Honda Sensing™ Technologies 11	The Power of Dreams 19

Civic Sedan Touring in Cosmic Blue Metallic.

OVERVIEW

## Ready. Set. Civic.

The Civic keeps getting better. Since 1998, the Civic has been Canada's best-selling car and it's no wonder. The exterior and impressive performance of the 2021 Civic solidify its exciting evolution. The sport-inspired design is perfectly complemented by an available 1.5-litre turbocharged engine, while the striking interior is designed with both comfort and safety in mind. And with the Honda Sensing™ suite standard across the Civic lineup, you'll always drive with the utmost confidence. Wherever the road leads, the Civic will lead the way.

Civic Sedan Touring in Rallye Red.

Civic Sedan Touring in Cosmic Blue Metallic.

#### STYLING

## Make a statement without saying a word.

Turns out, looks can get you everywhere. With a unique, aggressive design and sporty, sleek lines, the Civic Sedan looks great from every angle. Up front, available 18" aluminum-alloy wheels, LED daytime running lights, available LED headlights and LED fog lights give the Civic an unmistakable presence that lets everyone know you're coming. On the inside, the available leather-wrapped steering wheel with mounted audio controls add a refined touch, while the heated front and available heated rear seats make the winter months feel like a breeze.

Those looking to take it up a notch should look no further than the available Sport trim. Aggressive styling highlights the low, wide stance, while dynamic accent lines run the length of the car. The bumper, lower grille, deck lid spoiler, and piano black upper fascia wing give the Civic Sedan a stylish edge in any setting, while the steering wheel-mounted paddle shifters, aluminum-trimmed sport pedals and sport deco inserts evoke the spirit of the track. So go ahead and be proud. Confidence looks good on you.

**Key features:** Standard Honda Sensing™ technologies, standard LED daytime running lights and available LED headlights and fog lights, available 18" aluminum-alloy wheels, available deck lid spoiler

Civic Sedan Touring in Aegean Blue Metallic.

Civic Sedan Touring in Rallye Red.

#### VERSATILITY / PERFORMANCE & EFFICIENCY

## Able and thrilling.

Whether it's a long drive, a short haul, an open road or rush hour traffic, you'll look forward to powering through it all with the Civic. The 1.5-litre turbocharged 4-cylinder engine is available on the Touring, while the 2.0-litre, 16-valve, DOHC, i-VTEC® engine is standard on the LX, EX and Sport trims. If you're the type who loves to just pop it in drive and go, the continuously variable transmission (CVT) is everything you need. But if you're feeling eager, the available steering wheel-mounted paddle shifters make driving a truly hands-on experience. Plus, thanks to the Eco Assist™ with ECON mode, the Civic is designed to help keep you on the road longer, and at gas stations less frequently.

**Key Features:** Continuously variable transmission (CVT), independent strut front and multi-link rear suspensions, variable Ratio Electric Power-Assisted Rack-and-Pinion Steering (EPS), ECON mode button

Civic Sedan Sport in Platinum White Pearl.

TECHNOLOGY

# Fast-forward thinking.

The state-of-the-art 7" Display Audio System<sup>1</sup> is technology worthy of applause. Intuitive and easy to use, the 7" touch-screen works similar to a tablet. Just swipe, pinch and tap to navigate through the audio system, display settings and advanced features. Pair the Display Audio System with Apple CarPlay™<sup>1,2</sup> or Android Auto™<sup>1,2</sup> to seamlessly connect your compatible smartphone and access some of your apps to make staying in touch with family and friends more convenient and your drive more entertaining. Speaking of convenience, the overhead control panel features the available HomeLink® remote system<sup>3</sup>, which lets you program your vehicle to operate up to three compatible remote-controlled devices in your home, from your garage door to your home security system. The Civic also keeps your phone juiced, letting you drop any compatible smartphone into the available wireless charging pad.

With the 2021 Civic, hindsight is right in front of you. When you're in reverse, the multi-angle rearview camera<sup>1</sup> with dynamic guidelines helps you see what's going on behind you. It's engineered to give you a clear line of sight from three different angles: wide, normal and top-down.

Keep more of your right side in sight with the available Honda LaneWatch™ blind spot display<sup>1</sup>, which sends a live video feed to the 7" Display Audio System screen, revealing nearly four times more visibility than the side mirror alone. When you're on the road, the available Honda Satellite-Linked Navigation System™<sup>1,4</sup> with bilingual Voice Recognition helps plan your route with ease. It's like asking someone for directions who actually knows where they're going.

