of whatever challenges and opportunities life sends your way. Available in 7 or 8 passenger models, the easily configurable seats can be arranged and rearranged to accommodate any plans. And you'll be thankful for all of the Sienna's extra space because it boasts an impressive 4,250 litres of storage to handle everything you need to bring and more. Which gives a whole new meaning to fill 'er up.

BRING ON THE OPEN ROAD

THE DRIVE IS ALWAYS GREAT.
EVEN WHEN THE ROADS AREN'T.

You can't have a vehicle that just looks good – it actually has to be good. That's why the 2017 Sienna is engineered with a lightweight, rigid, and aerodynamically optimized body that gives you improved ride comfort and responsive handling. It also includes an all-new 296-hp Atkinson-cycle 3.5-litre V6 direct injection engine with an 8-Speed Electronically Controlled Transmission. This new powertrain delivers greater fuel efficiency and exceptional power with 263 lb.-ft. of torque. Plus, the SE raises the game with more aggressive styling plus sport-tuned suspension and sport-calibrated Electric Power Steering for a more direct steering feel.

ANY ROAD. ANY SEASON.

CANADIAN WEATHER HAS MET ITS MATCH.

Rain, snow, ice, or sun – Sienna's available All-Wheel Drive system gives you the reassurance you need to take on the worst Canadian weather. It's designed to offer the necessary amount of torque to each wheel to help you handle whatever type of road condition you may find yourself on.

BUILDING A SAFER TOMORROW

SAFETY. IT DOESN'T HAPPEN BY ACCIDENT.

Toyota is constantly looking for new ways to keep our roads safe, for you and your loved ones. Whether it's advanced integration of safety technologies in the 2017 Sienna or introducing young drivers to safe driving practices, safety is Toyota's #1 commitment. And it's that dedication that makes Toyotas so dependable. In fact, 85% of Toyotas sold in Canada in the last 20 years are still on the road today.¹³

SAFETY

STARTING TOMORROW'S DRIVERS OFF RIGHT

Through vehicles like the 2017 Sienna, with its many active and passive safety systems, Toyota is committed to making our roads as safe as they can be. But Toyota's dedication to safety doesn't stop there. That's why Toyota is a big supporter of kartSTART, a unique hands-on driver's education program that uses go-karts to introduce young drivers to the demands and dynamics of life behind the wheel. It provides young drivers with their first practical experience and gives older family members an introduction to the latest Toyota safety technologies, like the Star Safety System.™ It's just one way that we're helping tomorrow's drivers learn about safety, today.

DISCLAIMERS

(1) All Toyota vehicles shown in this brochure have Supplemental Restraint Systems (SRS). For important safety information about the Supplemental Restraint System in a particular vehicle, please see the Owner's Manual or contact your local Toyota Dealer. (2) Fuel efficiency estimates were determined using approved Government of Canada Test Methods. Actual fuel consumption will vary based on driving habits and other factors. (3) Do not use the hands-free phone system if it will distract you. A compatible Bluetooth®-enabled phone must first be paired. Phone performance depends upon software, coverage and carrier. (4) Driving while distracted can result in loss of vehicle control. Always drive safely, obey traffic laws and focus on the road and traffic conditions while driving. (5) Availability and accuracy of the information provided by the navigation system is dependent upon many factors. Use common sense when relying on information provided. Services and programming subject to change. Services not available in every city or roadway; updates may be available at an additional cost from your Dealer. Please see your Navigation System Owner's Manual and your Toyota Dealer for further details. (6) Siri Eyes Free is a trademark of Apple Inc., registered in the US and other countries. (7) A single disc DVD player is standard on vehicles equipped with the Dual-View Entertainment System. A separate DVD player or game system utilizing the centre console's video/audio inputs is required in order to use the split-screen function. (8) Vehicle Stability Control (VSC) is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe driving practices. Factors including speed, road conditions and driver steering input can all affect whether VSC will be effective in preventing a loss of control. (9) Brake Assist is designed to help the driver take full advantage of the benefits of ABS. It is not a substitute for safe driving practices. Braking effectiveness also depends on proper brake-system maintenance and tire and road conditions. (10) Smart Stop Technology operates only in the event of certain simultaneous brake and gas pedal applications. When engaged, the system will reduce engine power to help the brakes bring the vehicle to a stop. Factors including speed, road conditions, and driver input can all impact stopping distance. Smart Stop Technology is not a substitute for safe and attentive driving and does not guarantee instant stopping. (11) Do not rely exclusively on the Blind Spot Monitor System and Rear Cross-Traffic Alert System. They are not collision-avoidance systems or substitutes for safe and attentive driving. (12) Automatic High Beam system operates at speeds above 40 km/h. Situations such as a dirty windshield, variable weather, lighting conditions and hilly terrain will limit effectiveness, requiring the driver to manually turn it off. (13) Based on IHS Automotive: Polk Canadian vehicles in operation and new registrations MY 1996-2015 as of June 30, 2015. (14) ®Aeroplan and the Aeroplan logo are registered trademarks of Aimia Canada Inc.

Details on the above features can be found in the Owner's Manual or contact your local Toyota Dealer.

Toyota Canada Inc. Every effort has been made to ensure the specifications and equipment shown are accurate based on information available at time of printing. In some cases, certain changes in production capacity, standard equipment, options or product delays may occur which would not be reflected in this brochure. Toyota Canada Inc. reserves the right to make these changes without notice or obligation. The Toyota website toyota.ca – or your Toyota Dealer is your best source for up-to-date information.
