ELEVATE YOUR SENSE OF ADVENTURE. THE ALL-NEW MAZDA MX-5

The all-new Mazda MX-5 RF (Retractable Fastback) appeals to both your senses and sensibilities. With its fastback styling and retractable hardtop you'll feel even more connected to the drive. And with its unique roof and retractable back window, you'll experience a totally new open-air feeling that truly exemplifies our passion for driving.

The MX-5 RF also ensures you never have to compromise performance for aesthetics. This vehicle offers the same amount of trunk space as the soft-top model and features our award winning SKYACTIV Technology.

So, whether you're looking for an exhilarating drive that brings more of the outdoors in, or a relaxed ride in the quiet comfort of your vehicle, the MX-5 delivers the adventure you're looking for with the push of a button.