**Key Features:** Available Honda LaneWatch™ blind spot display<sup>1</sup>, available wireless charging, available Honda Satellite-Linked Navigation System™<sup>1,4</sup> with bilingual Voice Recognition, Apple CarPlay™<sup>1,2</sup> / Android Auto™<sup>1,2</sup>, 7" Display Audio System<sup>1</sup>, multi-angle rearview camera<sup>1</sup> with dynamic guidelines

1. Available Honda LaneWatch™ blind spot display<sup>1</sup>
2. Apple CarPlay™<sup>1,2</sup> / Android Auto™<sup>1,2</sup>
3. 7" Display Audio System<sup>1</sup>
4. Available wireless charging
5. Available Honda Satellite-Linked Navigation System™<sup>1,4</sup> with bilingual Voice Recognition
6. Multi-angle rearview camera<sup>1</sup> with dynamic guidelines

1. None of the features we describe are intended to replace the driver's responsibility to exercise due care while driving. Drivers should not use handheld devices or operate certain vehicle features unless it is safe and legal to do so. Some features have technological limitations. For additional feature information, limitations and restrictions, please visit [www.honda.ca/disclaimers](http://www.honda.ca/disclaimers) and refer to the vehicle's Owner's Manual.  
 2. Only compatible with certain devices and operating systems. Operation may be dependent upon GPS satellite signal reception and available cellular data and/or voice connection. Associated charges (incl. data plans, roaming charges or other amounts charged by your wireless carrier) may apply.  
 3. HomeLink® can be programmed with codes of up to three remote-control devices (e.g., garage-door opener, home security system, etc.).  
 4. Map database covers major metropolitan areas in Canada and the 48 contiguous U.S. states.

## Has a sixth sense for safety.

The Honda Sensing™ technologies are designed to help make your drive safer and are standard across the Civic lineup. With intuitive technology and design, we've created a way forward that we can all feel good about. Whether you're driving or sitting in the passenger seat, feel confident in the latest in safety innovation from Honda.

### BRAKE

#### Forward Collision Warning (FCW) system

The FCW system<sup>1</sup> is designed to detect the presence of vehicles in front of you and issue audible, visual and tactile alerts if you're approaching with too much speed. If you fail to respond, CMBS<sup>®</sup> is triggered into operation.

#### Collision Mitigation Braking System™ (CMBS<sup>®</sup>)

To help reduce the likelihood or severity of a frontal impact, CMBS<sup>®1</sup> is engineered to apply light brake pressure if you don't respond to FCW system alerts. If it still senses an imminent collision, CMBS<sup>®</sup> is designed to brake forcefully.

#### Lane Departure Warning (LDW) system

The LDW system<sup>1</sup> is designed to monitor vehicle lane position and issue visual and tactile alerts if your vehicle drifts into another detected lane without signaling.

#### Lane Keeping Assist System (LKAS)

The LKAS<sup>1</sup> is engineered to gently correct your steering if you begin to leave a detected lane without signaling, applying torque progressively to the steering to help guide you back to the centre of the lane.

#### Road Departure Mitigation (RDM) system

The RDM system<sup>1</sup> is designed to help steer and even apply the brakes if it detects that your vehicle may leave the road.

#### Adaptive Cruise Control (ACC) with Low-Speed Follow

The ACC system<sup>1</sup> is designed to keep a constant speed and set following interval behind a vehicle detected in front of you, including the ability to start and stop the vehicle with the flow of traffic.

<sup>1</sup> None of the features we describe are intended to replace the driver's responsibility to exercise due care while driving. Drivers should not use handheld devices or operate certain vehicle features unless it is safe and legal to do so. Some features have technological limitations. For additional feature information, limitations and restrictions, please visit [www.honda.ca/disclaimers](http://www.honda.ca/disclaimers) and refer to the vehicle's Owner's Manual.

## Solid on safety.

At Honda, we strive to provide a high level of standard safety features to help ensure the safety of occupants, other drivers and even pedestrians. This added peace of mind helps our drivers maintain the confidence to enjoy every road to the fullest.

