TOYOTA

THE CITY IS YOURS

FUN IS JUST AROUND THE CORNER.

The city is full of amazing, fun and even head scratching adventures that are just waiting to be discovered. What better way to experience them than with the 2017 Yaris Hatchback? It's got everything you need to take on the city and all of its hidden surprises. Head turning design? Check. Thrilling performance? Got it. Space for all your stuff? Of course. Then there's the reassuring fact that over 85% of Toyotas sold in Canada over the last 20 years are still on the road today.¹² What are you waiting for? Hop into a Yaris Hatchback and discover all that the city has to offer.

AVAILABLE FEATURES

- | | |
|---|---------------------------|
| Display Audio System* | Air Conditioning |
| Steering Wheel Bluetooth®*/
Audio Controls | Multi-Information Display |
| | Ample Interior Space |

Chances are that you're not going to be solo when exploring the city. Which is why the 2017 Yaris Hatchback offers a stylish interior with fine quality materials and flexible legroom for all your friends who are tagging along. With a wide rear hatchback door and plenty of cargo space, loading and carrying all sorts of things is easy. And after you've got everyone and everything in place, get behind the wheel to experience thrilling performance and impressive handling without having to sacrifice fuel efficiency.

AVAILABLE FEATURES

- 9.6m turning circle (CE, LE)
- 442 litres of cargo possibilities (LE, SE)
- 60/40 Split Fold-Down Rear Seats
- Dual Heated Power Adjustable Mirrors

TIME TO LIVE LARGE

AS SAFE AS IT IS FUN

Toyota
Safety
Sense

SAFETY DESIGNED AROUND YOU.

With all that the Yaris Hatchback offers, you're going to want to drive it a lot. That's why it comes standard with 9 airbags¹ and the Toyota Star Safety System™, which includes active and passive safety features designed to give you the peace of mind and reassurance you need. It's also equipped with our newly developed Toyota Safety Sense System (TSS-C)™ to help support your awareness and decision making on the road. So you can drive more and worry less knowing that the Yaris Hatchback has got your back, front and sides covered.

PRE-COLLISION SYSTEM⁹ The Pre-Collision System⁹ is designed to help recognize and anticipate unavoidable frontal collisions by automatically applying the brakes and retracting the front seatbelts to help you prepare for such a scenario.

LANE DEPARTURE ALERT¹⁰ This system detects painted lane markings on the road and alerts you if you start to drift out of your lane.

AUTO HIGH BEAMS¹¹ The Automatic High Beams¹¹ helps detect oncoming vehicles and, depending on the circumstances, automatically switches the high beams on and off, making it easier for other drivers on the road.

DISCLAIMERS

(1) All Toyota vehicles shown in this brochure have Supplemental Restraint Systems (SRS). For important safety information about the Supplemental Restraint System in a particular vehicle, please see the Owner's Manual or contact your local Toyota Dealer. (2) Fuel efficiency estimates were determined using approved Government of Canada Test Methods. Actual fuel consumption will vary based on driving habits and other factors. (3) Do not use the hands-free phone system if it will distract you. A compatible Bluetooth[®]-enabled phone must first be paired. Phone performance depends upon software, coverage and carrier. (4) Driving while distracted can result in loss of vehicle control. Always drive safely, obey traffic laws and focus on the road and traffic conditions while driving. (5) Availability and accuracy of the information provided by the navigation system is dependent upon many factors. Use common sense when relying on information provided. Services and programming subject to change. Services not available in every city or roadway; updates may be available at an additional cost from your Dealer. Please see your Navigation System Owner's Manual and your Toyota Dealer for further details. (6) Vehicle Stability Control (VSC) is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe driving practices. Factors including speed, road conditions and driver steering input can all affect whether VSC will be effective in preventing a loss of control. (7) Brake Assist is designed to help the driver take full advantage of the benefits of ABS. It is not a substitute for safe driving practices. Braking effectiveness also depends on proper brake-system maintenance and tire and road conditions. (8) Smart Stop Technology operates only in the event of certain simultaneous brake and gas pedal applications. When engaged, the system will reduce engine power to help the brakes bring the vehicle to a stop. Factors including speed, road conditions, and driver input can all impact stopping distance. Smart Stop Technology is not a substitute for safe and attentive driving and does not guarantee instant stopping. (9) The Pre-Collision System is designed to help reduce the crash speed and damage in certain frontal collisions only. It is not a collision-avoidance system or a substitute for safe and attentive driving. (10) Lane Departure Alert is not a collision-avoidance system or a substitute for safe and attentive driving. (11) Automatic High Beam system operates at speeds above 40 km/h. Situations such as a dirty windshield, variable weather, lighting conditions and hilly terrain will limit effectiveness, requiring the driver to manually turn it off. (12) Based on IHS Automotive: Polk Canadian vehicles in operation and new registrations MY 1996-2015 as of June 30, 2015. (13) [®]Aeroplan and the Aeroplan logo are registered trademarks of Aimia Canada Inc.

Details on the above features can be found in the Owner's Manual or contact your local Toyota Dealer.

NEW VEHICLE WARRANTY SUMMARY

– No deductibles – no transfer fees

COMPREHENSIVE COVERAGE

3 YEARS OR 60,000 KM.
This warranty includes 24 hour Roadside Assistance and other benefits, as well as coverage of repairs on any part of the vehicle that is defective in material or workmanship under normal use and maintenance. Different warranties apply to original tires.

POWERTRAIN COMPONENTS

5 YEARS OR 100,000 KM.
This warranty covers repairs to powertrain components that are defective in material or workmanship under normal use and maintenance.

MAJOR EMISSION CONTROL COMPONENTS

8 YEARS OR 130,000 KM.
This warranty covers repairs to specified major emission components that are defective in material or workmanship under normal use and maintenance.

CORROSION PERFORATION

5 YEARS/UNLIMITED DISTANCE.
This warranty covers any sheet metal found, under normal use, to have developed a perforation from corrosion due to defects in material or workmanship.

TEST DRIVE AND EARN AEROPLAN[®] MILES TODAY

You can earn Aeroplan^{®13} Miles when you purchase, test drive, or service your vehicle at a Toyota Dealership. Speak to your Dealer for full details.
