Augie DiFeo
70 Westchester Ave.
White Plains, NY 10601

Dear Mr. DiFeo:

Thank you for your concern for people with blood cancers. Your generous gift for the program book at the Man & Woman of the Year Event will support life-saving research toward cures and better treatments for people with blood cancers.

The Leukemia & Lymphoma Society (LLS) is the largest voluntary health organization focused on blood cancers. Unlike commercial enterprises that choose projects based on market size and profit potential, LLS funds research to meet the unmet needs of blood cancer patients. With scientific investments worldwide, LLS has the scale and scope to hasten the pace of progress. Over 60 years of funding research, we've seen survival rates for certain blood cancers double or triple – a strong return on investment.

And in our community, the Westchester/Hudson Valley Chapter provides information, support, financial aid and a wealth of resources to help patients and families throughout their cancer journey.

You are a valued partner in helping us to change how blood cancers are treated. Thank you sincerely for your generosity. If we can assist you or someone important to you, please don't hesitate to let us know at 914-949-0084.

Gratefully,

Dennis P. Chillemi
Executive Director