### PASSIVE SAFETY

#### Advanced Compatibility Engineering™ (ACE™) body structure

The highly innovative, next generation Advanced Compatibility Engineering™ (ACE™) body structure is engineered to help disperse frontal impact energy to enhance occupant protection, while more effectively controlling it in severe collisions to help prevent intrusion into the passenger cabin.

#### Six standard airbags

The cabin of the Civic contains six standard airbags. It features an i-SRS front airbag system as well as side curtain airbags with a rollover sensor designed to deploy them in the event of a rollover. Plus, it has SmartVent™ side airbags, which are designed to deploy safely in a manner that mitigates the risk of injury to out-of-position or smaller occupants.

#### Child safety

The Civic features childproof rear door locks, as well as rear seat Lower Anchors and Tethers for Children (LATCH), which give you a simple and convenient method to install compatible child safety seats without using the vehicle's seat belt system.

#### Seat belt safety

The Civic helps prepare you for the unexpected with 3-point front seat belts with automatic tensioning system and 3-point rear seat belts.

#### Pedestrian safety

Innovative pedestrian safety features include an energy-absorbing hood and front fenders and deformable wiper pivots.

#### HondaLink™ Assist Automatic Emergency Response System

The Assist Automatic Emergency Response System<sup>1,2,3</sup> helps you get the help you need when you need it most. If the airbags deploy, your Display Audio System<sup>1</sup> is engineered to automatically attempt to put you on a call with an operator who will forward your location to first responders if needed. It works with any compatible Bluetooth®-paired phone as long as it has reception, does not require a subscription and gives you added peace of mind while you're on the road.

### ACTIVE SAFETY

#### Controlled Braking

To assist with safe stopping, the 4-wheel Anti-lock Braking System<sup>1</sup> (ABS) is designed to help you maintain control under hard braking conditions, while Electronic Brake-force Distribution (EBD) helps to optimize braking power based on weight distribution inside the vehicle. In addition, Brake Assist is engineered to help improve braking performance by applying brake pressure when a panic stop is detected.

#### Hill Start Assist<sup>1</sup>

If you take your foot off the brake when stopped on an incline, this feature is engineered to temporarily maintain brake pressure to help prevent your Civic from starting to roll backwards.

#### Vehicle Stability Assist (VSA®) with Traction Control

Vehicle Stability Assist<sup>1</sup> is designed to sense and help correct oversteer and understeer scenarios to enhance handling and cornering stability, while Traction Control is designed to minimize wheel spin when accelerating on loose or slippery surfaces, helping to inspire greater driver confidence.

#### Auto high beam

To help make night driving more seamless, the auto high-beam system<sup>1</sup> automatically changes the low-beam headlights to high-beam headlights depending on the surrounding conditions.

1. None of the features we describe are intended to replace the driver's responsibility to exercise due care while driving. Drivers should not use handheld devices or operate certain vehicle features unless it is safe and legal to do so. Some features have technological limitations. For additional feature information, limitations and restrictions, please visit [www.honda.ca/disclaimers](http://www.honda.ca/disclaimers) and refer to the vehicle's Owner's Manual.

2. Only compatible with certain devices and operating systems. Operation may be dependent upon GPS satellite signal reception and available cellular data and/or voice connection. Associated charges (incl. data plans, roaming charges or other amounts charged by your wireless carrier) may apply.

3. Operation requires wireless mobile phone to be paired with the vehicle. Operation is dependent upon cellular data and/or voice connection availability and GPS satellite signal reception.

### KEY FEATURES

- 158-hp<sup>1</sup>, 2.0-litre, 16-valve, Port Injection, DOHC, i-VTEC® 4-cylinder engine
- 12-volt power outlet
- 16" steel wheels with full covers
- 180-watt AM/FM audio system with MP3/Windows Media® Audio playback capability and 8 speakers
- 4-wheel Anti-lock Braking System<sup>2</sup> (ABS)
- 60/40 split fold-down rear seatback
- 7" colour TFT centre meter display with Driver Information Interface
- Apple CarPlay™<sup>2,3</sup> / Android Auto™<sup>2,3</sup>
- Auto high beam<sup>2</sup>
- Automatic climate control with air conditioning and air-filtration system
- Bluetooth® Streaming Audio<sup>2,3</sup>
- Body-coloured door handles
- Body-coloured heated power door mirrors
- Brake Assist
- Continuously variable transmission (CVT)
- Display Audio System<sup>2</sup> with HondaLink™<sup>2,3</sup>
- Drive-by-Wire Throttle System™
- Driver's and front passenger's vanity mirrors
- Driver's seat with 6-way manual adjustment
- ECON mode button and Eco Assist™ system
- Electronic Brake-force Distribution (EBD)
- Exterior temperature indicator
- Fold-down rear seatback
- Folding door mirrors
- Front splash guards
- HandsFreeLink™-bilingual Bluetooth® wireless mobile phone interface<sup>2,3</sup>
- Heated front seats
- Heated power door mirrors, body-coloured
- Honda Sensing™ Technologies
- HondaLink™ Assist Automatic Emergency Response System<sup>2,3,4</sup>
- i-SRS airbag system (front)
- Illuminated steering wheel-mounted audio controls
- Independent multi-link rear suspension
- Independent strut front suspension
- Lower Anchors and Tethers for Children (LATCH)
- Map lights
- Multi-angle rearview camera<sup>2</sup> with dynamic guidelines
- Multi-functional centre console storage
- Next-Generation Advanced Compatibility Engineering™ (ACE™) body structure
- Power door locks
- Power windows with auto-up/down driver's and passenger's window
- Power-assisted, ventilated front disc/solid rear disc brakes
- Projector-beam halogen headlights with auto-on/off
- Rear armrest with cupholders
- Remote entry system with electronic trunk release
- Security system
- Side curtain airbags with rollover sensor system
- Siri Eyes Free compatibility<sup>2,3</sup>
- SmartVent™ side airbags
- SMS text message<sup>2,3</sup> / E-mail function<sup>2,3</sup>
- Steering wheel-mounted cruise control
- Tilt and telescopic steering column
- USB device connector<sup>3</sup> (2)
- Variable Ratio Electric Power-Assisted Rack-and-Pinion Steering (EPS)
- Vehicle Stability Assist<sup>2</sup> (VSA®) with Traction Control
- Wi-Fi tethering<sup>3</sup>

## EX

### ADDS TO OR REPLACES LX FEATURES:

- 16" aluminum-alloy wheels
- Dual-zone automatic climate control with air-filtration system
- Driver's seat with 8-way power adjustment
- Honda LaneWatch™ blind spot display<sup>2</sup>
- Illuminated driver's and front passenger's vanity mirrors
- Leather-wrapped steering wheel
- Passenger-side seatback pocket
- One-touch power moonroof with tilt feature
- Proximity key entry system with pushbutton start
- Remote engine starter
- Speed-sensing, variable intermittent windshield wipers
- Walk-away door lock

## SPORT

### ADDS TO OR REPLACES EX FEATURES:

- 18" aluminum-alloy wheels (dark)
- Aluminum-trimmed sport pedals
- Centre exhaust finisher, chrome
- Black combi seats (leatherette/fabric)
- Deck lid spoiler, black
- Fog lights, halogen
- Steering wheel-mounted paddle shifters

## TOURING

### ADDS TO OR REPLACES SPORT FEATURES:

- 174-hp<sup>1</sup>, 1.5-litre, 16-valve, Direct Injection, DOHC, turbocharged 4-cylinder engine
- 18" aluminum-alloy wheels
- 452-watt AM/FM Premium audio system with MP3/Windows Media® Audio playback capability and 10 speakers including subwoofer
- Auto-dimming rearview mirror
- Body-coloured heated power door mirrors with chrome accent
- Chrome door handles
- Deck lid spoiler
- Display Audio System<sup>2</sup> with Honda Satellite-Linked Navigation System™<sup>2,5</sup> with bilingual Voice Recognition
- Fog lights, LED
- Front passenger's seat with 4-way power adjustment
- HD Radio™<sup>6</sup>
- Heated rear seats
- HomeLink® remote system<sup>7</sup>
- Leather-trimmed seating surfaces
- LED headlights (high and low beam) with auto-on/off
- Mirror-integrated LED turn signal indicators
- Rain-sensing windshield wipers

Build & Price the 2021 Honda Civic Sedan online at [honda.ca/buildyourhonda](https://www.honda.ca/buildyourhonda)

**We're Here.** At Honda, assistance and support are always available.

The team of trained technicians at your Honda dealership will help keep your vehicle in terrific shape. If you need more information or assistance relating to your warranty, call us at 1-888-9-HONDA-9.

For all of the latest Honda information, including product specifications, pricing, photos and more, visit [honda.ca](https://www.honda.ca). It has everything you need to "design" your Honda and personalize it with items from a list of quality accessories.

**We're Ready to Help.** When you purchase a new Honda, you automatically receive Honda Plus Roadside Assistance. This service is available to you, or any authorized driver, 24 hours a day, 7 days a week, anywhere in Canada or the United States (including the lower 48 states, the District of Columbia, Alaska, Hawaii, and Puerto Rico). Coverage is for 3 years over an unlimited distance and includes a 24-hour toll-free Honda Plus Roadside Assistance number, mechanical breakdown towing, emergency roadside service and many other helpful features. Ask your dealer for more information.

**Honda Plus Extended Warranty.** Experience added protection with Honda Plus coverage that is behind you for the road ahead. With available coverage options of up to 8 years/200,000 km, you can choose the one that best suits your needs. With a plan this wide-ranging, the only thing that's uncertain is where it will take you.

**Always use seat belts and appropriate child seats. Children 12 and under are safest when properly restrained in a rear seat. Properly secure all items stored in cargo areas. Always read the vehicle owner's manual for detailed vehicle operation and feature information.**

Honda reserves the right to terminate or change any of the services and/or features listed in this brochure at any time, for any reason. Some features require registration. Certain features may transmit to Honda and/or other service providers a vehicle's location, operating conditions or other information that may be tied to the vehicle identification number (VIN) and can be combined to track a vehicle. 7. HomeLink® can be programmed with codes of up to three remote-control devices (e.g., garage-door opener, home security system, etc.).

8. Only available in certain areas. Includes a no-charge trial of three months.

# Here's to the dreamers.

## The Power of Dreams

At Honda, The Power of Dreams drives us to create intelligent products that enhance mobility and increase the joy in people's lives. It is the mindset that guides us to help move people forward and protect the future we all share.

How do we do it? We never stop dreaming. In the 70s, we were the first automaker in the industry to voluntarily adhere to emissions standards. Now, we're advancing robotics and aviation, harnessing solar power and releasing a car that emits only water.

Through it all, our goal never changes: create a safer, smarter world in which people experience the joy of mobility.

## The Honda Canada Foundation

The Honda Canada Foundation enables the realization of dreams by supporting people and organizations across the country that focus on four pillars: Family, Education, Environment and Engineering. Since 2005, more than 5.5 million Canadians have benefited from charitable programs funded by the Honda Canada Foundation.

## Blue Skies for Our Children

We believe everything we do must exist in harmony with nature. That's where "Blue Skies for Our Children" was born. It's more than a mantra – it's an environmental pledge to the Earth and our future generations. And we're practicing what we preach.

## Leading the LEED® certifications

Our sales offices also strive for environmental efficiencies. Honda's LEED® (Leadership in Energy and Environmental Design) Gold Certified Head Office campus in Markham, Ontario, includes green features such as a storm water management system, heat-reflective materials on the roof and bio swales for natural filtration. The facility uses 89 percent less litres of water per square foot and 38 percent less kilowatt hours of energy annually than the average office facility.

## Zero Waste-to-Landfill

We don't waste time. Or anything else for that matter. Our goal is to increase our recycling efforts, reduce overall waste and divert materials from landfill sites. In fact, last year we sent less than one percent of waste to landfills from our office and parts distribution facilities combined.

## One Honda. One Tree.

We're pretty obsessed with fresh air. For every lawn and garden or ATV product sold between April 1 and July 31 annually, the Honda Canada Foundation plants one tree. In the last 12 years, we've helped plant more than 160,000 trees in Canada.

## Environmental Vehicles & Technology

Blending style, efficiency and a serious amount of thrill, the Accord Hybrid makes environmental responsibility feel almost rebellious. Combining a lithium-ion battery with a 2.0-litre engine, this Hybrid lets you go more and stop less on the way. The Honda Insight exemplifies hybrid efficiency, powered by a 1.5-litre Atkinson Cycle engine, electric motor and lithium-ion battery. And the future looks brighter with Honda advancing Fuel Cell technology that emits zero emissions.

## Honda Clarity Plug-in Hybrid

Whoever said an eco-conscience came with compromise was sorely mistaken. This advanced plug-in hybrid vehicle lets you tap into electric power alongside the gas engine to create extra efficiency.
